Murder City Ciudad Juarez And The Global Economy's New Killing Fields:

Murder City Charles Bowden, 2010-03-30 Ciudad Juarez lies just across the Rio Grande from El Paso Texas A once thriving border town it now resembles a failed state Infamously known as the place where women disappear its murder rate exceeds that of Baghdad In **Murder City** Charles Bowden one of the few journalists who spent extended periods of time in Juarez has written an extraordinary account of what happens when a city disintegrates Interweaving stories of its inhabitants a beauty queen who was raped a repentant hitman a journalist fleeing for his life with a broader meditation on the town's descent into anarchy Bowden reveals how Juarez's culture of violence will not only worsen but inevitably spread north Heartbreaking disturbing and unforgettable **Murder City** was written at the height of his powers and established Bowden as one of America's leading journalists

Narconomics: How to Run a Drug Cartel Tom Wainwright, 2025-06-05 Wat kunnen we van drugskartels leren In **Narconomics** onthult Tom Wainwright hoe kartels opereren als multinationals en wat dat betekent voor de strijd tegen drugscriminaliteit In **Narconomics** **How to Run a Drug Cartel** laat Tom Wainwright zien dat drugskartels zakendoen als grote bedrijven Door cocaboeren bendeleiders politie en journalisten te spreken onthult hij hoe kartels strategieën gebruiken die lijken op die van multinationals Van marketing en concurrentiestrijd tot franchising en kostenbesparing alles draait om winstmaximalisatie en groei Ontdek in dit boek Hoe kartels economische principes toepassen Wat bedrijven en overheden hiervan kunnen leren Waarom de drugshandel zo moeilijk te bestrijden is Een vernieuwende kijk op de strijd tegen drugscriminaliteit Meer dan een onthullend boek over de drugshandel **Narconomics** biedt een blauwdruk om kartels slim te verslaan Erg boeiend Hij onthult hoe drugsbaronnen hun illegale miljardenbedrijven op dezelfde manier runnen als Fortune 500 topmannen Sunday Times

Open and Unabashed Reviews on Murder City Matthew Carter, 2013-03 In this book we have hand picked the most sophisticated unanticipated absorbing if not at times crackpot original and musing book reviews of **Murder City Ciudad Juarez and The Global Economy's New Killing Fields** Don't say we didn't warn you these reviews are known to shock with their unconventionality or intimacy Some may be startled by their biting sincerity others may be spellbound by their unbridled flights of fantasy Don't buy this book if 1 You don't have nerves of steel 2 You expect to get pregnant in the next five minutes 3 You've heard it all

Spirit and the Obligation of Social Flesh Sharon V. Betcher, 2013-11-11 Drawing on philosophical reflection spiritual and religious values and somatic practice *Spirit and the Obligation of Social Flesh* offers guidance for moving amidst the affective dynamics that animate the streets of the global cities now amassing around our planet Here theology turns decidedly secular In urban medieval Europe seculars were uncloistered persons who carried their spiritual passion and sense of an obligated life into daily circumambulations of the city Seculars lived in the city on behalf of the city but contrary to the new profit economy of the time with a different locus of value spirit Betcher argues that for seculars today the possibility of a devoted life the practice of felicity in history still remains Spirit now names a necessary prosthesis a locus for regenerating the elemental commons of

our interdependent flesh and thus for cultivating spacious and fearless empathy forbearance and generosity Her theological poetics though based in Christianity are frequently in conversation with other religions resident in our postcolonial cities

Borderless World Derek S. Reveron,2018-04-19 To fully understand contemporary security studies we must move beyond the traditional focus on major national powers and big wars Modern threats to security include issues such as globalization climate change pandemic diseases endemic poverty weak and failing states transnational narcotics trafficking piracy and vulnerable information systems *Human Security in a Borderless World* offers a fresh detailed examination of these challenges that threaten human beings their societies and their governments today Authors Derek S Reveron and Kathleen A Mahoney Norris provide a thought provoking exploration of civic economic environmental maritime health and cyber security issues in this era of globalization including thorough consideration of the policy implications for the United States They argue that human security is now national security This timely and engaging book is an essential text for today s courses on security studies foreign policy international relations and global issues Features include three special sections in each chapter that explain potential counterarguments about the topic under consideration explore the policy debates that dominate the area of study and illuminate concrete examples of security threats Richly illustrated and accessibly written *Human Security in a Borderless World* is designed to encourage critical thinking and bring the material to life for students **Studying Crime**

