Online Book Ancient Secrets And Alien Gods:

Use Intuition and Prophecy to Improve Your Life-By An Adept Martin K. Ettington, Welcome to this book about intuition and prophecy My first book on the Topic was over ten years ago and is titled Prophecy A History and How to Guide That one was a general overview of the topic This book is much more focused on how intuition and prophecy skills can be used to improve your life So what are intuition and prophecy and why are they important These two things are spiritual abilities which we all have and which allow us to see outside of the present Like athletes some of us have more natural abilities than others However we can train and exercise our abilities to improve our lives Prophecy is a more advanced form of intuition and has been used throughout history Intuition is more about being immediately aware of what or who is around us while Prophecy is focused specifically on the future While intuition is more immediate it too can be very useful In fact all spiritual abilities can help or hinder our lives This is true of any physical or mental abilities I ve also included a lot of information on the history of prophecy and research into the paranormal to show that people have been aware of these subjects throughout history and in modern times they have been researched by scientists Lastly I want to say that like learning anything new there are things to watch out for but like all things we do there are risks and rewards Hoping you enjoy this material and the stories related here

The Secrets of the Gods Claudiu Gilian,2017-03-22 What would it be like to realize one day that everything you believed to be true was nothing but a lie That you lived in an illusion constantly fed by those around you That reality is often diametrically opposed to the chimera that was inoculated to you That to learn the truth you need to forget everything you know What is God Are aliens real Is the material universe just an illusion Why are we here where do we come from and where do we go after death Is Earth a prison Are humans the descendants of the gods of the past Is the Bible just a collection of plagiarized myths Was Christianity invented by Philo of Alexandria Was the Garden of Eden located on the territory of today s Romania Are Lucifer and Adam the same character Is Noah s Ark one of the Giza pyramids Is the Great Pyramid an interdimensional travel device Was the prophet Abraham a descendant of the Akkadian emperor Sargon the Great Was Moses really Pharaoh Akhenaton Is there an unseen war between the Aryan and Semitic races Did Alexander the Great discover the source of life in Dacia Did Pharaoh Tutankhamun s family practice black magic Does the Asteroid Belt come from the Mariana Trench Are the fallen angels at the top of the Masonic pyramid Is time travel possible Is the Apocalypse an event of the past Was Jesus possessed All these questions and many more can be answered by The Secrets of the Gods a secret history of the world based on the decoding of ancient myths as well as on the results of modern scientific research A unique and controversial interpretation of universal history which brings to the general public the secrets of the gods until now reserved only for the initiated

Lost Secrets of the Gods Michael Pye,Kirsten Dalley,2025-09-12 Are there 10 000 year old secret societies that still exist today Was there a race of giants that once inhabited the Americas Did ancient Egypt and ancient China have heretofore undiscovered ties Lost Secrets of the Gods delves into these ancient

mysteries and many more in articles by some of the world's most intrepid and knowledgeable researchers. The old paradigms of history are being radically transformed as we discover more evidence of little-known cultures and what they achieved. Many ancient cultures spoke and wrote of visitors that gave them knowledge and helped shape their societies. Who were they and where did they come from? We now know that many ancient cultures had advanced knowledge of science, agriculture, and astronomy, only some of which has been rediscovered in the last 100 years. Were *The Iliad* and *The Odyssey* really about an epic struggle in pre-Celtic Europe? What happened to the Persian army that completely disappeared from Egypt 2,500 years ago? Did the ancients know how to create psychic guard dogs to protect sacred sites? There is much more to history than what has officially been recorded. *Lost Secrets of the Gods* reveals startling truths and asks fascinating questions traditional historians have long ignored. **Unruly Books** Esther Brownsmith, Liv Ingeborg Lied, Marianne Bjelland

Kartzow, 2024-12-12 This volume explores the idea of the unruly book from books now known by their titles alone to books that subverted structures of power and gender. The contributors show how these books functioned as sticky objects and they examine the story of what such books signified to the people who wrote, read, discussed, yearned for, or even prohibited them. The books examined are those of the first millennium of the Common Era and the writings of Judaism, Christianity, Islam, and related traditions. In particular, the contributors examine the bounty of books within this period that are hard to pin down, whether extant, lost, or imagined books that challenge modern scholars to reconceptualize our notions of books, biblical or otherwise, religion, manuscript culture, and intellectual history. Through the critical analyses presented in this volume, the contributors negotiate the diverse stories told by unruly books and show that by listening to the stories that books tell, we learn more about the worlds that imagined and discussed them. **Real Time Travel Stories From A Psychic Engineer**

Martin K. Ettington, 2022-07-16 There are many unusual stories of persons seeing the future and some who have seen the past. Some stories seem to show that persons have actually visited the past and interacted with the people they met. I've had many paranormal experiences myself and visions of the future which I wrote about in two of my own books. I'm also an Engineer and think this gives me a pretty unique perspective about these phenomena. In this book, you will read about many different researched cases of people visiting both the past and the future. From the evidence, this seems to be a much more common occurrence than was previously thought. There is also a chapter on theories of how these phenomena might exist. That these might be a type of paranormal experience and/or involve existing time warps. The world is truly much stranger than we can even imagine. I hope you enjoy these stories and they give you lots of food for thought. *Aliens in Ancient Egypt* Xaviant Haze, 2013-10-31 The alien influences behind the rise and fall of Egypt's Golden Age. Explains how Akhenaten was the last pharaoh entrusted with the sacred and ancient alien knowledge of stargates, free energy, and antigravity technologies. Reveals how the Brotherhood of the Snake, a secret society of reptilian aliens, sought to destroy Akhenaten and suppress the sacred knowledge of the pharaohs. Explores the original purpose of the pyramids to transmit energy to expand

consciousness and how they were decommissioned after the Great Flood The sophisticated civilization of ancient Egypt arose seemingly overnight complete with advanced levels of art agriculture astronomy and physics Then with the death of Pharaoh Akhenaten much of this higher knowledge was lost or suppressed But evidence of this former Golden Age the alien visitors behind its rise and those behind its decline still exists some of it in plain sight Examining the purposefully obscured reign of Akhenaten and Nefertiti Xaviant Haze explains how they represent the last dynasty with access to the sacred knowledge of stargates free energy and antigravity technologies knowledge handed down from an advanced interstellar race in the remote past He reveals how the reptilian race known as the Shemsu Hor infiltrated the Egyptian priesthood and banking systems and formed the Brotherhood of the Snake a secret society set on destroying Akhenaten s flourishing kingdom and suppressing the sacred knowledge of the pharaohs Haze examines the evidence of aliens in ancient Egypt such as the reptilian beings depicted in the Temple of Hathor and Thutmose III s alien encounter He shows how Akhenaten and his family are always portrayed with elongated skulls and explores the connection between ancient aliens and Mars including the Martian materials used in Egyptian monuments He explains the original purpose of the pyramids to transmit uplifting energy throughout the planet to help expand consciousness and explores how they were decommissioned after the Great Flood of prehistory He reveals how the original builders of the pyramids foresaw humanity s fall from the Golden Age and strategically encoded these magnificent structures to wake humanity from the depths of the Dark Ages
