Revelations Visions Prophecy And Politics In The Book Of Revelation:

Revelations Elaine Pagels, 2013-02-26 A profound exploration of the Bible's most controversial book from the author of *Beyond Belief* and *The Gnostic Gospels* The strangest book of the New Testament filled with visions of the Rapture the whore of Babylon and apocalyptic writing of the end of times the Book of Revelation has fascinated readers for more than two thousand years but where did it come from And what are the meanings of its surreal images of dragons monsters angels and cosmic war Elaine Pagels New York Times bestselling author and the preeminent voice of biblical scholarship to the American public *The Philadelphia Inquirer* elucidates the true history of this controversial book uncovering its origins and the roots of dissent violence and division in the world's religions Brilliantly weaving scholarship with a deep understanding of the human needs to which religion speaks Pagels has written what may be the masterwork of her unique career

Revelations Elaine Pagels, 2012-03-06 A startling exploration of the history of the most controversial book of the Bible by the bestselling author of *Beyond Belief* Through the bestselling books of Elaine Pagels thousands of readers have come to know and treasure the suppressed biblical texts known as the Gnostic Gospels As one of the world's foremost religion scholars she has been a pioneer in interpreting these books and illuminating their place in the early history of Christianity Her new book however tackles a text that is firmly dramatically within the New Testament canon The Book of Revelation the surreal apocalyptic vision of the end of the world or is it In this startling and timely book Pagels returns The Book of Revelation to its historical origin written as its author John of Patmos took aim at the Roman Empire after what is now known as the Jewish War in 66 CE Militant Jews in Jerusalem fired with religious fervor waged an all out war against Rome's occupation of Judea and their defeat resulted in the desecration of Jerusalem and its Great Temple Pagels persuasively interprets Revelation as a scathing attack on the decadence of Rome Soon after however a new sect known as Christians seized on John's text as a weapon against heresy and infidels of all kinds Jews even Christians who dissented from their increasingly rigid doctrines and hierarchies In a time when global religious violence surges *Revelations* explores how often those in power throughout history have sought to force God's enemies to submit or be killed It is sure to appeal to Pagels's committed readers and bring her a whole new audience who want to understand the roots of dissent violence and division in the world's religions and to appreciate the lasting appeal of this extraordinary text **Het vreemdste Bijbelboek** Elaine Pagels, 2012-06-06 Een van de meest controversiële theologen ooit schreef een diepgravende analyse van het meest onbegrijpelijke Bijbelboek Openbaring van Johannes Het boek Openbaring is 2000 jaar nadat het is geschreven een opmerkelijk en invloedrijk Bijbelboek vol met dromen en visioenen Elaine Pagels onderzoekt in welke historische en politieke context we dit boek het beste kunnen plaatsen Ze bespreekt niet alleen de ontstaansgeschiedenis maar ook de veranderde interpretaties door de eeuwen heen Pagels laat zien dat het vreemdste Bijbelboek in deze turbulente tijd troost en hoop kan bieden

Gnosis en gnostiek Bram Moerland, 2014-05-14 Helder en toegankelijk maakt Bram Moerland in *Gnosis en*

gnostiek de betekenis van oude gnostische teksten stap voor stap inzichtelijk De vondst van oude gnostische teksten uit de begintijd van het christendom bracht een schokgolf teweeg Ze waren in de vierde eeuw door de kerk verboden en hadden vernietigd moeten worden Maar monniken van een klooster bij Nag Hammadi verstoppen ze in een kruik en begroeven ze Het duurde nog tot 1945 tot ze weer gevonden werden Uit die teruggevonden teksten komen een heel andere Jezus en een heel andere visie op de mens tevoorschijn dan die we kennen uit het kerkelijke christendom Jezus is daar geen wonderen doende god maar een boodschapper die de mens oproept zichzelf te herinneren Mens sta op en herinner jezelf Kern van de gnostische zienswijze is dat in elk mens een innerlijk weten van liefde woont de gnosis Maar die gnosis kan verduisterd raken De gnostiek als spirituele traditie biedt de mens een weg naar de bevrijding van de liefde in hemzelf Met zijn heldere en toegankelijke manier van schrijven maakt Bram Moerland de betekenis van deze teksten stap voor stap duidelijk Hij plaatst ze ook in hun historische context wat hun grote belang nog extra benadrukt Hij laat ook zien waarom deze teksten voor veel hedendaagse christenen die zich niet meer thuis voelen bij oude dogma's een bevrijdend perspectief bieden **Political**

