A Dictionary for the Modern Singer Matthew Hoch, 2014-04-28 Titles in the Dictionaries for the Modern Musician series offer both the novice and the advanced artist key information designed to convey the field of study and performance for a major instrument or instrument class as well as the workings of musicians in areas from conducting to composing Each dictionary covers topics from instrument parts to technique major works to key figures a must have for any musician's personal library A Dictionary for the Modern Singer is an indispensable guide for students of singing voice pedagogues and lovers of the art of singing In addition to classical singing genres and styles musical theatre and popular and global styles are addressed With an emphasis on contemporary practice this work includes terms and figures that influenced modern singing styles Topics include voice pedagogy voice science vocal health styles genres performers diction and other relevant topics The dictionary will help students to more fully understand the concepts articulated by their teachers Matthew Hoch's book fills a gap in the singer's library as the only one volume general reference geared toward today's student of singing An extensive bibliography is invaluable for students seeking to explore a particular subject in greater depth Illustrations and charts further illuminate particular concepts while appendixes address stage fright tips on practicing repertoire selection audio technology and contemporary commercial music styles A Dictionary for the Modern Singer will appeal to students of singing at all levels For professionals it will serve as a

quick and handy reference guide useful in the high school or college library and the home teaching studio alike students and amateurs will find it accessible and full of fascinating information about the world of the singing **Voice Secrets** Matthew Hoch,Linda Lister,2016-05-31 In Voice Secrets 100 Performance Strategies for the Advanced Singer Matthew Hoch and Linda Lister create order out of the chaotic world of singing They examine all aspects of singing including nontechnical matters such as auditioning performance anxiety score preparation practice performance tips business etiquette and many other important topics for the advanced singer Voice Secrets provides singers with a quick and efficient path to significant improvement both technically and musically It is the perfect resource for advanced students of singing professional performers music educators and avid amateur musicians The Music Secrets for the Advanced Musician series is designed for instrumentalists singers conductors composers and other instructors and professionals seeking a quick set of pointers to improve their work as performers and producers of music Easy to use and intended for the advanced musician contributions to Music Secrets fill a niche for those who have moved beyond what beginners and intermediate practitioners need

Advanced Musical Performance: Investigations in Higher Education Learning Ioulia Papageorgi,Graham Welch,2016-03-23 To reach the highest standards of instrumental performance several years of sustained and focused learning are required This requires perseverance commitment and opportunities to learn and practise often in a collective musical environment This book brings together a wide range of enlightening current psychological and educational research to offer deeper insights into the mosaic of factors and related experiences that combine to nurture and sometimes hinder advanced musical performance Each of the book s four sections focus on one aspect of music performance and learning musics in higher education and beyond musical journeys and educational reflections performance learning and developing expertise and professionalism Although each chapter within its home section offers a particular focus there is an underlying conception across all the book s contents of the achievability of advanced musical performance and of the important nurturing role that higher education can play particularly if policy and practice are evidence based and draw on the latest international research findings The narrative offers an insight into the world of advanced musicians detailing their learning journeys and the processes involved in their quest for the development of expertise and professionalism It is the first book of its kind to consider performance learning in higher education across a variety of musical genres including classical jazz popular and folk musics The editors have invited an international community of leading scholars and performance practitioners to contribute to this publication which draws on meticulous research and critical practice This collection is an essential resource for all musicians educators researchers and policy makers who share our interest in promoting the development of advanced performance skills and professionalism Vocal Consistency and Artistic Freedom Susan Boddie,2021-07-14 As voice teachers we should strive to help our students uncover their individual sound and to facilitate technical consistency Further we as teachers should ultimately guide students to positive independent and emotionally

engaged performances on stage or in recordings Some teaching approaches may guide students to these experiences others may not A successful outcome of vocal study occurs when the student no longer needs their teacher they are independent and autonomous singers and musicians and are able to teach themselves or perhaps others This study views the student teacher relationship in the voice student through an existentialist lens influenced by the Sartrean principles of responsibility and freedom The study examines some commonly used teaching approaches viewing them from an historical perspective through the National schools in vocal instruction to more current approaches that may be commonly found in higher education teaching studios This study offers a perspective that hopes to foster discussion a re examination of and self reflection in the teaching practices of higher education vocal instruction The research is grounded in hermeneutic phenomenology This paradigm was a means by which to unearth and uncover the lived experience of students undergoing vocal study One that was guided by a framework of instruction influenced by the Sartrean notions of responsibility and freedom

Musical Theatre for the Female Voice Shaun Aquilina, 2022-10-11 Female musical theatre singers produce some of the most exciting and expressive singing an audience can experience They also face a unique and specific set of issues when approaching their craft from negotiating the registers of their voice to enable them to belt to vocal health challenges such as premenstrual voice syndrome This is the only book that offers a full and detailed guide to tackling those issues and to singing with full expression and technical excellence Musical Theatre for the Female Voice covers the origin of singing in musicals from the bel canto style of 300 years ago through to the latest developments in high belting in shows such as Wicked and Waitress It offers the reader exercises and methods that have been used to train hundreds of singers at some of the UK's leading musical theatre training institutions and are underpinned by the latest academic research in journals on singing psychology and health Every element of a singer's toolkit is covered from a female perspective from breath and posture to character work and vocal health This is an essential guidebook for female singers in musical theatre productions either training at university or conservatory level or forging a career as professional triple threat performers
