One Hundred Favorite Folktales One Hundred Favorite Folktales:

One Hundred Favorite Folktales Stith Thompson, 1968 Large collection of European folktales each one selected to represent a particular tale type by its completeness and quality Notes on the sources of the folktales are included **One Hundred Favorite Folktales** Stith Thompson, 1974 **One Hundred Favorite Folktales** Stith Thompson, 1974-09-22 Presents the best recognized form of popular tales from the oral traditions of many European nations **Folktales of the Jews, V. 3 (Tales from Arab Lands)** Dan Ben Amos, 2011-05-01 Thanks to these generous donors for making the publication of the books in this series possible Lloyd E Cotsen The Maurice Amado Foundation National Endowment for the Humanities and the National Foundation for Jewish Culture Tales from Arab Lands presents tales from North Africa Yemen Lebanon Syria and Iraq in the latest volume of the most important collection of Jewish folktales ever published This is the third book in the multi volume series in the tradition of Louis Ginzberg's timeless classic Legends of the Jews The tales here and the others in this series have been selected from the Israel Folktale Archives IFA named in Honor of Dov Noy at The University of Haifa a treasure house of Jewish lore that has remained largely unavailable to the entire world until now Since the creation of the State of Israel the IFA has collected more than 20 000 tales from newly arrived immigrants long lost stories shared by their families from around the world The tales come from the major ethno linguistic communities of the Jewish world and are representative of a wide variety of subjects and motifs especially rich in Jewish content and context Each of the tales is accompanied by in depth commentary that explains the tale's cultural historical and literary background and its similarity to other tales in the IFA collection and extensive scholarly notes There is also an introduction that describes the culture and its folk narrative tradition a world map of the areas covered illustrations biographies of the collectors and narrators tale type and motif indexes a subject index and a comprehensive bibliography Until the establishment of the IFA we had had only limited access to the wide range of Jewish folk narratives Even in Israel the gathering place of the most wide ranging cross section of world Jewry these folktales have remained largely unknown Many of the communities no longer exist as cohesive societies in their representative lands the Holocaust migration and changes in living styles have made the continuation of these tales impossible This series is a monument to a rich but vanishing oral tradition This series is a monument to a rich but vanishing oral tradition *World Folklore for Storytellers: Tales of Wonder, Wisdom, Fools, and Heroes* Howard J Sherman, 2014-12-18 Here is a treasury of favorite and little known tales from Africa Asia Europe the Americas Australia and Oceania gracefully retold and accompanied by fascinating detailed information of their historic and cultural backgrounds The introduction provides an informative overview of folklore its purpose in world cultures and in contemporary society and popular culture Following this the main sections of the book are arranged by tale type covering wonder tales hero tales tales of kindness repaid and hope and redemption and finally tales of fools and wise people Each section begins by comparing the tales cross culturally explaining similarities and differences in the folkloric narratives Tales

from diverse cultures are then presented introduced and retold in a highly readable fashion

One Hundred Favorite Folktales. Chosen by Stith Thompson. Drawings by Franz Altschuler Stith Thompson, 1968 Scheherazade's Sisters Marilyn Jurich, 1998-08-20 Based on the author's discovery of a new folktale type the female trickster Jurich's book identifies and celebrates those female protagonists in folktales who use trickery to save themselves and others to find new directions for their lives and to declare their individual autonomies especially in societies that diminish and oppress women Through creative strategies depending on verbal facility psychological acuity and diplomatic know how these women tricksters better named trickstars uncover the absurdity hypocrisy and corruption in the larger patriarchal society Through the trickstar's efforts the system is circumvented or foiled often enlightened and usually improved This multicultural comparative study reveals universal human traits as well as gender differences between female and male tricksters and realizes the values and attitudes which shape the trickstar's character and behavior Trickstars also appear outside of the oral folktale tradition the author discusses their roles in contemporary feminist revisionist tales as well as in mythology biblical narratives Shakespearean comedy novels plays and opera How the female trickster differs from her male counterpart is for the first time in folklore studies illustrated through a comparison of their functions in the narrative scheme of the tale These functions include the diverting or amusing role the morally ambiguous or reprehensible role the role of the manipulator or strategist and the role of the transformer or culture bringer who reforms and improves the nature of her society Jurich delineates the specific types of tricksters who perform these functions suggests how trickstar tales variously affect listeners and readers and shows how particular types of trickstar characters contribute to the intent of the tale Feminist views of the protagonists are analyzed as well as contemporary revisionist tales which seek to reverse negative female images and to present independent women characters who can and do make positive contributions to society For the first time in folklore studies both female and male tricksters are defined and differentiated their functions are illustrated through analyzing narrative schemes and the term trickstar invented by the author is used to define and describe a female trickster

The World's Best One Hundred Detective Stories Eugene Thwing, 1929 Turandot's Sisters Christine Goldberg, 2019-06-03 There are a number of outstanding dissertations in folklore which warrant a wider readership and which belong in the library of any educational institution or individual with a serious interest in folklore A few of these are in fact already well known to professional folklorists who may have bothered to send for them through inter library loan or in more recent times purchased copies from University Microfilms International in Ann Arbor Michigan However it should be noted that not all dissertations are available through UMI The appearance for selected folklore dissertations and theses both old and new in the Folklore Library series will make it much easier for libraries and individuals to obtain these significant studies Among the most important hitherto unpublished folklore dissertations are such works as motif and or tale type indices historic geographic comparative in depth studies of single folktales or ballads and surveys of specialized folklore scholarship e g of a particular

country or group There are in addition valuable filed collections of folklore data to be found in dissertations First published in 1993 Routledge is an imprint of Taylor Francis an informa company **Old Tales and New Truths** James Roy King, 1992-01-01 This guidebook to the Bright Shadow World develops three closely related issues The first is the position that fairytales and folktales are of value today because they encourage the growth of capabilities important in our postmodern world Each of us like the fairytale hero sets out on his her own quests seeks his her own identity faces his her own dilemmas with few resources but wit imagination and a certain power of improvisation King develops the implications of this situation for such common fairytale problems as learning to read the world productively navigating various kinds of edges exploiting power sources developing highly personal moral commitments problem solving and data collecting The second concern of this book is with the development of a system for analyzing narrative structure The formula offered here involves an examination of interactions among actors physical settings lines of force and power sources as a narrative moves toward its denouement This system facilitates the classifying and contrasting of narratives and illuminates the structure of both narrative and lived experience Finally this book is concerned with myth making or world making processes It is shown that traditional narrative actually points to and delineates another dimension of existence here called the Bright Shadow World that operates by rules of its own and may be penetrated by individuals from our ordinary world Inferences about the Bright Shadow World drawn from traditional narrative are described and evaluated
