One Nation Under God How Corporate America Invented Christian America

Joseph Kip Kosek

One Nation Under God How Corporate America Invented Christian America:

One Nation Under God Kevin M. Kruse, 2015-04-14 The provocative and authoritative history of the origins of Christian America in the New Deal era We re often told that the United States is was and always has been a Christian nation But in *One Nation Under God* historian Kevin M Kruse reveals that the belief that America is fundamentally and formally Christian originated in the 1930s To fight the slavery of FDR s New Deal businessmen enlisted religious activists in a campaign for freedom under God that culminated in the election of their ally Dwight Eisenhower in 1952 The new president revolutionized the role of religion in American politics He inaugurated new traditions like the National Prayer Breakfast as Congress added the phrase under God to the Pledge of Allegiance and made In God We Trust the country s first official motto Church membership soon soared to an all time high of 69 percent Americans across the religious and political spectrum agreed that their country was one nation under God Provocative and authoritative *One Nation Under God* reveals how an unholy alliance of money religion and politics created a false origin story that continues to define and divide American politics to this day

Inventing a Christian America Steven K. Green, 2017-05 Steven K Green explores the historical record that supports the popular belief about the nation s religious origins seeking to explain how the ideas of America s religious founding and its status as a Christian nation became a leading narrative about the nation s collective identity *America s Rise to Greatness Under God s Covenant* Miles Huntley Hodges, 2020-04-26 This book is part of a three part series on America as a Covenant Nation This volume covers from the rise of America s industrial revolution in the late 1800s to America s taking the position in the Cold War 1950s as the leader of the Free World It is a typical social political economic and military history of America untypical however in how it connects the intellectual moral and spiritual character of America with those same social events It takes the reader through the days of Western imperialism World War One the Roaring Twenties the Great Depression World War Two the beginning of the Cold War and finally the age of Middle America s grand success the 1950s It focuses heavily on the leaders most frequently the country s presidents and how their own personal spirituality shaped their times and the way the Christian community in particular responded to both the social challenges facing it and the spiritual leadership attempting to inspire and guide it It seeks to give the Christian reader or Secular reader if he or she is willing to be challenged a highly detailed knowledge of the historical path social and spiritual that has brought us to today s world and its enormous challenges

Christian America and the Kingdom of God Richard T. Hughes, Christina Littlefield, 2025-03-11 The myth of a Christian America fuels a powerful political force sure of its moral superiority and intent on implementing a Christian nationalist agenda Richard T Hughes and Christina Littlefield draw on discussions of civil religion and forms of nationalism to explore the complex legal and cultural arguments for a Christian America The authors also provide an in depth examination of the Bible s words on the chosen nation and kingdom of God that Christian nationalists quote to support the idea of the US as a Christian nation A timely new edition of the acclaimed work *Christian*

America and the Kingdom of God spotlights how the centuries long pursuit of a Christian America has bred an aggressive white Christian nationalism that twists faith unleashes unchristian behavior and threatens the nation Oh, oh, Amerika Charles Groenhuijsen, 2015-05-20 Charles Groenhuijsen is al tientallen jaren gefascineerd door Amerika Hij werkte en woonde er een groot deel van zijn leven In Oh oh Amerika schrijft hij bevlogen en met grote kennis van zaken over zijn tweede vaderland Want wat weten we nu cht over Amerika In dit verhelderende boek laat hij zien hoe Amerika ondanks de verkiezing van de rechtse Donald Trump maatschappelijk naar links opschuift Tijdens het presidentschap van Barack Obama veranderde er veel van het wettelijk toestaan van het homohuwelijk en marihuana tot het sluiten van duizenden kerken per jaar in een traditioneel diepgelovig land De Amerikaanse economie bleef zich intussen vernieuwen Onze wereld zou er anders uitzien zonder Apple Facebook Google AirBnB en Uber Toch bleef er ook veel hetzelfde de ongelijkheid tussen blank en zwart de extreme verschillen tussen arm en rijk en het nog altijd immense en in onze ogen bizarre wapenbezit Van alle presidentskandidaten leek Donald Trump lange tijd de onwaarschijnlijkste om het roer van Obama over te nemen Toen dat toch gebeurde schudde de wereld op haar grondvesten Wat zal er van de erfenis van Obama overblijven Hoe gaat het straks met de persvrijheid De gezondheidszorg Het wapenbezit En wat merken we in de rest van de wereld van zijn aanpak

