Preparing Teachers Building Evidence For Sound Policy:

Preparing Teachers National Research Council, Division of Behavioral and Social Sciences and Education, Center for Education, Committee on the Study of Teacher Preparation Programs in the United States, 2010-07-25 Teachers make a difference The success of any plan for improving educational outcomes depends on the teachers who carry it out and thus on the abilities of those attracted to the field and their preparation Yet there are many questions about how teachers are being prepared and how they ought to be prepared Yet teacher preparation is often treated as an afterthought in discussions of improving the public education system Preparing Teachers addresses the issue of teacher preparation with specific attention to reading mathematics and science The book evaluates the characteristics of the candidates who enter teacher preparation programs the sorts of instruction and experiences teacher candidates receive in preparation programs and the extent that the required instruction and experiences are consistent with converging scientific evidence Preparing Teachers also identifies a need for a data collection model to provide valid and reliable information about the content knowledge pedagogical competence and effectiveness of graduates from the various kinds of teacher preparation programs Federal and state policy makers need reliable outcomes based information to make sound decisions and teacher educators need to know how best to contribute to the development of effective teachers Clearer understanding of the content and character of effective teacher preparation is critical to improving it and to ensuring that the same critiques and questions are not being repeated 10 years from now

Learning to Teach in an Era of Privatization Christopher A. Lubienski, T. Jameson Brewer, 2019-07-19 Education policymakers often demonstrate surprisingly little awareness of how popular reforms impact teaching and teacher education In this book well regarded scholars help readers develop a more robust understanding of the nature of teacher preparation as well as an in depth grasp of how popular policies practices and ideologies have taken root domestically and internationally Contributors include Deron Boyles Anthony Cody Kerry Kretchmar Carmen Montecinos Beth Sondel and Christopher Tienken This book will help readers consider the possibilities of democratic visions in the teaching profession and in public education particularly in this time of intense political polarization when critical citizen engagement with our public institutions and policies is deeply needed Janelle Scott University of California Berkeley The chapters in this book make clear that ongoing policy disconnects cannot be ignored and that now is the time to elevate the teaching profession for students who have faced historical inequities Julian Vasquez Heilig dean University of Kentucky College of Education Public teaching and teacher education in the U S and in many other parts of the world are under assault by concerted efforts to deregulate and marketize them This collection of essays examines the consequences of these privatization efforts in the U S Chile and Singapore and should be required reading for those wanting to understand their complexity and consequences for teaching and teacher education today Ken Zeichner Boeing Professor of Teacher Education University of Washington

[Exploring Cultural Competence in Professional Development Schools](#) JoAnne Ferrara, Janice L. Nath, Ronald Beebe, 2020-06-01 This book examines the ways in which PDSs build cultural competence for various stakeholders including pre service teachers classroom teachers school leaders college faculty and K 12 students Given the increased national attention on the opportunity gap present in underserved marginalized communities across the country the authors in this series identify a combination of research based practices and institutional changes that increase student attainment and develop educators capacity to serve a range of diverse learners We are certain the timeliness of the topic will provide educators with context for understanding the role PDSs play in the creation of culturally responsive schools
