Doing Good, Well Dr. Craig A. Bell, 2020-03-20 This book is an attempt to synthesize the logic of mathematics organizational behavioral management policy of an MBA and ecclesial scholarship of a Doctorate of Strategic Leadership into the pages of one book This book begins with the premise that similar to corporate leaders faith based leaders are also capable of implementing these skills and resources to maximize the efficiency of church organizations It is critical that they have a full toolkit of resources to leverage when administering their organizations It also acknowledges and recognizes that a life fully engaged in active ministry doesn't necessarily allow time to pursue degrees in each of the aforementioned subjects As a result Dr Bell has attempted to create a medium through which ecclesial practitioners and scholars may review these various topics to obtain insight Similar to survey courses in college readers should see it as a beginning point for further exploration Take from it what you will and apply it to your God given vision Use it as a springboard to the progressively revealed Will of God for the effective administration of your call

Organix Bob Whitesel, 2011-11-01 Does your leadership style fit new ways of doing church leadership that is organic and elastic and that finds ways to seize God given opportunities Looking back and drawing on the ancient Christian tradition Bob Whitesel describes seven traits for successful leadership which he characterizes by seven symbols O the Greek symbol theta the first letter of the Greek word theos stresses that God is the source of the burden for others and provides the power to help

them Rx the medical prescription symbol an emphasis on addressing the spiritual and physical health of leaders G a stylized G for graffiti the edgy colorful and artful collages that help define contemporary organizations A inspired by the recycle symbol the idea of recycling places experiences and people rather than discarding them N emerging networks that connect people more quickly efficiently precisely and continuously I an emphasis on incarnation a going in the flesh to serve others rather than sending surrogates X the Jerusalem cross with a number in each quadrant four types of measurement observed in Jerusalem Acts 2:42-47 which at their core point to Christ's work on the cross Taken together these symbols spell out the word organix and represent a fundamentally new way to think about your church and how you can best lead

No Silver Bullets Daniel Im, 2017-09-01 What if I told you that you were only one step away from unlocking new levels of maturity and growth in your church The myth of the silver bullet still exists because we desperately want it to We all prefer quick fixes and bandage solutions to the long hard slow work that produces real change So the moment we learn about a new ministry or strategy and see its effect in another church we run to implement it in our own Unfortunately this impulse is usually met by opposition skepticism and ultimately rejection What if the solution isn't a new model or a complicated strategy but a shift in perspective What if you could keep your church's current vision values and model and simply make a few micro shifts leading to macro changes This book explores five micro shifts that have the potential to produce macro changes in your church As you read you will discover how to integrate these micro shifts into the life of your church starting with the way you disciple You will finish by developing a plan to structure communicate and evaluate these changes to ensure that they take root and pave the way for lasting change and kingdom impact

Toward an Adult Church Jane E. Regan, 2002 Penance Confirmation Eucharist Children participate in these sacraments and many other Catholic rites thanks to America's long standing model of parish catechesis Once children become adults however what becomes of their faith formation In *Toward an Adult Church A Vision of Faith Formation* Jane Regan explores the current structure of parish catechesis Basing her ideas on contemporary theory and traditional practice Regan sets forth an intriguing argument the vitality of the Church depends on establishing a
