Musicking The Meanings Of Performing And Listening Music Or Culture

Janet Sturman

Musicking The Meanings Of Performing And Listening Music Or Culture:

Musicking Christopher Small, 2012-01-01 Extending the inquiry of his early groundbreaking books Christopher Small strikes at the heart of traditional studies of Western music by asserting that music is not a thing but rather an activity In this new book Small outlines a theory of what he terms musicking a verb that encompasses all musical activity from composing to performing to listening to a Walkman to singing in the shower Using Gregory Bateson s philosophy of mind and a Geertzian thick description of a typical concert in a typical symphony hall Small demonstrates how musicking forms a ritual through which all the participants explore and celebrate the relationships that constitute their social identity This engaging and deftly written trip through the concert hall will have readers rethinking every aspect of their musical worlds **The SAGE**

International Encyclopedia of Music and Culture Janet Sturman, 2019-02-26 The SAGE Encyclopedia of Music and Culture presents key concepts in the study of music in its cultural context and provides an introduction to the discipline of ethnomusicology its methods concerns and its contributions to knowledge and understanding of the world s musical cultures styles and practices The diverse voices of contributors to this encyclopedia confirm ethnomusicology s fundamental ethos of inclusion and respect for diversity Combined the multiplicity of topics and approaches are presented in an easy to search A Z format and offer a fresh perspective on the field and the subject of music in culture Key features include Approximately 730 signed articles authored by prominent scholars are arranged A to Z and published in a choice of print or electronic editions Pedagogical elements include Further Readings and Cross References to conclude each article and a Reader s Guide in the front matter organizing entries by broad topical or thematic areas Back matter includes an annotated Resource Guide to further research journals books and associations an appendix listing notable archives libraries and museums and a detailed Index The Index Reader s Guide themes and Cross References combine for thorough search and browse capabilities in the electronic edition **Music Traditions, Cultures, and Contexts** Robin Elliott, Gordon E. Smith, 2010-04-19 Music

Traditions Cultures and Contexts is a tribute to the ethnomusicologist Beverley Diamond in recognition of her outstanding scholarly accomplishments The volume includes essays by leading ethnomusicologists and music scholars as well as a biographical introduction The book s contributors engage many of the critical themes in Diamond s work including musical historiography musical composition in historical and contemporary frameworks performance in diverse contexts gender issues music and politics and how music is nested in and relates to broader issues in society The essays raise important themes about knowing and understanding musical traditions and music itself as an agent of social cultural and political change Music Traditions Cultures and Contexts will appeal to music scholars and students as well as to a general audience interested in learning about how music functions as social process as well as sound **The Oxford Handbook of Music**

Listening in the 19th and 20th Centuries Christian Thorau, Hansjakob Ziemer, 2019 An idealized image of European concert goers has long prevailed in historical overviews of the nineteenth and twentieth centuries This act of listening was

considered to be an invisible and amorphous phenomenon a naturally given mode of perception This narrative influenced the conditions of listening from the selection of repertoire to the construction of concert halls and programmes However as listening moved from the concert hall to the opera house street music and jazz venues new and visceral listening traditions evolved In turn the art of listening was shaped by phenomena of the modern era including media innovation and commercialization This Handbook asks whether how and why practices of music listening changed as the audience moved from pleasure gardens and concert venues in the eighteenth century to living rooms in the twentieth century and mobile devices in the twenty first Through these questions chapters enable a differently conceived history of listening and offer an agenda for future research

Ethnomusicology Jennifer Post,2004-03-01 Ethnomusicology A Research and Information Guide is an annotated bibliography of books recordings videos and websites in the field of ethnomusicology The book is divided into two parts Part One is organised by resource type in categories of greatest concern to students and scholars This includes handbooks and guides encyclopedias and dictionaries indexes and bibliographies journals media sources and archives It also offers annotated entries on the basic literature of ethnomusicological history and research Part Two provides a list of current publications in the field that are widely used by ethnomusicologists Multiply indexed this book serves as an excellent tool for librarians researchers and scholars in sorting through the massive amount of new material that has appeared in the field over the past decades

