One Night Stand And Other Poems:

One-Night Stand and Other Poems Arnold T. Schwab, 2014-05 I'm a big fan of Arnold Schwab's poems devilishly clever and revealing to say the least As a ninety year old myself who hangs on to his sexuality I give a cheer to another ninety year old who refuses to allow himself to be neutered by society's ageist prejudices and writes about his sexuality I can't praise enough these skilful entertaining poems that invite us to peer in through his bedroom window and there's plenty going on there Edward Field I love reading Arnold Schwab's poetry and you will too Witty bracing sexy elegant self deprecating but always honest his verse covers a full range of human experience with a kind eye and understanding heart As a craftsman in the art of poetry he's stingy with words choosing only the fittest Lucky reader see for yourself Leslie B Mittleman Emeritus Professor of English CSULB If A E Housman were alive in the past three decades he would have welcomed Arnold Schwab's keenly crafted and frank observations on life as an aging gay man Literate ironic humorous and at times poignant these poems are a welcome addition to the canon of 21st century poetry Readers of any sexual orientation will find something in them to cherish and relate to Clifton Snider While most writers are past their creative momentum in their eighties Arnold Schwab's pen does not run dry Well into his nineties he continues to write poems with news that stays news contemplating among other themes loves that might have been and recording underexplored frontiers of gay experience in old age Saturated with ever present irony and humor paired with self knowledge and expert skills Schwab's use of vocabulary rhyme and meter creates a generous legacy that contributes to our knowledge of the gay human condition from youth to advanced old age The range of themes in this collection is as impressive as the span of decades and the cultural changes it addresses James Benedict PhD *One-night Stand & Other Poems* Jack Spicer, Donald Allen, 1980 Poems *A Selected Prose* Robert Duncan, 1995-04-17 *A Selected Prose* represents the most wide ranging collection to date of Robert Duncan's essays and talks and is a companion volume to the *Selected Poems* 1993 *Robert Duncan* Robert Duncan, 2019-10-22 This volume in the *Collected Writings of Robert Duncan* series gathers a far reaching selection of Robert Duncan's prose writings including most of his longer and more well known essays along with other prose that has never been widely available Ranging in original publication dates between 1940 and 1985 the forty one titles reveal a great deal about Duncan's life in poetry including his impressions of poets whose work he admires both contemporaries and precursors Evocative and eclectic this work delineates the intellectual contexts and sources of Duncan's poetics and opens a window onto the literary communities in which he participated *Narcissus Sous Rature* Jody Norton, 2000 In *Narcissus Sous Rature* Jody Norton argues that Contemporary American poetry's characteristic problematic is the subject's contestation of his discursive condition While self comprehension is a central recurrent concern in post literate poetry most poetries in English since the Enlightenment have conceived their lyric subjects in accordance with the foundational Western philosophical assumption of the rationality of being However after Freud Heisenberg Saussure Derrida and Lacan conceptions of the lyric I as representative of a more or

less permanent self conscious and self possessed personality inhabiting an ontologically dependable natural and historical world in a consistent way are no longer credible The problems of how to conceptualize the psycho linguistic structuration of the male putatively masculine subject and his relation to his cultural environment and of how to represent both the subject and his relations in a medium language that is complexly involved in the construction of both the subject and his representation and in a certain sense of the subject as representation emerge for Contemporary poets out of an historic moment particularly strongly marked by theoretical developments in extra literary fields Norton asserts that the lyric speaker in Contemporary American poetry cannot be understood unless the explicit and implicit dialogic relations between religious philosophical psychological linguistic aesthetic critical and poetic texts are made central to the interpretive project
