**This Strange, Old World and Other Book Reviews by Katherine Anne Porter** Katherine Anne Porter, 2008-12-01  
Between 1920 and 1958 Katherine Anne Porter published more than sixty five book review many of which are now largely inaccessible Although several such pieces have appeared in earlier collections of Porter s nonfiction writings never have so many of Porter s reviews nearly fifty been made available in a single volume Collectively the review reveal Porter s opinions on topics ranging from the nature of art and the place of the artist in politics and society to feminism and the role of female artists Particularly evident in the reviews are the critical principles that guided her own work as well as her judgments of the works of other writers In her introductory essay Darlene Harbour Unrue provides important biographical information on Porter traces her career as a reviewer and links critical assumptions in the reviews to the themes and techniques of Porter s fiction Other scholars as well have regarded Porter s critical reviews as valuable tools both for analyzing the fiction and for constructing a portrait of Porter the artist primarily because Porter produced so little fiction three collections of short stories and novellas *Flowering Judas* *The Leaning Tower* and *Pale Horse Pale Rider* and a novel *Ship of Fools* In the preface to the first collection of her nonfiction writings *The Days Before* Porter herself urged readers to look closely at her nonfiction for there they would discover the shape direction and connective tissue of a continuous central interest and preoccupation of a lifetime Most of the reviews which appeared in such publications as the *New York Herald Tribune* the *New York Times* the *Nation* and *New Masses* she apparently undertook for financial reasons but occasionally she would agree to review a friend s latest offering She published no reviews after the success of her best selling novel *Ship of Fools* Porter s scope as a reviewer was impressively broad Because she lived in Mexico City during the revolution had known Diego Rivera and had studied primitive Mexican art she was often called on to review books on Mexican art and on the revolution Porter also reviewed many books by or about women Her reviews of the *Short Novels* of Colette and Katharine Anthony s translation of Catherine the Great s memoirs are particularly noteworthy for her comments about women artists and her expression of admiration for women who flout traditional roles These collected reviews illustrate the evolution of one of the most important American writers of the twentieth century and will interest not only Porter scholars but also anyone who appreciates her fiction

**North Over South** Susan-Mary Grant, 2000 This text argues that the Civil War truly formed the American nation and that the antebellum period was the crucial phase of American national construction Grant focuses on a Northern nationalism based on an opposition to things Southern and links national construction with European nationalism **Guide to**

**Reprints, 1986** Ann S. Davis, Albert James Diaz, 1986-12 **The Saturday Review of Politics, Literature, Science and Art**, 1910 **Marx in the Field** Alessandra Mezzadri, 2021-02-15 *Marx in the Field* is a unique edited collection illustrating the relevance of the Marxian method to study contemporary capitalism and the global development process Essays in the collection bring Marx to the field in three ways They illustrate how Marxian categories can be concretely deployed for field

research in the global economy they analyse how these categories may be adapted during fieldwork and they discuss data collection methods supporting Marxian analysis Crucially many of the contributions expand the scope of Marxian analysis by combining its insights with those of other intellectual traditions including radical feminisms critical realism and postcolonial studies The book defines the possibilities and challenges of fieldwork guided by Marxian analysis including those emerging from the COVID 19 pandemic The collection takes a global approach to the study of development and of contemporary capitalism While some essays focus on themes and geographical areas of long term concern for international development like informal or rural poverty and work across South Asia Southern and West Africa or South America others focus instead on actors benefitting from the development process like regional exporters larger farmers and traders or on unequal socio economic outcomes across richer and emerging economies and regions including Gulf countries North America Southern Europe or Post Soviet Central and Eastern Europe Some essays explore global processes cutting across the world economy connecting multiple regions actors and inequalities While some of the contributions focus on classic Marxian tropes in the study of contemporary capitalism like class labour and working conditions agrarian change or global commodity chains and prices others aim at demonstrating the relevance of the Marxian method beyond its traditional boundaries for instance for exploring the interplays between food nutrition and poverty the links between social reproduction gender and homework the features of migration and refugees regimes tribal chieftaincy structures or prison labour or the dynamics structuring global surrogacy Overall through the analysis of an extremely varied set of concrete settings and cases this book illustrates the extraordinary insights we can gain by bringing Marx in the field

Defiance and Deference in Mexico's Colonial North  
Susan M. Deeds, 2010-01-01 Thomas F McGann Memorial Prize Rocky Mountain Council on Latin American Studies 2004 Southwest Book Award Border Regional Library Association 2003 In their efforts to impose colonial rule on Nueva Vizcaya from the sixteenth century to the middle of the seventeenth Spaniards established missions among the principal Indian groups of present day eastern Sinaloa northern Durango and southern Chihuahua Mexico the Xiximes Acaxeas Conchos Tepehuanes and Tarahumaras Yet when the colonial era ended two centuries later only the Tepehuanes and Tarahumaras remained as distinct peoples the other groups having disappeared or blended into the emerging mestizo culture of the northern frontier Why were these two indigenous peoples able to maintain their group identity under conditions of conquest while the others could not In this book Susan Deeds constructs authoritative ethnohistories of the Xiximes Acaxeas Conchos Tepehuanes and Tarahumaras to explain why only two of the five groups successfully resisted Spanish conquest and colonization Drawing on extensive research in colonial era archives Deeds provides a multifaceted analysis of each group's past from the time the Spaniards first attempted to settle them in missions up to the middle of the eighteenth century when secular pressures had wrought momentous changes Her masterful explanations of how ethnic identities subsistence patterns cultural beliefs and gender relations were forged and changed over time on Mexico's northern frontier offer important new

ways of understanding the struggle between resistance and adaptation in which Mexico's indigenous peoples are still engaged five centuries after the Spanish Conquest

**A Promising Problem** Carlos Kevin Blanton, 2016-03-08 Chicana o history has reached an intriguing juncture While academic and intellectual studies are embracing new highly nuanced perspectives on race class gender education identity and community the field itself continues to be viewed as a battleground subject to attacks from outside academia by those who claim that the discipline promotes racial hatred and anti Americanism Against a backdrop of deportations and voter suppression targeting Latinos A Promising Problem presents the optimistic voices of scholars who call for sophisticated solutions while embracing transnationalism and the reality of multiple overlapping identities Showcasing a variety of new directions this anthology spans topics such as growth and reassessment in Chicana o history manifested in a disruption of nationalism and geographic essentialism the impact of legal history interracial relations and the experiences of Latino subpopulations in the US South race and the politics of religious history transborder feminism in the early twentieth century and aspirations for a field that increasingly demonstrates the relational dynamics of cultural production As they reflect on the state of their field the contributors offer significant insights into sociology psychology anthropology political science education and literature while tracing the history of activism throughout the last century and debating the very concepts of Chicano and Chicano history Although the political landscape is fraught with closed off rhetoric A Promising Problem encourages diversity of thought and opens the possibilities of historical imagination