Somaesthetics and the Philosophy of Culture Satoshi Higuchi,2021-04-19 I regard Higuchi s book as particularly valuable because it highlights dimensions of somaesthetics that have not been sufficiently explored I refer not only to the various traditional Japanese somatic disciplines whose somaesthetics aspects Higuchi reveals but also to central topics far beyond Japanese culture Foreword by Richard Shusterman Higuchi one of the pivotal scholars in introducing Shusterman s somaesthetics to Japanese audiences in the early 2000s provides insight into how this philosophy has developed in Japan and the affinity it has developed with a non Western culture Dividing his insights into the categories of innovation practice and educational implications Higuchi presents the Japanese perspective on somaesthetics with contributions from four of his students They develop the philosophical discussion of areas such as the aesthetics of sport bodily knowing learning as mimesis and learning culture through language In this way the book illuminates the philosophy of somaesthetics using Japanese experience and research while presenting a unique perspective on Japanese culture This book will be of especial interest to scholars of Japanese culture and of the philosophy of aesthetics and education

Sound Art and Music John Dack,Tansy Spinks,Adam Stanović,2020-11-12 This volume explores the mutually beneficial but occasionally uneasy relationship between sound art and music It reveals how practices and theories associated with these art forms frequently result in corroboration and contains chapters from both practitioners and theoreticians who work in areas where innovative synergies between sound art and music can be identified Although practice and theory are inseparable discourses surrounding practice are elusive but informative and as such are given particular

recognition and exploration in this volume Taken as a whole the book provides a snapshot of contemporary research across a range of sound art and music disciplines showcasing the variety scope and scale of this exciting if bewildering area of study

Experience and Meaning in Music Performance Martin Clayton, Byron Dueck, Laura Leante, 2013 This book explores how the immediate experience of musical sound relates to processes of meaning construction and discursive mediation A unique multi authored work that both draws on and contributes to current debates in ethnomusicology musicology psychology and cognitive science it presents a novel and productive view of how cultural practice relates to the experience and meaning of musical performance

The Fighting Art of Pencak Silat and its Music, 2016-01-12 Fighting arts have their own beauty internal philosophy and are connected to cultural worlds in meaningful and important ways Combining approaches from ethnomusicology ethnochoreology performance theory and anthropology the distinguishing feature of this book is that it highlights the centrality of the pluripotent art form of pencak silat among Southeast Asian arts and its importance to a network of traditional and modern performing arts in Southeast Asia and beyond By doing so important layers of local concepts on performing arts ethics society spirituality and personal life conduct are de mystified With a distinct change in the way we view Southeast Asia this book provides a wealth of information about a complex of performing arts related to the so called world of silat An ancillary media companion website [www bits4culture org pencaksilatandmusic](http://www.bits4culture.org/pencaksilatandmusic) is part of this work Login authorisation information is included in the book Contributors include Bussakorn Binson Jean Marc de Grave Gisa J hnichen Margaret Kartomi Zahara Kamal Indija Mahjoeddin Ako Mashino Paul H Mason Uwe U Paetzold Kirstin Pauka Henry Spiller and Sean Williams

Music Education in England, 1950-2010 John Finney, 2016-04-22 John Finney examines the child centred progressive tradition to create a fresh way of evaluating ideas and practices that have evolved since 1950 that have shaped the lives of music teachers and their pupils and that have now become disfigured residual and altogether lost in the light of social cultural and political change The book is a critique of the present situation with an intention to expose the dangers in our current pursuit of future gains that are thought to serve the making and sustaining of the social order The project draws in major debates of the period along with their protagonists counter pointed by the voices of teachers and pupils At the same time the structuring voices of policy and governance become ever louder as we reach the present time Finney presents a compelling analytical account through a series of six episodes each seeking to capture the spirit and fervour characteristic of a particular phase within the period studied In the concluding chapter the narrative developed is reviewed From this the idea of music education as an ethical pursuit is proposed Finney argues that classroom relationships can be thought of as playfully dialogic where teacher and pupil remain curious and where there is serious attention to what is to be taught and why This will always need to be negotiated with the expressed and inferred needs of children working together to find a critical approach to what is being learnt Finney s book provides fresh inspiration for practitioners and new challenges for researchers and as such is a landmark in the field of arts and music education

Yeah, reviewing a books **Musicking The Meanings Of Performing And Listening Music Or Culture** could be credited with your near friends listings. This is just one of the solutions for you to be successful. As understood, feat does not recommend that you have astonishing points.

Comprehending as capably as deal even more than other will offer each success. next-door to, the revelation as skillfully as insight of this Musicking The Meanings Of Performing And Listening Music Or Culture can be taken as without difficulty as picked to act.
