**The Blue Guitar** John Banville, 2015-09-15 John Banville the Man Booker Prize winning author of *The Sea* and *Ancient Light* now gives us a new novel at once trenchant witty and shattering about the intricacies of artistic creation about theft and about the ways in which we learn to possess one another and to hold on to ourselves Equally self aggrandizing and self deprecating our narrator Oliver Otway Orme O O O An absurdity You could hang me over the door of a pawnshop is a painter of some renown and a petty thief who has never before been caught and steals only for pleasure Both art and the art of thievery have been part of his endless effort at possession but now he is pushing fifty feels like a hundred and things have not been going so well Having recognized the man killing crevasse that exists between what he sees and any representation he might make of it he has stopped painting And his last act of thievery the last time he felt its secret shiver of bliss has been discovered The fact that the purloined possession was the wife of the man who was perhaps his best friend has compelled him to run away from his mistress his home his wife from whatever remains of his impulse to paint and from a tragedy that has long haunted him and to sequester himself in the house where he was born Trying to uncover in himself the answer to how and why things have turned out as they have excavating memories of family of places he has called home and of the way he has apprehended the world around him one of my eyes is forever turning towards the world beyond Olly reveals the very essence of a man who in some way has always been waiting to be rescued from himself [John Banville and His Precursors](#)
