Revealing Eschatology:

Revealed Wisdom and Inaugurated Eschatology in Ancient Judaism and Early Christianity Grant Macaskill, 2007
This book examines four texts 1 Enoch 4QInstruction Matthew and 2 Enoch and argues that in each the revealing of wisdom to an elect group inaugurates the eschatological period This idea leads to the fusion of sapiential and apocalyptic elements

a nuanced interpretation of the works of Max Stirner a philosopher often overlooked in contemporary discourse Based on a comprehensive analysis of Stirner s perspectives the book sheds light on the phenomenon of political fanaticism and its implications for modern society Defined as an intense and irrational emotional investment in political convictions political fanaticism permeates both North American and European contexts presenting a significant area of study within political theory The aim of this work is not to advocate for any particular ideological position but rather to critically examine the phenomenon itself Central to the investigation is Stirner s distinctive idea that political fanaticism mirrors the fervor of religious zealotry transposed onto the political stage By delving into Stirner s philosophical insights the book aims to elucidate the underlying mechanisms driving political fanaticism and its relationship to broader societal shifts Contributing to the field of political theology by exploring the intersections between politics and religious belief systems the aim is to achieve a deeper understanding of the complex dynamics at play in contemporary political discourse Ultimately the goal is to provide scholars and researchers with a comprehensive framework for analyzing and contextualizing political fanaticism within the broader landscape of modern politics By engaging with Stirner s works and interrogating their relevance to contemporary challenges the book seeks to enrich scholarly discourse and foster critical reflection on this pressing issue

Then Shall That Wicked Be Revealed Henry Gagne, 2014-01-31 The book of Revelation is unlike any other book in scripture filled with symbols and apocalyptic language It has become a magnet for some and confusion for others while still others ignore it altogether There are many today who believe and hold that the book of Revelation is not about the future but rather the past fulfilled with the destruction of the Jewish Temple and city of Jerusalem in 70 A D by the Roman armies While many others hold that the book of Revelation is prophetic and was written for a future time beyond the judgment that fell on the Jewish nation in 70 A D and continues to be debated today between these two Christian camps the Preterists and Futurists It is vital that the people of God are given the truth about prophetic scripture Today it is a fact that false teachers are everywhere in the body of Christ and have all but snuffed out the light of Christ s prophetic truth We of the body of Christ cannot continue to sit on the sidelines and remain silent We must as good soldiers in Christ arise and go forth in battle to defeat our Lord s enemies wherever they may be found As soldiers of Christ we do this with the weapons at our disposal that God gave us the Sword of Christ the Sword of Truth the Holy Scriptures Many times the question has arisen What difference does it make Our response is a proper view of eschatology a study of end of the age times is important because God has revealed his truth to us and it is our responsibility to be diligent students in understanding that truth Disregarding or minimizing any part of it is poor stewardship It is never acceptable to say I could be wrong but I remain comfortable on my views and don t want to bother with other views It is a fact today that someone has to be wrong and is teaching error And it certainly is not the Holy Spirit teaching those errors of scripture in the body of Christ Therefore if one view is correct the others are wrong The failure to study this issue and others forces us to hold one position or another that is one s doctrines as

a matter of tradition rather than the Inspired Doctrine of Scripture While a lot of people go to church very few actually know the Bible and take Jesus Christ our Lord seriously Secular Christianity has been watered down especially in the area of God's Word and its meaning resulting in great division and confusion concerning many passages seen throughout scripture The New Testament authors did write about prophecy but a good percentage of their prophetic messages dealt with the immediate fate and future of national Israel Thus when they wrote prophetically they wrote primarily about Israel's last days i.e. end of Old Testament age while writing prophecy about the early Church's end of the age to come for them as we read in Hebrews So Christ was once offered to bear the sins of many and unto them that look for him shall he appear a second time without sin unto salvation Heb 9:28 The last days are different from the end times The last days refer to the last days age of Old Covenant Israel as the body of Christ was being brought in during that 40 year transition period It was to be the last days for national Israel but not for the New Covenant Church its age had just begun because of God's Grace and the Blood of Jesus Christ our Lord brought about for the salvation of mankind In our day there have come many scoffers both inside and outside of the church saying that the return of Christ is many many years away and others doubt or even deny his coming at all At present to most in the world they do not appear to be threatened by the return of Christ despite the world's present condition in its moral standing with God Despite the war in Afghanistan and Iraq as well as the Israeli Palestinian conflict despite North Korea and Iran's nuclear stance a world economy in a near total collapse many in the secular media procla

Revealing Eschatology Henry Gagne, 2007-08 This book is a result of over 18 years of research and study involving hundreds of books Bible Commentaries secular and Biblical history and other reliable sources The book *Revealing Eschatology* is a provocative and controversial reading that provides compelling proof of the scriptures which teaches that Jesus Christ will return at the end of the age The age that fulfills God's prophetic salvation plan for mankind which will then bring in the eternal state This book is a must read and written to encourage Christians to lay aside their traditions and to think and study for themselves without being influenced by various views concerning eschatology the study of end times

