Revision Autoethnographic Reflections On Life And Work Writing Lives:

Revision Carolyn Ellis, 2016-07-01 Carolyn Ellis is the leading writer in the move toward personal autobiographical writing as a strategy for academic research. In addition to her landmark books *Final Negotiations* and *The Ethnographic I* she has authored numerous stories that demonstrate the emotional power and academic value of autoethnography. This volume collects a dozen of Ellis's stories about the loss of her husband, brother, and mother, of growing up in small town Virginia, about the work of the ethnographer, about emotionally charged life issues such as abortion, caregiving, and love. Atop these captivating stories she adds the component of meta autoethnography, a layering of new interpretations, reflections, and vignettes to her older work. An important new work for qualitative researchers and a student friendly text for courses.

Handbook of Autoethnography Tony E. Adams, Stacy Holman Jones, Carolyn Ellis, 2021-07-21 Awards 2023 H L Bud Goodall Jr and Nick Trujillo It's a Way of Life Award in Narrative Ethnography from the International Congress of Qualitative Inquiry. *Meditations on the Story I Cannot Write: Reflexivity, Autoethnography, and the Possibilities of Maybe* received the 2023 National Communication Association's Ethnography Division Best Book Chapter Award. The second edition of the award-winning *Handbook of Autoethnography* is a thematically organized volume that contextualizes contemporary practices of autoethnography and examines how the field has developed since the publication of the first edition in 2013. Throughout, contributors identify key autoethnographic themes and commitments and offer examples of diverse, thoughtful, effective, applied, and innovative autoethnography. The second edition is organized into five sections. In Section 1, *Doing Autoethnography*, contributors explore definitions of autoethnography, identify and demonstrate key features of autoethnography, and engage philosophical, relational, cultural, and ethical foundations of autoethnographic practice. In Section 2, *Representing Autoethnography*, contributors discuss forms and techniques for the process and craft of creating autoethnographic projects using various media in autoethnography and marking and making visible particular identities, knowledges, and voices. In Section 3, *Teaching, Evaluating, and Publishing Autoethnography*, contributors focus on supporting and supervising autoethnographic projects. They also offer perspectives on publishing and evaluating autoethnography. In Section 4, *Challenges and Futures of Autoethnography*, contributors consider contemporary challenges for autoethnography, including understanding autoethnography as a feminist, posthumanist, and decolonialist practice, as well as a method for studying texts, translations, and traumas. The volume concludes with Section 5, *Autoethnographic Exemplars*, a collection of sixteen classic and contemporary texts that can serve as models of autoethnographic scholarship. With contributions from more than 50 authors representing more than a dozen disciplines and writing from various locations around the world, the handbook develops, refines, and expands autoethnographic inquiry and qualitative research. This text will be a primary resource for novice and advanced researchers alike in a wide range of social science disciplines. **Advances in Autoethnography and Narrative Inquiry** Tony E. Adams, Robin M. Boylorn, Lisa M. Tillmann, 2021-04-28 *Advances in*
