One Hundred Poems from the Chinese Kenneth Rexroth,2014-06-10 The lyrical world of Chinese poetry in faithful translations by Kenneth Rexroth The lyric poetry of Tu Fu ranks with the greatest in all world literature Across the centuries Tu Fu lived in the T ang Dynasty 731 770 his poems come through to us with an immediacy that is breathtaking in Kenneth

Rexroth's English versions. They are as simple as they are profound, as delicate as they are beautiful. Thirty-five poems by Tu Fu make up the first part of this volume. The translator then moves on to the Sung Dynasty, 10th-12th centuries, to give us a number of poets of that period, much of whose work was not previously available in English: Mei Yao Chen, Su Tung Po, Lu Yu, Chu Hsi, Hsu Chao, and the poetesses Li Chiang Chao and Chu Shu Chen. There is a general introduction, biographical and explanatory notes on the poets and poems, and a bibliography of other translations of Chinese poetry. One Hundred More Poems from the Japanese, 1974

Hundred Verses from Old Japan, 2011-12-20. Discover this classic translation of one of Japan's most famous poetry anthologies. This gem of Japanese poetry has preserved its charm for over a century. Dating from the 13th century, this collection of Hyaku-nin isshu (literally, one hundred poems by one hundred poets) contains one hundred evocative and intensely human poems. The selections are written as Japanese tanka, featuring a five-line, thirty-one syllable format in a 5-7-5-7-7 pattern, and were composed between the seventh and 13th centuries before being compiled by Sadaiye Fujiwara in 1235. These short poems consist almost entirely of love poems and picture poems intended to bring some well-known scene to mind: nature, the cycle of the seasons, the impermanence of life, and the vicissitudes of love. There are obvious Buddhist and Shinto influences throughout. To make the sounds more familiar to English readers, the translator has adopted a five-line verse of 8-6-8-6-6 meter, with the second, fourth, and fifth lines rhyming. His accompanying notes put the poems into a cultural and historical context. Each poem is illustrated with an 18th-century Japanese woodcut by an anonymous illustrator. Despite the centuries that have passed since these poems were written, modern readers are certain to connect with their themes and their beauty. One Hundred Poets, One Poem Each, 2018-05-31

A new edition of the most widely known and popular collection of Japanese poetry. The best-loved and most widely read of all Japanese poetry collections, the Ogura Hyakunin Isshu contains 100 short poems on nature, the seasons, travel, and above all, love. Dating back to the seventh century, these elegant, precisely observed waka poems, the precursor of haiku, express deep emotion through visual images based on a penetrating observation of the natural world. Peter MacMillan's new translation of his prize-winning original conveys even more effectively the beauty and subtlety of this magical collection. Translated with an introduction and commentary by Peter MacMillan.

A HUNDRED VERSES FROM OLD JAPAN, Various, 2009-11. The Hyaku-nin isshu, or Single Verses by a Hundred People, were collected together in A.D. 1235. They are placed in approximate chronological order and range from about the year A.D. 670. Perhaps what strikes one most in connection with the Hyaku-nin isshu is the date when the verses were written: most of them were produced before the time of the Norman Conquest, A.D. 1066, and one cannot but be struck with the advanced state of art and culture in Japan at a time when Europe was still in a very elementary stage of civilization. The collection consists almost entirely of love poems, and what the editor calls picture poems intended to bring before the mind's eye some well-known scene in nature, and it is marvellous what effect little thumbnail sketches are compressed within thirty-one syllables. Some show the cherry blossoms which are doomed to fall, the dewdrops scattered by the wind, the

mournful cry of the wild deer on the mountains the dying crimson of the fallen maple leaves the weird sadness of the cuckoo singing in the moonlight and the loneliness of the recluse in the mountain wilds while those verses which appear to be of a more cheerful type are rather of the nature of the Japanese smile described by Lafcadio Hearn as a mask to hide the real feelings Japanese poetry differs very largely from anything we are used to in the West It has no rhyme or alliteration and little if any rhythm as we understand it The verses in this Collection are all what are called Tanka which has five lines and thirty one syllables arranged thus 5 7 5 7 7 which is an unusual metre for Western ears For this translation the editor has adopted a five lined verse of 8 6 8 6 6 metre with the second fourth and fifth lines rhyming in the hope of retaining at least some resemblance to the original form while at the same time making the sound more familiar to English readers A percentage of the net sale will be donated to charities specialising in educational scholarships YESTERDAY S BOOKS for TOMORROW S EDUCATIONS
