

The background is an abstract composition of concentric circles and radial lines, creating a sense of depth and movement. The colors are muted, including shades of blue, grey, and brown. A central path, composed of a dark blue and a reddish-brown band, leads from the bottom towards the center. The overall effect is reminiscent of a stylized map or a celestial chart.

**Navigating Paul** Jouette M. Bassler, 2007-01-01 Jouette Bassler one of the foremost experts on Pauline theology offers her wisdom and insight into the core of Paul's thought in this brief and accessible book. She focuses on major themes in Paul such as grace, law, faith, righteousness, Israel, resurrection, and what it means to be in Christ. Through each of these themes, she explores the wealth of Paul's various writings, lifting up the most important and basic of Paul's ideas and explaining them within the context of the ancient Greco-Roman world. [A Theological Introduction to Paul's Letters](#) Yung Suk Kim, 2011-06-10

In this study, Kim explores a new way of reading Paul's letters and understanding his theology with a focus on three aspects of Paul's gospel: the righteousness of God, faith of Christ, and the body of Christ. Kim argues that Paul's thought can be best understood by reading these genitives as the subjective or attributive genitives rather than as the objective genitives. The subjective or attributive reading places an emphasis on the subject's participation in God's participatory righteousness, Christ's faithful obedience to God, and the believer's living of Christ's body. Using this approach, Kim investigates the root of Paul's theology in a wide array of texts and contexts in the Hebrew Bible, Second Temple Judaism, the Greco-Roman world, and Paul's canonical letters. In doing so, Kim synthesizes Paul's theology and ethics seamlessly, balancing the roles of God, Christ, and believers in Paul's gospel. **How to Read Paul** Yung Suk Kim, 2021-04-13 How to Read Paul provides an incisive yet brief examination of Paul as a writer and theologian steeped in the cultural, intellectual, and religious crossroads of the ancient world. Through an analysis of Paul's undisputed letters, Yung Suk Kim explores and explains Paul's key theological concepts and situates them in their proper cultural context. By placing Paul in the Jewish, Hellenistic, and Roman worlds that informed his thinking, this book reexamines familiar themes in his letters, such as gospel, righteousness, and faith. In so doing, How to Read Paul provides teachers, students, and interested lay readers with a clear, user-friendly portrait of the apostle, informed by a critical yet appreciative integration of the new perspective on Paul, emphasizing the faithfulness of Christ as well as believers' participation in Christ. The first few chapters give an overview of Paul and his letters, while the remaining chapters deal with key theological concepts and their cultural contexts. Discussion questions at the end of each chapter help students focus their reading and reflection on central elements, features, and themes. How to Read Paul is an ideal textbook for both undergraduate and seminary classrooms and a helpful guide for professors, clergy, and lay readers. [The Divine-Human Relationship in Romans 1-8 in the Light of Interdependence Theory](#) Yoonjong Kim, 2020-11-12

Yoonjong Kim analyses the divine-human relationship in Paul's theology, focusing on Paul's portrayal of the relationship in Romans 1-8. Kim stresses that previous studies of this relationship have not paid sufficient attention to the fact that it is not static but rather exhibits progression and development towards a goal. To address the significance of the human agent's role in the relationship, Kim employs a social psychological theory, interdependence theory, offering a consistent

analytic framework for diagnosing the interactions in a dyadic relationship in terms of the dependency created by each partner's expectations of outcomes Kim explores several key stages of the divine human relationship and the direction in which the relationship develops throughout Romans 1-8 in order to highlight the significance of the human partners in the course of the development He focuses in particular on betrayal 1-18, 3-20, restoration 3-21, 26-5-1-11, the oppressive relationship with Sin 5-12, 8-11 and the investment for the future 8-12, 39 and concludes that although the foundation of the relationship rests on God's initiative the divine outworking guides the relationship so that it facilitates mutual participation of the human partners in the restoration and development of the relationship toward the ultimate goal

*Sunday Matters* Mark O'Brien, 2011-12-29 This book contains reflections on the Sunday Bible Readings for Year B in the Roman Catholic Lectionary They are intended to assist those preparing homilies or talks on the readings as well as others whose curiosity and questions have been aroused by these readings Reflections for Year A were published by ATF in 2010 Reflections for Year C in the liturgical cycle will be published by ATF in 2013

**The ABC of Sunday Matters** Mark O'Brien, 2013-10-01 This book provides reflections on the Sunday Bible readings in the Roman Catholic Lectionary for Years A, B and C of the liturgical cycle They previously appeared in separate volumes of *Sunday Matters* published by ATF Theology in the Dominican Series They have now been combined in this single volume colour coded for easier use and with a revised general introduction and introduction to the Gospel of Matthew Like the previous volumes this one is intended to assist those preparing homilies and those with a desire to understand a little more deeply the readings used in the Sunday liturgy

**Ancient Laws and Contemporary Controversies** Cheryl Anderson, 2009-11-16 The Ten Commandments condone slavery and Deuteronomy 22 deems the rape of an unmarried woman to injure her father rather than the woman herself While many Christians ignore most Old Testament laws as obsolete or irrelevant with others picking and choosing among them in support of specific political and social agendas it remains a basic tenet of Christian doctrine that the faith is contained in both the Old and the New Testament If the law is ignored an important aspect of the faith tradition is denied In *Ancient Laws and Contemporary Controversies* Cheryl B Anderson tackles this problem head on attempting to answer the question whether the laws of the Old Testament are authoritative for Christians today The issue is crucial some Christians actually believe that the New Testament abolishes the law or that the Protestant reformers Luther Calvin and Wesley rejected the law Acknowledging the deeply problematic nature of some Old Testament law especially as it applies to women the poor and homosexuals Anderson finds that contemporary controversies are the result of such groups now expressing their own realities and faith perspectives Anderson suggests that we approach biblical law in much the same way that we approach the U S Constitution While the nation's founding fathers all privileged white men did not have the poor women or people of color in mind when they referred in its preamble to We the people Subsequently the Constitution has evolved through amendment and interpretation to include those who were initially

excluded Although it is impossible to amend the biblical texts themselves the way in which they are interpreted can and should change With previous scholarship grounded in the Old Testament as well as critical legal and feminist theory Anderson is uniquely qualified to apply insights from contemporary law to the interpretive history of biblical law and to draw out their implications for issues of gender class and race ethnicity In so doing she lays the groundwork for an inclusive mode of biblical interpretation
