One With God Salvation As Deification And Justification Unitas:

One with God Veli-Matti Kärkkäinen, 2004 Taking note of recent developments in Luther studies and building on a historical tracing of the idea of salvation as union in Eastern Orthodox Catholic and some Free Church soteriologies One with God argues that deification and justification do not exclude each other and that the 1999 Joint Declaration between Catholics and Lutherans is a biblically historically and theologically sound basis for further talks about salvation Book jacket

Justification, Volume 1 Michael Horton, 2018-11-27 The first of a two volume project delving into the doctrine of justification Michael Horton seeks not simply to recover a clear message of its role in modern Reformed theology but also to bring a fresh discovery of the gospel in a time when contemporary debates around justification have reignited The doctrine of justification stands at the center of our systematic reflection on the meaning of salvation and grace as well as our piety mission and life together And yet within mainline Protestant and evangelical theology it s often taken for granted or left to gather dust in favor of modern concerns and self renewal Volume 1 is an exercise in historical theology exploring the doctrine of justification from the patristic era to the Reformation This book Provides a map for contemporary discussions of justification identifying and engaging principal sources Origen Chrysostom Augustine Thomas Aquinas John Duns Scotus William of Ockham Gabriel Biel and the magisterial reformers Studies the transformations of the doctrine through Aquinas Scotus and the nominalists leading up to the era of the Reformation and the Council of Trent Concludes by examining the hermeneutical and theological significance of the Reformers understanding of the law and the gospel and the resultant covenantal scheme that became formative in Reformed theology Engaging and thorough Justification will not only reenergize the reader whether Protestant or Catholic with a passion for understanding this essential and long running doctrinal conversation but also challenge anyone to engage critically with the history of the Church and the heart of the gospel

Christification Jordan Cooper, 2014-07-18 The doctrine of theosis has enjoyed a recent resurgence among varied theological traditions across the realms of historical dogmatic and exegetical theology In Christification A Lutheran Approach to Theosis Jordan Cooper evaluates this teaching from a Lutheran perspective He examines the teachings of the church fathers the New Testament and the Lutheran Confessional tradition in conversation with recent scholarship on theosis Cooper proposes that the participationist soteriology of the early fathers expressed in terms of theosis is compatible with Luther s doctrine of forensic justification The historic Lutheran tradition Scripture and the patristic sources do not limit soteriological discussions to legal terminology but instead offer a multifaceted doctrine of salvation that encapsulates both participatory and forensic motifs This is compared and contrasted with the development of the doctrine of deification in the Eastern tradition arising from the thought of Pseudo Dionysius Cooper argues that the doctrine of the earliest fathers such as Irenaeus Athanasius and Justin is primarily a Christological and economic reality defined as Christification This model of theosis is placed in contradistinction to later Neoplatonic forms of deification **The Hermeneutics of Participation** Greg

McKinzie,2025-07-15 Many theological interpreters of Scripture have claimed that church practices produce well formed readers But which practices Greg McKinzie argues that missional hermeneutics challenges the church to include participation in God s mission among the indispensable components of readerly formation After a quarter century of contemporary reflection on missional theology however the meaning of participation in God s mission remains vague In order to explain why it is a critical hermeneutical experience therefore McKinzie sets out to develop a theological account of missional participation that incorporates the concepts of the sis embodied narrativity and solidarity Then in conversation with the hermeneutical phenomenology of Paul Ricoeur the study suggests how theologically recontextualizing a model of the movement from embodied commitments to textual interpretation in terms of participation in God s mission illuminates the epistemic reconstitution of the church s theological interpretation of Scripture Understanding participation in God s mission as theological interpretation s proper locus theologicus should reorient the notion of readerly formation because the formation of missional readers is the process in which God opens the reading community s embodied eyes of faith through the works of faith seeking understanding *Toward a Better Worldliness* Terra Schwerin Rowe,2017-04-01

