Tractatus de jurisdictione per et inter judicem ecclesiasticum et secularem exercenda. vol. 1 Orazio Marta,1609 **Jan Hus** Jan Blahoslav Lášek,Angelo Shaun Franklin,2022-05-05 The Bohemian reformer Jan Hus made a substantial and critical contribution to the development of the medieval church owing especially to his views and teachings on Scripture the church faith conscience and spirituality This book offers a presentation of Hus s theological commitment centered on his understanding of truth L ek and Franklin explore Hus s preaching ministry and his long drawn out legal struggle against charges of heresy as ethical outworkings of this approach to truth Central to this exploration is a new annotated translation of Hus s Appeal to Jesus Christ as the Supreme Judge against the pope and canon law This document was not only a protest against papal power but expressed a fundamentally new legal situation in bypassing canon law it essentially represented a personal claim to freedom of conscience This unheard of principle from within the medieval legal framework preceded other related ecclesiastical and legal developments by several centuries The authors argue that Hus s appeal thus represents a momentous event in church history and European history as a whole Due to the historical significance of his martyrdom and commemoration by many churches throughout Europe this book demonstrates that Hus remains an important figure not only for the study of European history but also for understanding contemporary values of Western civilization Libri caeremoniarum Curiae Romanae vetustiores, item Diaria magistrorum caeremoniarum, vol. 1: Vetusti aliquot rituales libri vulgo ordines Romani de officio missae vel caeremoniales appellati.
