Ibn Khaldūn and the Arab Origins of the Sociology of Civilisation and Power Annalisa Verza, 2021-04-30 This book presents Ibn Khaldūn's anticipatory sociology of civilisations and power Half a millennium before the birth of modern sociology in the West Ibn Khaldūn scholar political counsellor and Malikite judge wrote a revolutionary sociological philosophical treatise the *Muqaddimah* This book places his broad complex and refined treatise against the background of the Islamo Greek culture of his time and analyses its main sociological but also philosophical historical and scientific perspectives Finally thanks to its universalisable core the author recontextualizes the teachings from the *Muqaddimah* to reveal the deep insights it provides into the society politics and law of contemporary liberal and multicultural civilisations A deeper reception of Ibn Khaldūn's perspective is not only important in understanding the Arab contribution to social theory social history and philosophy but also diversifies the sociological project beyond the Euro American standpoint Given its interdisciplinary appeal the book addresses a wide readership of students and scholars in sociology the sociology of law philosophy of law philosophy of history political philosophy history of civilisations political sociology and Arabic studies

The Holy Warrior: Osama Bin Laden and his Jihadi Journey in the Soviet-Afghan War Reagan Fancher, 2022-05-10 Fought between 1979 and 1989 the Soviet Afghan War provided vital combat experience for Osama bin Laden and his senior lieutenants in al Qaeda allowing them to hone their newly acquired skills in guerrilla warfare to later support Islamist insurgencies worldwide Yet the ruthless al Qaeda chief's success depended on the Soviet leadership's reluctant prolonging of its military occupation out of fear of leaving Afghanistan in hostile hands As relative latecomers to the ferocious Afghan frontlines the inexperienced Arab fighters benefitted militarily from the combat training unwittingly provided by their Soviet foes After skillfully obtaining this command and battle experience by working within the wartime atmosphere bin Laden channeled al Qaeda's efforts in a global jihadi campaign targeting a second superpower and its allies While allegations of U S support for the Arab jihadis have contributed to a popular image of bin Laden and al Qaeda as CIA creations the historical facts appear to demonstrate that the combat opportunities provided by the Soviet occupation forces played a far larger role in transforming them into seasoned guerrilla fighters In contrast to the dozens of previous works on bin Laden and al Qaeda this book is the first to focus primarily on the Soviet Afghan War's impact on training the Arab fighters from Yemen Saudi Arabia and elsewhere in battle and preparing them to export their guerrilla war to assist their comrades in their native countries As a teaching tool that re-examines and clarifies the impact of bin Laden's wartime actions this book will be particularly useful to scholars of history and international relations seeking to acquire and spread new knowledge in the classroom and to better understand the origins of al Qaeda's deadly skills and martial resilience It offers an

opportunity for today's decision makers to learn from history and avoid creating new generations of bin Ladens **The Orange Trees of Marrakesh** Stephen Frederic Dale, 2015-11-02 An examination of Khaldun's Islamic history of the premodern world its philosophical underpinnings and the author himself In his masterwork Muqaddimah the Arab Muslim Ibn Khaldun 1332-1406 a Tunisian descendant of Andalusian scholars and officials in Seville developed a method of evaluating historical evidence that allowed him to identify the underlying causes of events His methodology was derived from Aristotelian notions of nature and causation and he applied it to create a dialectical model that explained the cyclical rise and fall of North African dynasties The Muqaddimah represents the world's first example of structural history and historical sociology Four centuries before the European Enlightenment this work anticipated modern historiography and social science In Stephen F Dale's The Orange Trees of Marrakesh Ibn Khaldun emerges as a cultured urban intellectual and professional religious judge who demanded his fellow Muslim historians abandon their worthless tradition of narrative historiography and instead base their works on a philosophically informed understanding of social organizations His strikingly modern approach to historical research established him as the premodern world's preeminent historical scholar It also demonstrated his membership in an intellectual lineage that begins with Plato Aristotle and Galen continues with the Greco-Muslim philosophers al-Farabi Avicenna and Averroes and is renewed with Montesquieu Hume Adam Smith and Durkheim Praise for The Orange Trees of Marrakesh Stephen Dale's book contains a careful account of the dizzying ups and downs of Ibn Khaldun's political and academic career at courts in North Africa Andalusia and Egypt For these and other reasons The Orange Trees of Marrakesh deserves careful and respectful attention Robert Irwin The Times Literary Supplement UK Historian Stephen Frederic Dale argues that Ibn Khaldun's work is a key milestone on the road from Greek to Enlightenment thought chiming with the radical reasoning of philosophers such as Montesquieu and Adam Smith Barbara Kiser Nature Dale's interest in Greco-Islamic philosophy contributes to this biography's uniqueness This work provides indispensable background information to truly appreciate this single most influential Islamic historian R W Zens Choice Excellent scholarship on a fascinating subject Publishers Weekly [Rocket Ebook Fodor's France 2000](#) Fodor's, 2000-06 **The Adventures of Ibn Battuta** Ross E. Dunn, 2004-12-09 Known as the greatest traveler of premodern times Abu Abdallah ibn Battuta was born in Morocco in 1304 and educated in Islamic law At the age of twenty one he left home to make the holy pilgrimage to Mecca This was only the first of a series of extraordinary journeys that spanned nearly three decades and took him not only eastward to India and China but also north to the Volga River valley and south to Tanzania The narrative of these travels has been known to specialists in Islamic and medieval history for years Ross E Dunn's 1986 retelling of these tales however was the first work of scholarship to make the legendary traveler's story accessible to a general audience Now updated with revisions a new preface and an updated bibliography Dunn's classic interprets Ibn Battuta's adventures and places them within the rich trans-hemispheric cultural setting of medieval Islam [The Ancients and Shakespeare on Time](#)

Piotr Nowak,2014-04-01 In *The Ancients and Shakespeare on Time* Piotr Nowak depicts a world where tradition devoid of gravity Sans teeth sans eyes sans taste sans everything attempts to curb the young and new while youth resists with all its power vitality and characteristic insolence The wars of generations which Nowak explores in the works of Plato Aristophanes and Shakespeare pertain to the essence and meaning of time They make up the dramatic tensions in the transgenerational dialogue between the old and the young

The ISIS Apocalypse William McCants,2024-03-26 Based almost entirely on primary sources in Arabic including ancient religious texts and secret al Qaeda and Islamic State letters that few have seen William McCants s *The ISIS Apocalypse* explores how religious fervor strategic calculation and doomsday prophecy shaped the Islamic State s past and foreshadow its dark future The Islamic State is one of the most lethal and successful jihadist groups in modern history surpassing even al Qaeda Thousands of its followers have marched across Syria and Iraq subjugating millions enslaving women beheading captives and daring anyone to stop them Thousands more have spread terror beyond the Middle East under the Islamic State s black flag How did the Islamic State attract so many followers and conquer so much land By being more ruthless more apocalyptic and more devoted to state building than its competitors The shrewd leaders of the Islamic State combined two of the most powerful yet contradictory ideas in Islam the return of the Islamic Empire and the end of the world into a mission and a message that shapes its strategy and inspires its army of zealous fighters They have defied conventional thinking about how to wage wars and win recruits Even if the Islamic State is defeated jihadist terrorism will never be the same
