One Particular Patriot I A Matter Of Time:

The God Plot Gary B. Boyd, 2022-08-17 Baker Standish knows his world time his reality the culmination of his history is at a crossroads He also knows he is destined to play a pivotal role in choosing the right road His experience tells him that meddling with realities can do more harm than good but from his vantage point meddling is the only reasonable choice Traitors within Lineal Chronology are hell bent on controlling the quantum elevator and the secrets that surround it Whoever controls the elevator controls reality With no one to trust Baker must discover the identities of the traitors That single task proves daunting because the traitors are not inclined to be stopped Professor Bill Jamison set Baker on his journey From all indications the journey cannot be denied Once a path is chosen small events compound to reshape the present and the future Baker must move forward as rapidly as possible even though time is seemingly on his side The risks are real and the stakes are high Failure is not an option because a reshaped reality will eliminate those closest to him **Make Sure You're Right**

Gary B. Boyd, 2021-02-05 ABOUT THE BOOK Chief Sarah James is hooked on the horns of a dilemma She must decide whether the murder of a police officer or the murder of a prominent Devaney citizen takes precedence with only one detective at her disposal Multiple suspects and an interfering Mayor complicate matters Sarah must rely upon her motto the one made famous by Davy Crockett Make sure you re right then go ahead But being right is not always easy *Humanity's Vessel* Gary B. Boyd, 2020-10-12 Humanity One was built for one reason and maneuverability was not it The vessel was a massive biosphere that plowed its way through space guided by values established by humans long dead Captain Cesar s paradigms were rocked by the fact that the Innovators did not anticipate the possibility of an alien encounter Added to the Captain s burden was the fact that fifteen year old Maddie and her Generation 4 Group engaged in heresy that could spell failure for future generations and Humanity One s Mission Torn between the teachings of the Innovators and the radical behaviors of the Gen 4 teenagers the aging Captain struggled to find solutions to the dual dangers to humankind Either an attack by the aliens or the assault on tradition by the teens could lead to the extinction of humans and the Innovators offered no guidance to successfully resolve either danger Timekeeper Gary B. Boyd, 2022-02-14 Baker Standish would rather do anything than stand in front of a history classroom full of disinterested teenagers He chose a career outside of academia His mentor Professor Bill Jamison suggested Lineal Chronology as the ideal career choice for a US History major Baker Standish was overwhelmed by his new responsibilities A Timekeeper s duties were far reaching farther than he could have ever imagined One of the hazards of the job was something HR Manager Kara Leflar called Timekeeper confusion Between the confusion and his persistent earworm Baker wondered if his career choice was a good one Against a backdrop of his own reality Baker engages in mission after mission to set the links in the chain of events that create reality in the proper order Someone is messing with the clock and it s a constant struggle to reset it *Single Best Clue* Gary B. Boyd, 2023-02-22 Police Chief Sarah James has questions Questions about a murdered John Doe Questions about an uptick in drug usage

among Devaney's teens Questions about a major copper theft Questions about a multi fatality traffic accident Questions about the new Sheriff's agenda Questions about her future She engages her entire department in finding the single best clue that will solve each mystery except the last one She has to solve that one herself *Mirror Finish* Gary B. Boyd, 2019-05-25 The city of Devaney is under assault Police chief Keck asks Detective Sarah James to quietly investigate the circumstances surrounding an automobile accident that took the life of Mayor Clairmont New mayor Kamen tries to force Chief Keck to change police practices to be more citizen friendly An unscrupulous new drug supplier is selling fentanyl and carfentanil laced drugs which is causing the deaths of Devaney young people A crazed bar assailant with a knife has the city on edge Detective James's two person department juggles the cases and tries to stay above the conflict between the chief and the mayor Sarah's focus is to protect Devaney's citizens and the integrity of Devaney Police Department **Fateful**

Acceptance Gary B. Boyd, 2017-02-15 A serial killer by circumstance he moves across the country to escape his demons only to find new ones in each city He desperately tries to avoid repeating his crime but the deaths keep coming He is convinced the deaths are a punishment meted out by the hand of God Detective Sarah James is relentless and eventually finds the right clues to connect the various murders he has committed She follows him doggedly in her effort to see that justice is served The killers name is never spoken but it is revealed to the attentive reader in one laughable clue **Lifetime of Fear** Gary B. Boyd, 2021-08-26 Space Train Engineers are a contrary lot The most contrary of all is Adin Bartlett Joint Commander Kevin Masters personally selects Adin and his Bountiful Express crew Conductor Bella Bok and Space Miner Shendo Spook Khoper for a historic assignment to mine microbes on a distant planet in Home's solar system The microbes are needed to replenish surface life on Home a planet whose loss of atmosphere has forced humans to burrow into tunnels for survival The adventure is fitting of true Home Heroes Only Spook a Technologist with unnatural intuitive abilities has reservations about the assignment Adin's only complaint is that the desk Engineers thrive on theories that don't fit and ignore realities Bella is the balance for the combination of the aggressive and tentative natures of her crewmates as the space train encounters the unknown with minimal information The adventure opens the crew's minds to unbridled fears fears that far exceed their experiences as asteroid miners and exposes them to dangers outside of human understanding The crew's complementary abilities are the only things that can bring their assignment to a safe conclusion if their assignment can be completed at all

Better Times - Facet I Gary B. Boyd, 2014-05-05 Spavin Lawson enjoyed his quiet life as the leader of a team of theoretical physicist who worked for the U S Government's Temporal Ministry The quiet dedicated scientist was content with his life in Wilkes Barre Pennsylvania Together with his wife Clarissa he had a nice home and two teenaged daughters Sasha and Stephanie The experienced the epitome of the American dream Unfortunately three centuries of abuse had finally caught up with the planet The warned climate change that had been pooh poohed for more than one hundred years came crashing ashore With new sea levels and relentless hurricanes assaulting the coasts hordes of survivors were forced inland only to find

that droughts had decimated the breadbasket of the world Spavin knew that the United States of the 22nd Century was not survivable His idyllic lifestyle came to an abrupt end With his family Spavin embarked upon a journey to seek better times The Lawsons journey was unlike any journey in the annals of Man **American Dionysia** Steven Johnston, 2015-05-12 American Dionysia reveals that classic and contemporary resources of tragedy can counter the violence inherent in democracy
