

The background of the entire cover is an abstract, textured composition of thick, expressive brushstrokes in various shades of red and blue. The strokes are layered and overlapping, creating a sense of depth and movement. The colors range from deep, dark reds and blues to lighter, more vibrant tones, giving the background a dynamic and somewhat chaotic appearance.

AMERICAN GRIDLOCK

The Sources, Character, and
Impact of Political Polarization

Edited by
JAMES A. THURBER and ANTOINE YOSHINAKA

Online Book American Gridlock Character Political Polarization

David Spence

Online Book American Gridlock Character Political Polarization:

American Gridlock James A. Thurber, Antoine Yoshinaka, 2015-11-12 American Gridlock is a comprehensive analysis of polarization encompassing national and state politics voters elites activists the media and the three branches of government

Handbook of Research on Artificial Intelligence Applications in Literary Works and Social Media

Keikhosrokiani, Pantea, Pourya Asl, Moussa, 2022-12-30 Artificial intelligence has been utilized in a diverse range of industries as more people and businesses discover its many uses and applications A current field of study that requires more attention as there is much opportunity for improvement is the use of artificial intelligence within literary works and social media analysis The Handbook of Research on Artificial Intelligence Applications in Literary Works and Social Media presents contemporary developments in the adoption of artificial intelligence in textual analysis of literary works and social media and introduces current approaches techniques and practices in data science that are implemented to scrap and analyze text data This book initiates a new multidisciplinary field that is the combination of artificial intelligence data science social science literature and social media study Covering key topics such as opinion mining sentiment analysis and machine learning this reference work is ideal for computer scientists industry professionals researchers scholars practitioners academicians instructors and students

Causes and Symptoms of Socio-Cultural Polarization Israr Qureshi, Babita Bhatt, Samrat Gupta, Amit Anand Tiwari, 2022-03-22 This book explores cultural polarization resultant decline in social cohesion in society and how information and communication technologies exacerbate the cultural polarization through phenomenon such as echo chambers of information that damage the quality of online discourse This book examines the nature of the information that is shared Further this book identifies how the quality of online discourse and polarization induced through it leads to offline harm and negative outcomes in our society This book discusses how wide ranging information exchange on digital media can lead to two scenarios namely the formation of the public sphere or the formation of echo chambers While the public sphere which promotes greater diversity is a well researched domain substantially less research has been conducted on echo chambers in relation to sociocultural activities products or services This book states that polarization induced by the formation and evolution of echo chambers in sociocultural realm such as around epidemic outbreaks vaccination healthcare education and climate change is an emerging avenue of research due to its enormous impact in the shaping of our society Therefore this book argues that understanding the characteristics of sociocultural products related controversies is critical and valuable in developing interventions to reduce unhealthy societal and organizational polarisations The development of systematic knowledge is required to understand and address such a large scale and complex societal challenge so as to facilitate a deeper understanding and offer solutions to the growing issue of polarization in sociocultural context driven primarily through echo chambers This book examines how technology enabled social media usage increases and the complex structural outcomes such as echo chambers are likely to have an increasingly important role in shaping public opinion This

book appeals to readers with interest in developing a deeper and broader understanding of issues and initiatives related to the polarization of opinions on cultural products These include readers and scholars from various disciplines along with engaged organizational leaders activists policy makers and common citizens *Staying in the Fight* Jeffrey S.

Lantis,2024-08-06 During the chaotic evacuation of the United States from Afghanistan in 2021 a group of Congress members who were also military veterans of the War on Terror leapt into action to assist vulnerable people in Afghanistan who had aided the American war effort This cohort of legislators and their staffs on Capitol Hill created hotlines and worked 24 hour shifts in an intense effort to save lives often coordinating between government agencies informal networks of veterans groups and contacts on the ground in Kabul In the process many veteran lawmakers also became vocal critics of presidential management of the crisis and said they felt a moral obligation to act In *Staying in the Fight* How War on Terror Veterans in Congress Are Shaping U S Defense Policy author Jeffrey S Lantis shines a spotlight on this cohort of legislators and their unique position in the American government By using exclusive interview data archival sources statistics process tracing and comparative case methodology Lantis illustrates ways that policy interventions and activism by veterans on both sides of the aisle have shaped America s involvement in conflicts from Afghanistan to Ukraine The first study of its kind to focus on this new generation of military veterans and their role in foreign and security policy decision making *Staying in the Fight* speaks directly to debates in civil military relations veterans studies and research on congressional foreign policy advocacy

Social Media Impacts on Conflict and Democracy Lisa Schirch,2021-04-26 Social media technology is having a dramatic impact on social and political dynamics around the world The contributors to this book document and illustrate this tectonic shift on violent conflict and democratic processes They present vivid examples and case studies from countries in Africa South and Southeast Asia Latin America as well as Northern Ireland Each author maps an array of peacebuilding solutions to social media threats including coordinated action by civil society governments and tech companies to protect human minds relationships and institutions Solutions presented include inoculating society with a new digital literacy agenda designing technology for positive social impacts and regulating technology to prohibit the worst behaviours A must read both for political scientists and policymakers trying to understand the impact of social media and media studies scholars looking for a global perspective

