Trow,2023-08-17 Nobody expected a corpse in the tranquil Surrey countryside near Godalming even though there was a war on and tanks churned the soil on maneuvers The body belonged to 19 year old Joan Pearl Wolfe a sweet convent educated girl who according to her own mother had gone bad It was 1942 and England was swarming with British Canadian and American troops building up to what would become D Day two years later The Surrey police over stretched as all forces were during the war called in Scotland Yard the experts in the form of Superintendent Ted Greeno one of the most famous and formidable detectives of his day One of the Surrey detectives recognized the dead girl s dress he had seen it on its owner weeks earlier and from that the body s identity came to light Joan was a camp follower with a string of men

interested in her but her latest beau was the M tis Canadian August Sangret He had slipped out to live with Joan in woods near to the camp and had built shacks wigwams as temporary homes Charged with her murder he gave the longest statement ever made to the police seventeen pages of it and Keith Simpson the Home Office pathologist became the first to produce a human skull in court The distinctive wounds inflicted by Sangret s knife convinced the jury of his guilt and he was hanged by Albert Pierrepont in Wandsworth gaol An open and shut case Far from it For all the brilliance of forensic science and the dogged work of the police the jury should still be out on August Sangret As the judge said in his summing up there is no blood on this man **Murder Most Mellow** Jaqueline Girdner,2014-04-01

The Hagley Wood Murder M. J. Trow, 2023-04-06 Astonishingly The Hagley Wood Murder is the first book solely on the subject other than a selection of privately printed self published offerings ever written on this murder which took place eighty years ago In April 1943 four teenaged boys discovered a corpse stuffed into the bole of a wych elm in a wood in the industrial Midlands The body was merely bones and had been in the tree for up to two years The pathologist determined that she was female probably in her thirties had given birth and was just under five feet tall The cause of death was probably suffocation Six months after the discovery mysterious messages began to appear on walls in the area variants of Who Put Bella Down the Wych Elm Hagley Wood And the name Bella has stuck ever since Local newspapers then the national press took up the story and ran with it but not until 1968 was there a book on the case Donald McCormick's Murder by Witchcraft and that like others that followed tied Bella in with another supposedly occult murder that of Charles Walton on Meon Hill in 1945 Any unsolved murder brings out the oddballs the police files only recently released are full of them and the nonsense still continues The online versions are woeful inaccuracy piled on supposition laced with fiction It did not help that a professional occultist Dr Margaret Murray expressed her belief as early as 1953 that witchcraft was involved in Bella's murder And ill informed nonsense has been cobbled together to prove that Dr Murray was right McCormick's own involvement was in espionage and his book slavishly copied by later privately printed efforts have followed this tack too It was wartime so the anonymous woman in the wych elm had to be a spy parachuted in by the Abwehr the Nazi secret service The Hagley Wood Murder is the first book to unravel the fiction of McCormick and others It names Bella and her probable murderer And if the conclusion is less over the top than the fabrications referred to above it is still an intriguing tale of the world's oldest profession and the world's oldest crime

The Killer Strikes Rodney Mountain, 2011-06-04 A killer is among us walking the streets hiding in the crowd A killer you would never suspect with a purpose you will scarcely believe She does not hide in the shadows nor does she resemble the boogeyman She could be the girl next door but look out she's Waiting Lt Michael Miller has led a storied life first as the hero undercover cop who brought down the biggest crime syndicate in the city now he runs the best homicide squad in the same city He has been stuck with the not inconsiderable task of finding this killer but at times she is the least of his problems In the city there are many motives and many people all of whom have their own agenda But the killer is out there and she is not going away It is up to Miller and his unlikely crew to put an end to the reign of terror and to make sure that they never again have to wake up to the phrase The Killer Strikes

Murder, Fish,

and Norway Glenn EJ Williams, 2022-10-11 People are dying in the small oceanside village of Vista Tranquilla. Are these deaths accidents or are they crimes? Detective John Fitch, who is new to the job and average in every way, must dive deep to uncover the truth while masking his own awkwardness and inadequacies as he navigates his role in the small town's police department. John, however, has help from a very non-conventional set of friends—friends that he must hide as he races to uncover dark truths and protect his quaint coastal community. Friends that could mean the end of his career while a potential killer is still on the loose.
