Selected Works Of Deng Xiaoping 1982 1992:

Selected Works of Deng Xiaoping Xiaoping Deng, 2010-08-02 This text is a translation by the Bureau of Translation of the Chinese Communist Party Central Committee

Deng Xiaoping Alexander V. Pantsov, Steven I. Levine, 2015-04-01 Deng Xiaoping joined the Chinese Communist movement as a youth and rose in its ranks to become an important lieutenant of Mao's from the 1930s onward Two years after Mao's death in 1976 Deng became the de facto leader of the Chinese Communist Party and the prime architect of China's post Mao reforms Abandoning the Maoist socio economic policies he had long fervently supported he set in motion changes that would dramatically transform China's economy society and position in the world Three decades later we are living with the results China has become the second largest economy and the workshop of the world And while it is essentially a market economy socialism with Chinese characteristics Deng and his successors ensured the continuation of CCP rule by severely repressing the democratic movement and maintaining an iron grip on power When Deng died at the age of 92 in 1997 he had set China on the path it is following to this day Alexander Pantsov and Steven Levine's new biography of Deng Xiaoping does what no other biography has done based on newly discovered documents it covers his entire life from his childhood and student years to the post Tiananmen era Thanks to unprecedented access to Russian archives containing massive files on the Chinese Communist Party the authors present a wealth of new material on Deng dating back to the 1920s In a long and extraordinary life Deng navigated one epic crisis after another Born in 1904 Deng like many Asian revolutionary leaders spent part of the 1920s in Paris where he joined the CCP in its early years He then studied in the USSR just as Stalin was establishing firm control over the Soviet communist party He played an increasingly important role in the troubled decades of the 1930s and 1940s that were marked by civil war and the Japanese invasion He was commissar of a communist dominated area in the early 1930s loyal henchman to Mao during the Long March regional military commander in the anti Japanese war and finally a key leader in the 1946-49 revolution During Mao's quarter century rule Deng oscillated between the heights and the depths of power He was purged during the Cultural Revolution only to reemerge after Mao's death to become China's paramount leader until his own death in 1997 This objective balanced and unprecedentedly rich biography changes our understanding of one of the most important figures in modern history

Deng Xiaoping Michael Dillon, 2014-10-27 One of the most important figures in global politics during the second half of the 20th century Deng Xiaoping is generally considered the central figure behind China's economic liberalization programme that produced historically unprecedented growth rates and development beginning in the late 1970s Lifting nearly a billion people out of poverty Deng Xiaoping's Four Modernisations called for reform in agriculture industry military and science and technology Today these reforms are considered to be the crucial turning point in modern Chinese history enabling China to effectively harness its previously latent power in its quest to become a global economic superpower Just ten years after this tremendous achievement Deng's brutal suppression of the democracy movement at

Tiananmen Square severely undermined his international and domestic reputation To explain the seeming contradictions between Deng Xiaoping s desire for economic liberalization and political conservatism Michael Dillon s biography utilizes recently released Chinese sources to detail Deng Xiaoping s emergence from a minority second class community in the Sichuan province via education in France to his meteoric rise to the top of the CCP s political hierarchy illustrating the ways in which his life of struggle and survival shaped his political career Dillon s biography addresses Xiaoping as both an intensely committed communist capable of playing a principal role in the Great Leap Forward from 1958 to 1961 while incurring the wrath of Mao only ten years later as he was exiled and purged during the Cultural Revolution Emphasizing Deng Xiaoping s effectiveness as a party operator and political bruiser rather than an intellectual capable of formulating the reforms for which he eventually took credit this book sheds light on Deng s ability to capitalize upon the planning expertise of other party members This biography of the central figure in China s economic liberalization is essential for any reader interested in or affected by China s rise to global prominence

Marxism and the Making of China J. Gregor, 2014-02-19

An assessment of the influence of the Marxism of Karl Marx and Friedrich Engels on revolutionary developments in China The work covers the period from the first appearance of the Chinese Communist Party under Mao Zedong until its full transformation by Deng Xiaoping into a nationalist developmental single party developmental dictatorship

China's Military Procurement in the Reform Era Yoram Evron, 2015-06-26 The decisions that shape the policy of weapons procurement are an important area of national security policy This is all the more true for China which during recent decades has vacillated between different sources and directions of military build up This book explores the politics of military procurement in China under the successive leaderships of Deng Xiaoping Jiang Zemin and Hu Jintao It shows how China s political and military leaders have sought to adjust military procurement policy to meet China s strategic objectives to relate it to non military needs to strike a balance between the import of weapons and indigenous production and to determine the connections between hardware and other components of military power Exploring in detail five major shifts in the nation s military procurement it traces the considerations and negotiations among China s civilian and military leaderships By doing so it offers both a conceptual framework and empirical grounds for evaluating the factors that shape China s military procurement directions as well as their limitations prospects and operational implications As the first book to study comprehensively and systematically the attributes shaping China s military procurement it will be of great interest to students and scholars of Chinese politics Chinese history and military and strategic studies