Realism in Apocalyptic Times Alison McQueen, 2018 From climate change to nuclear war to the rise of demagogic populists our world is shaped by doomsday expectations In this path breaking book Alison McQueen shows why three of history's greatest political realists feared apocalyptic politics Niccol Machiavelli in the midst of Italy's vicious power struggles Thomas Hobbes during England's bloody civil war and Hans Morgenthau at the dawn of the thermonuclear age all saw the temptation to prophesy the end of days Each engaged in subtle and surprising strategies to oppose apocalypticism from using its own rhetoric to neutralize its worst effects to insisting on a clear eyed tragic acceptance of the human condition Scholarly yet accessible this book is at once an ambitious contribution to the history of political thought and a work that speaks to our times The Apocalypse of John Francis J. Moloney, SDB, 2020-09-08 In this major paradigm shifting commentary on Revelation internationally respected author Francis Moloney brings his keen narrative and exegetical work to bear on one of the most difficult mysterious and misinterpreted texts in the biblical canon Challenging the assumed consensus among New Testament scholars Moloney reads Revelation not as an exhortation to faithfulness in a period of persecution but as a celebration of the ongoing effects of Jesus's death and resurrection Foreword by Eugenio Corsini

"The Teaching of These Words": Intertextuality, Social Identity, and Early Christianity, 2024-07-15 What does it mean for a group to speak of its identity and in contrast to speak about the other As with all groups early Christian communities underwent a process of identity formation and in this process intertextuality played a role The choice of biblical texts and imageries their reception and adaptation affected how early Christian communities perceived themselves Conversely how they perceived themselves affected which texts they were drawn to and how they read and received them The contributors to this volume examine how early Christian authors used Scripture and related texts and in turn how those texts shaped the identity of their communities **Discovering the End of Time** Donald Harman Akenson, 2016-04-11 A masterful study of

the origins of apocalyptic millennialism which lies at the heart of evangelical Christianity

Story of a Death Foretold Oscar Guardiola-Rivera, 2013-09-26 On 11 September 1973 President Salvador Allende of Chile Latin America's first democratically elected Marxist president was deposed in a violent coup d'état Early that morning the phone lines to Allende's office were cut army officers loyal to the republic were arrested and shortly afterwards bombs from four British-made Hawker Hunter jets began slamming into the presidential palace Allende refused to leave his post making broadcasts to encourage the Chilean people until the last pro-government radio station was silenced Later that morning he was found dead with an AK 47 that had been a gift from Fidel Castro by his side The coup had been planned for months even years before it actually happened In fact from the moment Allende's electoral victory in 1970 became a possibility business leaders in Chile extreme right-wing groups high-ranking officers in the Chilean military and the US administration and the CIA worked together to secure a prompt and dramatic end to his progressive social programme Why Allende seemed such a threat in the political and economic context of the time and how the coup was engineered is the story Oscar Guardiola Rivera tells drawing on a wide range of sources including phone transcripts and documents released as recently as 2008 It is a radical retelling of a moment in history that even at the height of Cold War paranoia a time when Henry Kissinger described Chile as a dagger pointed at the heart of Antarctica shocked the world and which continues to resonate today As the uprisings of the Arab Spring and the global protests at austerity measures introduced since the crash of 2008 show the world is struggling to deal with the economic and political dilemmas Allende faced at the time
