Presence Human Purpose And The Field Of The Future:

Presence Peter M. Senge, C. Otto Scharmer, Joseph Jaworski, Betty Sue Flowers, 2005-08-16 Presence is an intimate look at the development of a new theory about change and learning In wide ranging conversations held over a year and a half organizational learning pioneers Peter Senge C Otto Scharmer Joseph Jaworski and Betty Sue Flowers explored the nature of transformational change how it arises and the fresh possibilities it offers a world dangerously out of balance The book introduces the idea of presence a concept borrowed from the natural world that the whole is entirely present in any of its parts to the worlds of business education government and leadership Too often the authors found we remain stuck in old patterns of seeing and acting By encouraging deeper levels of learning we create an awareness of the larger whole leading to actions that can help to shape its evolution and our future Drawing on the wisdom and experience of 150 scientists social leaders and entrepreneurs including Brian Arthur Rupert Sheldrake Buckminster Fuller Lao Tzu and Carl Jung Presence is both revolutionary in its exploration and hopeful in its message This astonishing and completely original work goes on to define the capabilities that underlie our ability to see sense and realize new possibilities in ourselves in our institutions and organizations and in society itself

Presence Peter M. Senge, 2004-01-01 En unders gelse af vores opfattelse af verden og om vores beslutninger som er med til at skabe og forandre samfundet i rene fremover

with us to be optimally effective in these lands But most particularly it explores the experience of a sense of presence the heightened immediacy broad awareness vividness responsivity and clarity so commonly described by sojourners on these journeys It explores what a sense of presence is what induces it what nurtures it and its key role in helping us deal with the challenges to success encountered in these lands It introduces the presence seekers sometimes presence junkies for whom a heightened presence is the allure of a life on the road And it describes what happens as we return to that once familiar land we called home Presence in Strange Lands unfolds through the words of numerous sojourners on a broad variety of journeys to very diverse lands an excerpt from one such opens this prospectus These descriptions of a sense of presence were elicited through several research projects with methodologies ranging from informal interviews to focus groups to web based forums They are intertwined with interpretation based on current research and theory to guide readers to a better understanding of their own experiences and to better deal with the challenges encountered in their own strange lands **Cruciale dialogen**
