My Beautiful Bow An Adoption Story:

My Beautiful Bow Lauren Goldman Marshall,2010 The red ribbons of a little girl s sash become imaginary ties to her birth mother and her adoptive mother in this children s picture book aimed at ages 4-8 Abby wonders if she came from her mother s belly like her older sister When a casual comment at the breakfast table prompts questions Abby learns how the birth mother who carried her in her belly and the forever mommy who carries her on her hip both love her and have helped to make her who she is Your birth mother gave you a lovely singing voice her Mommy tells her I give you songs to sing Although the little girl in the book is from China her story is relevant to all adopted children whether adopted domestically or internationally Illustrations by the sister of the protagonist offer a fresh child s perspective and provide a compelling back story underscoring the theme that love is what makes a family I ll be so glad to have this as a teaching and supporting tool I really want my daughter to be able to think about her birth parents and their role in her life This book is perfect and honestly the only thing I ve seen on this topic for young kids Nancy Cohen Ph D adoptive mother and child psychologist

Racist Love Leslie Bow,2021-12-13 In *Racist Love* Leslie Bow traces the ways in which Asian Americans become objects of anxiety and desire Conceptualizing these feelings as racist love she explores how race is abstracted and then projected onto Asianized objects Bow shows how anthropomorphic objects and images such as cartoon animals in children s books home decor and cute tchotchkes contemporary visual art and artificially intelligent robots function as repositories of seemingly positive feelings and attachment to Asianness At the same time Bow demonstrates that these Asianized proxies reveal how fetishistic attraction and pleasure serve as a source of anti Asian bias and violence By outlining how attraction to popular representations of Asianness cloaks racial resentment and fears of globalization Bow provides a new means of understanding the ambivalence surrounding Asians in the United States while offering a theory of the psychological affective and symbolic dynamics of racist love in contemporary America