The Broken China Dream Minxin Pei, 2025-12-02 A provocative book that demystifies China s great democratic leap backward under Xi Jinping

revealing why the country s embrace of capitalism has given rise to hard authoritarianism mass surveillance and one man rule instead of democracy as many in the West had hoped When China embarked on its transformative journey of modernization in 1979 many believed the country s turn toward capitalism would put its totalitarian past to rest and mark the

birth of a democratic open society Instead China reverted to a neo totalitarian state one backed by one of the fastest growing most formidable economies on earth The Broken China Dream pulls back the curtain on the regime of strongman Xi Jinping revealing why the reforms of the post Mao era have been reversed on nearly every front and why the world failed to see it coming Exposing the truth behind China s economic ascendancy after the Cultural Revolution Minxin Pei shows how following Mao s death in 1976 Deng Xiaoping strategically deployed the tools of capitalism to preserve the Chinese Communist Party Deng kept intact the institutional foundations of totalitarianism even as he unleashed private entrepreneurship and courted foreign investment giving China s one party state control of a vast repressive apparatus and the most critical sectors of the economy Only a fragile balance of power among dueling factions prevented the rise of a totalitarian leader in the two decades after the Tiananmen crackdown in 1989 but this temporary equilibrium collapsed Essential to understanding today s China this meticulously researched book is a sobering account of why the country s reformers and institutions could not stop a shrewd and ruthless politician like Xi from resurrecting dormant totalitarian practices that for the foreseeable future have spelled the end of the dream of a free and prosperous China

Institutions and Investments Jun Fu, 2000-11-07 Provides an in depth look at how China s financial institutions interact with foreign investment

The Quest for Prosperity Justin Yifu Lin, 2014-10-12 Justin Yifu Lin s groundbreaking account of how developing countries can help themselves now fully updated How can developing countries grow their economies Most answers to this question center on what the rich world should or shouldn t do for the poor world In The Quest for Prosperity Justin Yifu Lin the first non Westerner to be chief economist of the World Bank focuses on what developing nations can do to help themselves Lin examines how the countries that have succeeded in developing their own economies have actually done it Interwoven with insights observations and stories from Lin s travels as chief economist of the World Bank and his reflections on China s rise this book provides a road map and hope for those countries engaged in their own quest for prosperity

Xinjiang and the Chinese State Debasish Chaudhuri, 2017-08-18 This book focuses on the nature of ethno national conflicts and impacts of ideological orientation of the Communist Party of China CPC towards the national question in the context of Han nationalism and political economic and security policies towards Xinjiang Violence in Xinjiang since the mid 1990s is projected as one of the major national security challenges for China along with issues pertaining to Tibet and Taiwan The author argues that the post Mao reformist model may have been a beneficial economic and political innovation but failed in dealing with regional conflicts and unrests arising out of the demands for independence freedom greater autonomy and assertion of democratic and civic rights The book discusses Chinese nationalism and the construction of Uyghur national identity consequences of economic modernisation in the region ethnic conflicts and coercive measures the security and social stability situation in Xinjiang intensification of violence in Xinjiang under the new leadership vision of the Chinese dream key policies and programmes post riot fallouts and social contradictions manifest in discourses surrounding

development separatist violence religious fundamentalism and international terrorism With its in depth accessible and comprehensive analyses this book will be a valuable addition to scholars and researchers of Chinese studies politics and international relations security and strategic studies sociology social anthropology and ethnic studies *A Short History of Sino-Soviet Relations, 1917-1991* Zhihua Shen, 2019-10-31 Drawing on the rich trove of recently declassified Russian and Chinese archival materials this history of Sino Soviet relations in the 20th century sheds new light on key events during this period It offers fresh insights into the role of ideology and national interests in the evolution of the complex and turbulent relationship between not just the two countries but also their respective Communist Parties The chapters on the normalization of bilateral ties provide an in depth analysis of divisions in the socialist camp that culminated in both its collapse and the disintegration of the Soviet Union The book argues that 20th century Sino Soviet relations reflected both long standing and emerging political and geopolitical challenges facing members of the Cold War socialist camp in particular tensions between the ideal of internationalism and national aspirations between commitment to the principle of sovereignty and commitment to that of equality in international relations and between inter party relations and inter state relations This makes for a valuable addition to the reading lists of all those interested in the development of the relationship between two of the world s most important countries