American Religion, American Politics Joseph Kip Kosek, 2017-05-30 Essential primary sources reveal the central tensions between American politics and religion throughout the nation s history Despite the centrality of separation of church and state in American government religion has played an important role in the nation s politics from colonial times through the present day This essential anthology provides a fascinating history of religion in American politics and public life through a wide range of primary documents It explores contentious debates over freedom tolerance and justice in matters ranging from slavery to the nineteenth century controversy over Mormon polygamy to the recent discussions concerning same sex marriage and terrorism Bringing together a diverse range of voices from Protestant Catholic Jewish Muslim and secular traditions and the words of historic personages from Thomas Jefferson Abraham Lincoln and Frances Willard to John F Kennedy and Martin Luther King Jr this collection is an invaluable introduction to one of the most important conversations in America s history **Our Country** Grant R. Brodrecht, 2018-06-05 On March 4 1865 the day Abraham Lincoln delivered his second inaugural address Reverend Doctor George Peck put the finishing touches on a collection of his sermons that he intended to send to the president Although the politically moderate Peck had long opposed slavery he along with many other northern evangelicals was not an abolitionist During the Civil War he had come to support emancipation but like Lincoln the conflict remained first and foremost about preserving the Union Believing their devotion to the Union was an act of faithfulness to God first and the Founding Fathers second Our Country explores how many northern white evangelical Protestants sacrificed racial justice on behalf of four million African American slaves and then ex slaves for the Union s persistence and continued flourishing as a Christian nation By examining Civil War era Protestantism in terms of the Union

author Grant Brodrecht adds to the understanding of northern motivation and the eventual failure of Reconstruction to provide a secure basis for African American's equal place in society. Complementing recent scholarship that gives primacy to the Union, Our Country contends that non-radical Protestants consistently subordinated concern for racial justice for what they perceived to be the greater good. Mainstream evangelicals did not enter Reconstruction with the primary aim of achieving racial justice. Rather, they expected to see the emergence of a speedily restored prosperous and culturally homogenous Union, a Union strengthened by God through the defeat of secession and the removal of slavery as secession's cause. Brodrecht eloquently addresses this so-called proprietary regard for Christian America considered within the context of crises surrounding the Union's existence and its nature from the Civil War to the 1880s. Including sources from major Protestant denominations, the book rests on a selection of sermons, denominational newspapers and journals, autobiographies, archival personal papers of several individuals, and the published and unpublished papers of Abraham Lincoln, Andrew Johnson, and Ulysses S. Grant. The author examines these sources as they address the period's evangelical sense of responsibility for America while keyed to issues of national and presidential politics. Northern evangelicals' love of the Union arguably contributed to its preservation and the slaves' emancipation, but in subsuming the ex-slaves to their vision for Christian America, northern evangelicals contributed to a Reconstruction that failed to ensure the ex-slaves full freedom and equality as Americans.

God's Country Samuel Goldman, 2018-03-20. God's Country tells the complete story of Christian Zionism in American political and religious thought from the Puritans to 9/11. Combining original research with insights from the work of historians of American religion, Samuel Goldman provides an accessible yet provocative introduction to Americans' attachment to the State of Israel.

The Routledge Handbook of Christianity and Culture Yaakov Ariel, Gregor Thüswaldner, Jens Zimmermann, 2024-11-15. The centrality and importance of the intersection of Christianity and culture when it comes to English-speaking countries and particularly American culture, history, and politics is beyond doubt. The Routledge Handbook of Christianity and Culture is an outstanding reference source to the key topics, problems, and debates in this exciting subject. Comprising over 35 chapters by a team of international contributors, the handbook is divided into five parts: Practicing Christianity; Christianity and the Word; Social and Political Aspects of Christianity and Culture; Christianity and Culture in a Global Context; Christianity and the Arts. Within these parts, central issues, debates, and problems are examined, including liturgy, material Christianity, education, missions, religion and science, hermeneutics, Bible translations, Christian wars, human rights, law, social action, the secular, ecumenicalism, inter-religious relations, visual arts, literature, music, theatre, and film. The Routledge Handbook of Christianity and Culture is essential reading for students and researchers of religious studies and Christian studies. The handbook will also be very useful for those in related fields such as cultural studies, area studies, visual studies, literature, and material religion.

How America Met the Jews Hasia R. Diner, 2017-12-29. Explore how American conditions and Jewish circumstances collided in the nineteenth and early twentieth

centuries In this new book award winning author Hasia R Diner explores the issues behind why European Jews overwhelmingly chose to move to the United States between the 1820s and 1920s Unlike books that tend to romanticize American freedom as the force behind this period of migration or that tend to focus on Jewish contributions to America or that concentrate on how Jewish traditions of literacy and self help made it possible for them to succeed Diner instead focuses on aspects of American life and history that made it the preferred destination for 90 percent of European Jews Features Examination of the realities of race immigration color money economic development politics and religion in America Exploration of an America agenda that sought out white immigrants to help stoke economic development and that valued religion as a force for morality

Unveiling the Magic of Words: A Report on "**One Nation Under God How Corporate America Invented Christian America**"

In a world defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance.