Salvation for the Righteous Revealed Ed Condra, 2018-12-10 Why is there such an ethical emphasis in Jesus' gospel proclamation This work finds the answer in Jesus meeting his audience within their own conceptual realms and then expanding those realms to point to the nature of his salvation The bulk of this work investigates the soteriology of Second Temple Judaism especially of the Qumran Scrolls The apocalyptic lesson was the demand of a greater covenantal obedience held in tension with God's grace a demand met through sectarian revelation and involving a somewhat diverse messianism Within these conceptions Jesus affirms that salvation is indeed for the righteous but as defined through himself as the unique Messiah This work is particularly useful regarding the Jesus Paul debate for it provides a diachronic solution grounded in the cultural historical milieu of the times *The Manifest and the Revealed* Adam Y. Wells, 2018-12-01 Offers a new phenomenological method for biblical interpretation that opens up the possibility of an absolute science of scripture What is

scripture and how does it function Is there a scientific way to understand its meaning In answer Adam Wells proposes a phenomenological approach to scripture that radicalizes both phenomenology and its relation to Christianity By reading the kenosis hymn Philippians 2:5-11 alongside the work of Edmund Husserl Wells develops a kenotic reduction that rehabilitates the Husserlian idea of absolute science while also disclosing the radical philosophical implications of Paul's new creation More broadly The Manifest and the Revealed pushes the fields of phenomenology and biblical studies forward The turn to scripture as a source for theological and philosophical reflection marks an important advance for the recent theological turn in phenomenology At the same time by bringing to light the incredible complexity of scripture phenomenology provides a way for contemporary biblical studies to exceed its own limits Wells demonstrates how phenomenology and scripture ultimately illuminate one another in profound and surprising ways

Paul Among the Apocalypses? J. P. Davies, 2016-06-16 A vibrant and growing field of discussion in contemporary New Testament studies is the question of apocalyptic thought in Paul What is often lacking in this discussion however is a close comparison of Paul's would be apocalyptic theology with the Jewish and Christian apocalyptic literature of his time and the worldview that literature expresses This book addresses that challenge Covering four key theological themes epistemology eschatology cosmology and soteriology J P Davies places Paul among the apocalypses in order to evaluate recent attempts at outlining an apocalyptic approach to his letters While affirming much of what those approaches have argued and agreeing that apocalyptic is a crucial category for an understanding of the apostle Davies also raises some important questions about the dichotomies which lie at the heart of the apocalyptic Paul movement

Grace Revealed Robert P. Vande Kappelle, 2017-05-10 At the heart of Christianity and at the center of the New Testament lies the epistle to the Romans the most groundbreaking letter ever written The author is Paul an early convert from Judaism and the greatest early figure in the development and spread of Christianity Romans contains his most cogent and compelling presentation of Christian faith and practice The author takes logic and argument poetry and imagination scripture and prayer history and experience and weaves them into a letter that has become the premier document of Christian theology The importance of Romans for Christian tradition is incalculable Each generation of believers has found inspiration relevance and transforming power in this letter To read Romans is to confront one's faith at its source In Romans Paul deals with problems as contemporary as today's headlines divisions and sectarianism in society fixation with violence discrimination prejudice and inequality social injustice the destiny of the Jewish people the role of the individual in the total sweep of history the responsibilities of citizens to their government and the morality of actions in which adults engage sexual and otherwise Grace is pervasive in Romans present in every theme As expected it is evident in Christ's life and death in God's righteousness God's faithfulness and righteous justice in justification predestination election and saving faith but grace is also present in Mosaic law and perhaps most surprisingly in God's judgment and wrath If grace can be said to underlie the Christian gospel and to embody the biblical portrayal of God's identity and activity what does the word grace

mean and what is its transformative power The answers are explored in *Grace Revealed* *Revealed Wisdom* John Ashton, 2014-06-16 A collection of twenty one essays clustered around the theme of apocalyptic revelations of hitherto undisclosed divine mysteries to human seers either directly or through the mediation of an interpreting angel Preliminary essays on the Book of Job Messianism and apocalyptic ethics are followed by five studies centred upon Jewish apocalypses composed around the turn of the era two anonymous three pseudonymous and four essays on New Testament writers two on Paul one on Mark and one on John A reflection upon an early Islamic convert from Judaism emphasizing the Abrahamic lexicon common to all three religions of the book is succeeded by essays on two medieval Christian visionaries Joachim of Fiore and Francis of Assisi After a further essay on a little known Syriac apocalyptic text the volume concludes with studies of four different aspects of the Book of Revelation itself
