Parenting For Character Five Experts Five Practices:

Parenting for Character David Streight,2008 *Character* Deborah L. Rhode,2019-08-02 As Deborah L Rhode explains in this wide ranging work the American public has long insisted on the central importance of character but has failed to adequately nurture and sustain it in families schools law and politics All too often our understandings of character are out of step with psychological research and fundamental values **Narnian Virtues** Thomas Lickona,Mark A. Pike,2021-11-25 In this engaging and practical book Mark Pike and Thomas Lickona show how C S Lewis wisdom for nurturing good character and his much loved Chronicles of Narnia inspire us to virtue Drawing upon the Judeo Christian virtues of faith hope and love and Narnian virtues such as courage integrity and wisdom they present an approach to contemporary character education validated by recent research An introduction to C S Lewis thought on character and faith is followed by practical examples of how to use well known passages from the Narnia novels as a stimulus for rich character development at home and in the classroom **The Approximate Parent** Michael Y. Simon,2012-08-15 Written in a smart funny and friendly tone *The Approximate Parent Discovering the Strategies That Work with Your Teenager* helps you translate what your teen thinks feels and does to give you practical ways of supporting your teen from adolescence into adulthood Learn to strategize wisely taking into account both the current American culture of adolescents and your particular teen s biology temperament and developmental challenges This highly accessible book is informed by the latest research on adolescent development effects of digital media on youth and identity formation relationships sexuality and trends in drug and alcohol use drawing on work in such diverse fields as clinical psychology cognitive neuroscience epigenetics sociology anthropology philosophy and religious studies Michael Simon uses his 25 years of work with teens as a psychotherapist school counselor and parent to help make your job easier as a parent educator or health professional

Reclaiming Dissent ,2009-01-01 *Reclaiming Dissent* is a unique collection of essays that focus on the value of dissent for the survival of democracy in the United States and the role that education can play with respect to this virtue The various contributors to this volume share the conviction that the vitality of a democracy depends on the ability of ordinary citizens to debate and oppose the decisions of their government Yet recent history in the United States suggests that dissent is discouraged and even suppressed in the political cultural and educational arenas Many Americans are not even aware that democracy is not primarily about voting every four years or majority rule but about actively participating in public debates and civic action This book makes a strong case for the need to reclaim a tradition in the United States like the one that existed during the Civil Rights Era in which dissent opposition and conflict were part of the daily fabric of our democracy Teacher educators teacher candidates new teachers and educators in general can greatly benefit from reading this book

The Grandparenting Effect Trevecca Okholm,2020-07-21 Whatever life gives you and wherever life takes you there is always a story Life and relationships all begin and are sustained in the context of a story This is not a how to do it right book

as much as it is a book of stories personal stories from the author biblical stories and stories of ordinary grandparents and grandchildren who have been willing to share their own stories with which you may be able to identify and be encouraged in your own adventures of grandparenting This is a book for everyone that either has biological grandchildren or has the potential to influence the lives of non biological youth and children in the role of grandparenting This is also a book for churches to consider while planning for ministry to bring generations together in meaningful interactions and in doing so to create space for generations to share their stories and share in God s overarching Story of reconciling the world one story at a time

Sowing the Seeds of Character Judd Kruger Levingston, 2009-06-08 A rabbi and educator shows how moral education can be crafted to address each of the three main branches of the moral life philosophy civics and ethics *Sowing the Seeds of Character The Moral Education of Adolescents in Public and Private Schools* is a book for all teachers and parents It rests on the premise that the moral education of students falls within the purview of schools whether they assume responsibility for it or not Regardless of the place of moral education in the formal curriculum all teachers serve as moral exemplars to their students for good or for ill Teachers of science social studies history and literature courses cannot help but inculcate moral sensibility and attitudes in their students by the ways in which they lead them to grapple with or glide over the moral implications of what they teach Judd Kruger Levingston draws many lessons and examples from his extensive research and teaching experience in Muslim Jewish Roman Catholic public Quaker and Chinese schools He argues that teachers should become proficient in directing role playing simulations of moral decision making as morally complex topics arise within the standard curriculum

Life Beyond Shame: Rewriting the Rules Connie Dawson, PhD, 2016-03-18 Weve lived for eons with a set of rules guiding how we have relationships with one another These Old Rules have without question been inadvertently passed without examination from generation to generation by our families Its past time to expose them to the light of day Why Together these Old Rules create a toxic environment we accept as inviolate We struggle against others and against ourselves not realizing that the shame based Old Rules hold us back from being who we are meant to be and doing what we are meant to do When feelings of undeserved shame something is wrong with us become part of how we think of ourselves two things are true 1 our true selves become more defended and less available to ourselves and others and 2 we become more easily manipulated to serve someone elses needs in ways that are not in our best interests That sense of shame and the Old Rules reinforce each other One look at them and its easy to see how they make it difficult to have healthy relationships They are definitely not conducive to happiness We know better We just need to know how to do better one rule at a time Unmasking and replacing Old Rules with even one of the New Rules begins to change everything Change the rules change the game
