Marguerite G. Kraft, 2003-08-18 While secularized cultures of the West have a great deal of difficulty dealing with the spiritual as a real non imaginary dimension of life most of the world s peoples do not Having worked and studied among peoples of several non Western societies Marguerite Kraft is convinced that coming to terms with spiritual power presents one of the greatest challenges for all those who work among non Westerners in pastoral or mission situations Understanding Spiritual Power addresses the dynamics of the felt need for spiritual power in relation to a people s assumptions values and commitments in order to provide a foundation for meaningful Christian witness in power oriented societies The Western Church Kraft argues under pressure from modern rationalism has largely lost awareness of God s power and position vis a vis the spiritual realm so important in other societies Indeed this loss of power could be one reason for the interest in Eastern and New Age philosophies on the part of Westerners disillusioned with the modern worldview Having worked among the Kamwe in Nigeria the Thai in Asia and the Navajo in North America Kraft focuses on specific ways in which people in these three societies view reality and suggests how the gospel can be articulated in forms they can understand Understanding Spiritual Power offers a theological as well as a practical perspective on spiritual power By exploring living societies providing examples and case studies and offering specific strategies this book makes a powerful case for rethinking and recasting traditional missiological methods At the same time it helps Western Christians with ears to hear question whether they might not learn as much from those with whom they work as they seek to teach [The Works of Flavius Josephus](#) Josephus Flavius, William Whiston, 2025-08-05 Reprint of the original first published in 1839 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage
