They're the new Business Class: an army of self-employed entrepreneurs, millions strong, living out their passions and changing the world by creating jobs and prosperity. This book brings together 20 entrepreneurs, each sharing their powerful and inspiring stories of how they found success through self-empowerment. Each one started with an idea and most had no experience and no money. Yet their stories are of lives of freedom, passion, and fulfillment. *Freedom to Soar* Tolani Brendan Mosweu, 2006. What do you want most? Is it financial freedom, lasting relationships, healthy lifestyle, and happiness? Well, probably you have wondered what is it that makes other people achieve whatever they want in life while others stay below average. And chances are you would be interested in finding out the reasons. The difference lies in what each person knows and how he or she makes use of that knowledge. Good News! You don't have to wonder anymore. Success leaves clues, and this book was written specifically for people like you and will guide you step by step through principles of prosperity that have helped many achieve their dreams of financial freedom. Let's face it: you could do better with more money in your bank account. On top of that, you could also enjoy free time with your family if you know how to work smart. If that sounds like what you really need, just pause, take a deep breath, and imagine how the application of what you are just about to learn will change your life. It's never too late to be the person you always wanted to be. You can achieve your dreams and visions if you only know how. And that is why this book is worth your investment. To use the word unique would be probably unjust; however, let me say this book is not a get-rich-quick hype. This book reveals a tremendous wealth of valuable information on how you too can change your life from lack into a life of abundance. The principles discussed in this book are tested and proven, and with time will help you achieve whatever you want in life. It's true, this could just be the missing key you have always wanted to start a life of Nothing missing and Nothing broken. True Prosperity. Applying the principles you will learn in this book could result in you enjoying a more abundant lifestyle without sacrificing anything that you value: your health, your relationships, your freedom, and happiness. Take it from me: life just got better. You will learn how to harness the power of your thought, life, and start thinking like a millionaire. Set your goals and achieve them. Gather a team of people interested in helping you achieve your dreams. Use your time wisely and productively. Tap into your creative power and have people wanting to give you money for your ideas. And many more other ways to help you achieve your lifetime success. Wake Up... Live the Life You Love Steven E., Lee Beard, 2005. Teachers, entrepreneurs, successes, and stars come together in this volume to reveal their keys to personal success in relationships, in business, and in life. From self-realization guru Dr. Wayne Dyer to basketball superstar Jerry Dr. Memory Lucas, each one of these contributors speaks to a slightly different perspective. Overcoming obstacles, perceiving your truest purpose, finding the courage to be passionate about what you do best: everyone can learn from these leaders in business, training, teaching, and industry.