in Fiction Eric Sandberg,2024-03-04 The primary aim of *Studying Crime in Fiction* An Introduction is to introduce the emerging cross disciplinary area of study that combines the fields of crime fiction studies and criminology The study of crime fiction as a genre has a long history within literary studies and is becoming increasingly prominent in twenty first century scholarship Less attention however has been paid to the ways in which elements of criminology or the systematic study of crime and criminal behaviour from a wide range of perspectives have influenced the production and reception of crime narratives Similarly not enough attention has been paid to the ways in which crime fiction as a genre can inform and enliven the study of criminology Written largely for undergraduate and graduate students but also for scholars of crime fiction and criminology interested in thinking across disciplinary boundaries *Studying Crime in Fiction* An Introduction provides full coverage of the backgrounds of the related fields of crime fiction studies and criminology and explores the many ways they are reciprocally illuminating The four main chapters in Section 1 Orient You familiarize readers with the history and contours of the broad fields within which *Studying Crime in Fiction* An Introduction operates It introduces the history of crime and criminology as well the history of crime fiction and the academic field dedicated to its study In its final chapter it looks at the

ways these areas of study can be conceptually interrelated Section 2 of the book *Equip You* is dedicated to examining aspects of criminological theory in relation to various forms of crime fiction It highlights a range of the most relevant theories paradigms and problematics of criminology that appear in shed light on or can be effectively illuminated through reference to crime fiction Its five chapters deal with the definition of crime explanations for crime and criminal behaviour investigations into crime the experience of crime and finally punishments for crime All of these areas are examined alongside examples of crime fiction drawn from across the genre s history Section 3 *Enable You* presents six case studies Each of these reads a work of crime fiction alongside one or more criminological approaches Each case study is supplemented with a set of questions addressing issues central to the study of crime in fiction

Unwanted Witnesses Gabriela Polit Dueñas,2019-10-01 Gabriela Polit Due as analyzes the work of five narrative journalists from three countries Marcela Turati Daniela Rea and Sandra Rodriguez from Mexico Patricia Nieto from Colombia and Mar a Eugenia Ludue a from Argentina produce compelling literary works but also work under dangerous intense conditions What drives and shapes their stories are their affective responses to the events and people they cover The book offers an insightful analysis of the emotional challenges the stress and traumatic conditions journalists face when reporting on the region s most pressing problems It combines ethnographic observations of the journalists work textual analysis and a theoretical reflection on the ethical dilemmas journalists confront on a daily basis *Unwanted Witnesses* puts forward a necessary discussion about the place contemporary journalists occupy in the field of production and how the risks they run speak directly about the limits of our democracies

The Ashgate Research Companion to the Globalization of Health Ted Schrecker,2016-03-23 Global health has emerged as a distinct field of academic research and professional activity Over the last decade health has become an important element of many nations foreign policies a routine agenda item for the G8 and a rapidly expanding focus of bilateral and multilateral development assistance Some aspects of health like the spread of easily transmitted communicable diseases are self evidently global in an age of rapid low cost air travel Many more reflect the influence of transnational economic integration globalization and its effects on national economies societies and health systems In still other cases like non communicable diseases in most low and middle income countries the lack of impact on the interests of more powerful actors outside the borders of the affected areas makes it difficult to generate the concern and action on the part of the global community that may be imperative for ethical reasons This multinational volume of original contributed papers simultaneously provides an overview of the state of current global health scholarship reflects the multidisciplinary nature of the field and highlights the most significant issues for research and policy

The End of the Megamachine Fabian Scheidler,2020-09-25 A must read for everyone rising against the system that is destroying life on earth and our future Vandana Shiva World Future Council *The End of the Megamachine* provides a uniquely comprehensive picture of the roots of the destructive forces that are threatening the future of humankind today Spanning 5000 years of history the book shows

how the three tyrannies of militarized states capital accumulation and ideological power have been steering both ecosystems and societies to the brink of collapse With the growing instability of the Megamachine in the 21st century new dangers open up as well as new possibilities for systemic change to which everyone can contribute