Five hundred years ago the Protestant Reformation inspired profound theological ecclesial economic and social transformations But what impact does the Protestant tradition have today And what might it have This volume addresses such questions focusing on the economic and ecological implications of the Protestant doctrine of grace In the late twentieth century a number of Protestant scholars countered Max Weber s famous work on Protestantism and capitalism by arguing that Calvin and Luther were prophetic critics of early capitalist practices While acknowledging the importance of this scholarship Terra Rowe argues that a more nuanced approach is necessary This narrative tends to purify Protestantism of capitalist beginnings and does not account for compelling arguments articulated by proponents of Radical Orthodoxy tying Protestantism and Protestant grace in particular to capitalism These debates now emerge with increasing urgency in the face of growing economic injustice and overwhelming evidence of an ecologically unsustainable economic system demonstrated most potently by climate change In the spirit of ecotheologies resonating with the best of the Reformation tradition this book develops a fresh reading of Luther s theology of grace and his economic ethics in conversation with current reflections on concepts of the gift and gifting practices **The Letters of Paul** Charles B. Puskas,Mark Reasoner,2013-12-19

Since Charles Puskas first published *The Letters of Paul* it has proven to be a reliable text and reference tool It is an exemplary guide to the basic issues surrounding the Pauline letters who really wrote each letter when it was written the letter s social context audience and literary characteristics and also includes discussion of the worlds of Paul the letter genre and the rhetorical arrangement of each letter Working with noted Pauline scholar Mark Reasoner on this new second edition with more than 40 percent new and revised material the authors have taken account of a host of diverse cultural historical sociorhetorical literary and contextual studies of recent years and critically reexamined several issues of authorship date

historical situation literary form and rhetorical structure They have addressed new and pressing issues filled certain lacunae and generally updated the book for a new generation of readers

Gregory of Nazianzus' Soteriological Pneumatology Oliver B. Langworthy, 2019-12-16 Oliver B Langworthy examines the interaction of soteriology and pneumatology in Gregory of Nazianzus thought He shows that this interaction Gregory s soteriological pneumatology is a coherent significant but under examined area of Gregory s thought His study engages in a chronological treatment of a wide range of Gregory s prose and poetic works This allows for the particular character of Gregory s soteriological pneumatology to emerge notably his emphasis on the experience of the Spirit The result is a more complete and nuanced picture of Gregory s theological investment in a divine and truly holy Spirit that is operative in the salvation of the believer *Waiting and Being* Joshua B. Davis, 2013-10-01 The problem of creation and grace has a long history of contention within Protestant and Catholic theology involving not only internecine conflict within the traditions but fueling as well ecumenical debates that have continued a dogmatic divide This volume traces out that conflict in modern Catholic and Protestant dogmatics and provides a historical genealogy that situates the origin of the problem within different emphases in the thought of St Augustine [Approaching the World's Religions, Volume 2](#) Robert Boyd, 2017-06-20 Evangelical theology strives to be evangelical conservative and contemporary In a world in which everyone is Christian evangelical theology provides a balanced position between fundamentalism and liberalism While theological debates within the family will occur to be evangelical is a breath of fresh air for many However we do not live in such a world We do find ourselves living in a secular global society It is secular because no religious organization dictates how we live our lives It is global for at least two reasons First our technology brings us immediately in contact with those faraway places Second and of more importance we can simply step outside our front doors and encounter our neighborhoods that reflect a global pluralism This raises the question how shall we then live The intent of *An Evangelical Theology of Religions* is to suggest a direction for evangelicals to think about the secular global society in which they live in a way that is not only conservative but also evangelical and contemporary The final essay strives to address the evangelical aspect of our tradition that places an emphasis on the Great Commission and the law of love

Images of Salvation in the New Testament Brenda B. Colijn, 2010-10-05 The New Testament does not develop a systematic doctrine of salvation writes Brenda Colijn Instead it presents us with a variety of pictures taken from different perspectives Students of the New Testament and of theology will both find their vision broadened and their understanding deepened by this rich informative study As the author seeks to understand their implications for people of faith she uncovers how New Testament images provide the building blocks of the master story of redemption