Climate of Contempt David Spence,2024-08-06 Why is the United States struggling to enact policies to reduce carbon emissions Conventional wisdom holds that the wealthy and powerful are to blame as the oligarchs and corporations that wield disproportionate sway over politicians prioritize their short term financial interests over the climate s long term health David B Spence argues that this top down narrative misses a more important culprit with critical consequences for the energy transition *Climate of Contempt* offers a voter centric bottom up explanation of national climate and energy politics one that pinpoints bitter partisanship as the key impediment to transitioning to a net zero carbon future Members of Congress respond to voters whose animosity toward the opposing party makes compromise politically risky The

most powerful driver of polarization in turn is the mixture of ideology and social media that constitutes today's information environment which amplifies anger spreads half truths and falsehoods and sows division distorting voters understandings of the energy transition and their fellow citizens Spence explores the effects of polarization partisanship and propaganda on energy policy and considers how to build a broader climate coalition He contends that cooperation on this crucial issue is still possible but it will require sustained person to person engagement across ideological and partisan boundaries to foster a more productive dialogue Providing a timely and incisive understanding of the politics of the energy transition *Climate of Contempt* suggests new paths forward and offers hope for a net zero future *Bases Loaded* Costas

Panagopoulos,2020-10-14 *Bases Loaded* documents the shift away from persuasion toward base mobilization in the context of US presidential elections Panagopoulos explains that this phenomenon is likely linked to several developments including advances in campaign technology and voter targeting capabilities as well as insights from behavioral social science focusing on voter mobilization The analyses show the 2000 presidential election represents a watershed cycle that punctuated this shift The book concludes that these patterns have contributed to heightened partisan polarization in the United States

Einführung in die Internationale Politik Michael Staack,2023-03-20 Das Studienbuch eröffnet den fachwissenschaftlichen Zugang zu den wichtigsten Problemfeldern der internationalen Politik Es vermittelt systematisch Grundkenntnisse über Akteure innen Konfliktfelder und zentrale Ordnungsprobleme in der neuen multipolaren Konstellation Theoretische Grundlagen der Internationalen Beziehungen werden dabei ebenso berücksichtigt wie zunehmende Gegensätze zwischen Großmächten oder transnationale Herausforderungen wie der Klimawandel Die sechste Auflage wurde vollständig aktualisiert und berücksichtigt die Krisen des zurückliegenden Jahrzehnts bis hin zu Putins Angriffskrieg gegen die Ukraine Das Studienbuch gibt Antworten auf die wachsende Komplexität der Internationalen Beziehungen Detaillierte Literaturtipps zu jedem Kapitel regen zum Weiterlesen an

Parchment Barriers Zachary Courser,Eric Helland,Kenneth Miller,2018-11-06 The United States has become ever more deeply entrenched in powerful rival partisan camps and its citizens more sharply separated along ideological lines The authors of this volume scholars of political science economics and law examine the relation between our present day polarization and the design of the nation's Constitution The provisions of our Constitution are like parchment barriers fragile bulwarks intended to preserve liberty and promote self government To be effective these barriers need to be respected and reinforced by government officials and ordinary citizens both in law and in custom This book asks whether today's partisan polarization is threatening these constitutional provisions and thus our constitutional order The nation's founders clearly concerned about political division designed the Constitution with numerous means for controlling factions restraining majority rule and preventing concentrations of power In chapters that span the major institutions of American government the authors of *Parchment Barriers* explore how partisans are pushing the limits of these constitutional restraints to achieve their policy goals and how the forces of majority faction are testing the boundaries the Constitution

draws around democratic power What for instance are the dangers of power being concentrated in the executive branch displaced to the judiciary or assumed by majority party leaders in Congress How has partisan polarization affected the nature size and power of the administrative state And why do political parties rather than working to facilitate the constitutional order as envisioned by James Madison now chafe against its limits on majority rule Parchment Barriers considers the implications of polarization for policy governance and the health of American democracy *Polarized & Divided*

Pendhama Sindhusen, 2021-05-08 It goes without saying that tension and division run deep in the present American political landscape As much as one desperately yearns for bipartisanship and solidarity in the face of immense challenges threatening the United States both domestically and globally both sides are almost disconnected from one another ingrained with resentment against those with contrasting ideologies and adamant to the idea of cooperation This state of polarization and divide is of course counterproductive and detrimental to the country as anyone can figure It has dominated the country's ambience for years and it is unfortunately likely to become more extreme in the approaching time Many are understandably exasperated and dismayed at the outlook of this and they rightly call for an end to it However no chatter encouragement for change or expression of disapproval has ever translated into meaningful action thus far Politicians pundits and influencers of all stripes have been condemning disharmony and partisan gridlock in Washington for decades yet these problems persist This begs a query as to whether we truly comprehend them and their roots Throughout this riveting account the United States political history is intensively investigated as we delve together into every aspect there is to grasp about what has led to the current polarization and divide and laid out as succinctly as possible When all the pages are turned hopefully something meaningful will be noted and play a contributive role towards the goal of healing this polarization and bridging this divide
