Modernism In European Drama Ibsen Strindberg Pirandello Beckett Essays From Modern Drama:

Modernism in European Drama Frederick J. Marker, Christopher Innes, 1998-01-01 This collection of essays originally published over the last forty years in the journal Modern Drama explores the drama of four of the most influential European proponents of modernism in the European Drama Ibsen Strindberg Pirandello and Beckett Irony and the Modern Theatre William Storm, 2011-05-05 Irony and theatre share intimate kinships not only regarding dramatic conflict dialectic or wittiness but also scenic structure and the verbal or situational ironies that typically mark theatrical speech and action Yet irony today in aesthetic literary and philosophical contexts especially is often regarded with skepticism as ungraspable or elusive to the point of confounding Countering this tendency William Storm advocates a wide angle view of this master trope exploring the ironic in major works by playwrights including Chekhov Pirandello and Brecht and in notable relation to well known representative characters in drama from Ibsen's Halvard Solness to Stoppard's Septimus Hodge and Wasserstein's Heidi Holland To the degree that irony is existential its presence in the theatre relates directly to the circumstances and the expressiveness of the characters on stage This study investigates how these key figures enact embody represent and personify the ironic in myriad situations in the modern and contemporary theatre Cosmo-Modernism and Theater in India Aparna Bhargava Dharwadker, 2025-08-05 Urban theater took shape in postindependence India as a large and complex field produced in more than sixteen major languages including Bengali Marathi Hindi Gujarati and Kannada The cosmopolitan engagement of leading playwrights with modernist and postcolonial literary movements around the world created distinctly new aesthetic and political approaches to Indian myth history and sociocultural experience which had become the most prominent subjects in modern Indian drama Yet even as critics and scholars of global modernism have increasingly turned their attention beyond North America and Europe they continue to focus on dominant world languages at the expense of multilingual cultures such as India's Despite their originality and significance modernist works written in Indian languages other than English remain neglected In Cosmo Modernism and Theater in India Aparna Bhargava Dharwadker develops a new framework for understanding non Anglophone Indian modernisms by recovering crucial theoretical concepts and using them to analyze the writing staging and reception of major plays in multiple languages She argues that the output of prominent mid to late twentieth century playwrights such as Dharamvir Bharati Mohan Rakesh Badal Sircar Vijay Tendulkar Girish Karnad and Habib Tanvir registers a decisive rupture from nineteenth century forms of colonial modernity In representing the ancient Indian past the postcolonial urban present and the rich repertoire of precolonial performance traditions these authors' works became highly inventive expressions of modernist classicism realism and traditionalism Dharwadker shows how a decommercialized performance economy and the incessant activity of translation further enhanced modernist production and she connects Indian modernisms to regional national and transnational networks Offering bold new insights into the theory and practice of modernist drama this book delivers a radical remapping of global modernisms

An International Annotated Bibliography of Strindberg Studies 1870-2005: The plays Michael Robinson, 2008

This copiously annotated bibliography documents and examines the whole range of commentary on Strindberg's works and activity in many fields besides the plays for which he is internationally best known. These include his prose fiction and poetry, his work as an historian and natural historian and his relationship to the other arts, most notably his painting. It is concerned with both lasting works of literary and dramatic criticism as well as reviews of his books and plays in the theatre and some more ephemeral material, all of this in several languages. Organised generically and by subject and individual work, the bibliography enables the reader to trace the changing impact of Strindberg and his works in various countries and during different periods. It is thus very much a study in reception as well as a bibliographical record of published material. It traces the developing image of Strindberg and his writing both during his lifetime and in subsequent years and with frequent cross-reference offers a comprehensive overview of a literary and existential project that has rarely been matched for its multifaceted diversity. The bibliography is published in three parts. Volume 1 General Studies 978 0 947623 81 4 and Volume 3 Prose Poetry Miscellaneous 978 0 947623 83 8 are also now available. Michael Robinson is Emeritus Professor of Drama and Scandinavian Studies at the University of East Anglia, Norwich.

Contains detailed analysis of plays and playwrights, connecting themes and offering original interpretations. Includes coverage of non-English works and traditions to create a global view of modern drama. Considers the influence of modernism in art, music, literature, architecture, society and politics on the formation of modern dramatic literature. Takes an interpretative and analytical approach to modern dramatic texts rather than focusing on production history.
