Mutual Help Groups Organization And Development Sage Human Services Guides

Lambert Maguire

Mutual Help Groups Organization And Development Sage Human Services Guides:

Mutual Help Groups Phyllis R. Silverman, 1980 will be welcomed by the experienced practitioner as well as the new professional and volunteer. The book is written clearly and provides a valuable service to all those involved by explicitly delineating the roles and functions of the volunteer members of the mutual help group, the professional and the supporting agency and by highlighting differences between autonomous mutual help groups and those supported by social service organizations. *The Journal of Contemporary Social Work* October 1981 *Manual for Working with Parents of Adolescent Drug Users*, 1982 **Social Work With Groups** Stanley Wenocur, 2014-01-14 Social Work With Groups describes continuity and change in group work. It revisits the theoretical ideas of group work and group work topics of the past decade focusing on the continuity of group work theory and practice. At the same time it emphasizes the need for change to more effectively work with people in new groups in need: people with AIDS, gangs, persons in grief and minorities as well as groups always in need but now with new and additional needs: families, children, adolescents. This book deals with how to meet the needs of existing and emerging populations. It shows a good combination of theory and practice of group work in a variety of settings and using traditional techniques with new groups. Chapters in this book revisit the theoretical ideas of group work such as stages of development and the question of self-determination in groups. The sections of theory are the basis for the more practical emphasis of what today's group worker is doing and how they are doing it. Social Work With Groups is very practice oriented. As such anybody who uses groups to help people will find much to read and reflect upon. With its across-the-board appeal, persons new to group work will delight in the practical information and experienced group workers will find the revisiting of the issues a helpful and refreshing approach. Clinical social workers and faculty with an interest in theory and theoretical approaches to group work will appreciate the theory addressed in the book. Social change oriented practitioners searching for new methods of empowerment among the people will find helpful suggestions in this book for social, political and grassroots activism. *Understanding Social Networks* Lambert Maguire, 1983 The book is a readable guide to networking theory, research and practice. Maguire discusses contemporary evidence that social support networks generally made up of nonprofessionals can substitute for or complement professional care. The author has an excellent grasp of the huge academic literature on this subject combined with an easy-to-follow style. *British Journal of Social Work* Volume 14 1984 *The Oxford Handbook of Group Counseling* Robert K. Conyne, 2011-08-22 Group counseling is a dynamic and valuable treatment device used by therapists throughout the psychological disciplines, one that has proven effective in promoting change and growth in a variety of populations and settings. The Oxford Handbook of Group Counseling takes an innovative approach to this expansive topic, providing both a comprehensive field manual for practitioners and an authoritative reference work for teachers and researchers. Comprising 31 topic-based chapters by leading practitioners and researchers, this handbook covers the full spectrum of current and relevant topics in group counseling, including definitions

and background history and efficacy key change processes e.g. therapeutic factors group cohesion group climate group leader strategies and characteristics new applications for group counseling strategies including online groups group counseling with special populations the future of group counseling With roots in the most recent and relevant literature The Oxford Handbook of Group Counseling is an ideal text for training programs counselor education clinical psychology social work or human services or as a reference for researchers in counseling psychology Whoever the reader it a valuable and comprehensive guidebook for both students and practitioners in the growing practice of group counseling

Sharing the Journey Robert Wuthnow, 1996-07-01 A look at how support groups have affected American society argues that although support groups provide a warmth and security that holds society together they can lead to an unhealthy self absorption and a trivialized sense of what is sacred

Rape, Incest, and Sexual Harassment Nancy L. Carlson, Kathryn Quina, 1989-12-11 A working guide to the treatment of survivors of sexual victimization this book treats rape incest and harassment as related forms of sexual abuse It reviews present literature on the long term effects of sexual assault and considers the services and support that survivors require Covering a wide range of issues and treatment approaches focus is placed on the older adolescent and adult The phases of recovery following sexual abuse are described together with the type of assistance most appropriate at each phase The authors provide numerous case studies and emphasize the individuality of both survivor and response This guide should be used by both professional and layperson to help the sexually abused transcend feelings of victimization Rape Incest and Sexual Harassment discusses the issues raised by victimization It then deals with the immediate aftermath of sexual abuse focusing on crisis intervention and advocacy with respect to emotional medical and legal needs One section devoted to counselors working with long term effects on survivors matches interventions to the individual client's needs and offers models for counseling frameworks Special needs are also addressed The book concludes with a look at the larger social problems associated with abuse and violence

Current Awareness in Health Education, 1983-06

Encyclopedia of Social Work, 1965

Wordcraft: Applied Qualitative Data Analysis (QDA): Vincent E. Faherty, 2009-11-11 Wordcraft Applied Qualitative Data Analysis Tools for Public and Voluntary Social Services is a practical text that helps students and social service personnel better evaluate agency programmes through the use of various qualitative documents which most agencies currently have readily available In order to fully evaluate an agency programme qualitative and quantitative methods should be considered Agencies have a wealth of data in narrative and textual format which also must be evaluated in order to gain a complete picture of the agency's performance These documents include case intake forms exit summaries social histories case progress notes and more This book aims to provide a straight forward guide to performing meaningful qualitative analysis in a step by step approach The second half of the book contains actual case illustrations of the various methods with actual published articles from SAGE journals Each case will contain margin notes introductory remarks and a complete discussion following the case
