A Museum Studies Approach to Heritage Sheila Watson,Amy Jane Barnes,Katy

Bunning,2018-10-08 Heritage s revival as a respected academic subject has in part resulted from an increased awareness and understanding of indigenous rights and non Western philosophies and practices and a growing respect for the intangible Heritage has thus far focused on management tourism and the traditionally heritage minded disciplines such as archaeology geography and social and cultural theory Widening the scope of international heritage studies A Museum Studies Approach to Heritage explores heritage through new areas of knowledge including emotion and affect the politics of dissent migration and intercultural and participatory dimensions of heritage Drawing on a range of disciplines and the best from established sources the book includes writing not typically recognised as heritage but which nevertheless makes a valuable contribution to the debate about what heritage is what it can do and how it works and for whom Including heritage perspectives from beyond the professional sphere the book serves as a reminder that heritage is not just an academic concern but a deeply felt and keenly valued public and private practice This blending of traditional topics and emerging trends established theory and concepts from other disciplines offers readers international views of the past and future of this growing field A Museum Studies Approach to Heritage offers a wider more current and more inclusive overview of issues and practices in heritage

and its intersection with museums As such the book will be essential reading for postgraduate students of heritage and museum studies It will also be of great interest to academics practitioners and anyone else who is interested in how we conceptualise and use the past

**Occupation and Communism in Eastern European Museums** Constantin Iordachi, P  ter Apor, 2021-07-29 This volume offers fresh perspectives on the representation of the recent past in museums of the Second World War and of communism in post communist Eastern Europe It does so against the background of recent European wide debates on history memory and politics The contributors from across Europe focus comparatively on a wide variety of case studies pointing out similarities and differences and accounting for transnational patterns of remembrance at regional and European level Occupation and Communism in Eastern European Museums argues that museums have a huge influence on the image of the communist past in Eastern Europe It shows how they use a vast array of media tools visual tactics and commercial strategies in order to substantiate ideological approaches to the past and to shape the attitude of public opinion

Utopian Ruins Jie Li, 2020-10-26 In Utopian Ruins Jie Li traces the creation preservation and elision of memories about China s Mao era by envisioning a virtual museum that reckons with both its utopian yearnings and its cataclysmic reverberations Li proposes a critical framework for understanding the documentation and transmission of the socialist past that mediates between nostalgia and trauma anticipation and retrospection propaganda and testimony Assembling each chapter like a memorial exhibit Li explores how corporeal traces archival documents camera images and material relics serve as commemorative media Prison writings and police files reveal the infrastructure of state surveillance and testify to revolutionary ideals and violence victimhood and complicity Photojournalism from the Great Leap Forward and documentaries from the Cultural Revolution promoted faith in communist miracles while excluding darker realities whereas Mao memorabilia collections factory ruins and memorials at trauma sites remind audiences of the Chinese Revolution s unrealized dreams and staggering losses

**Collecting the Revolution** Emily R. Williams, 2022-03-08 In the late 1960s student protests broke out throughout much of the world and while Britain s anti Vietnam protestors and China s Red Guards were clearly radically different these movements at times shared inspirations aspirations and aesthetics Within Western popular media Mao s China was portrayed as a danger to world peace but at the same time for some on the counter cultural left the Cultural Revolution 1966 1976 contained ideas worthy of exploration Moreover because of Britain s continued colonial possession of Hong Kong Britain had a specific interest in ongoing events in China and information was highly sought after Thus the objects that China exported propaganda posters paintings Mao badges periodicals ceramics etc became a crucial avenue through which China was known at this time and interest in them crossed the political divide Collecting the Revolution uses the objects that the Chinese government sent abroad and that visitors brought back with them to open up the stories of diplomats journalists activists students and others and how they imagined engaged with and later remembered Mao s China through its objects It chronicles the story of how these objects were later incorporated into the

collections of some of Britain's most prominent museums thus allowing later generations to continue to engage with one of the most controversial and important periods of China's recent history

**Museums, International Exhibitions and China's Cultural Diplomacy** Da Kong, 2021-03-31 Museums International Exhibitions and China's Cultural Diplomacy examines the role museums and more specifically international exhibitions have played in shaping China's international image to date Drawing on theories and methods from museum studies and international relations the book evaluates the contribution international exhibitions make to China's cultural diplomacy strategy Considering their impact on the country's international image Kong also probes the mechanisms and processes involved examining in detail the policy of and international activities promoted by the Chinese government The book also analyses the motives of the Chinese and overseas museums that host these exhibitions Taking some major exhibitions that were on show in the UK during the 21st century as a representative case study the book reveals the mechanisms by which these exhibitions were developed and shared overseas Questioning who really shapes the image of China Kong challenges Western assumptions and looks ahead to consider whether moving forward the Chinese government and museums could work together in a mutually beneficial way Museums International Exhibitions and China's Cultural Diplomacy contributes to the growing literature on museums and diplomacy As such it will be of interest to academics and students engaged in the study of museums and heritage international relations culture politics China and wider Asia

*The Museum in Asia* Yunci Cai, 2025-02-04 The Museum in Asia advances an understanding of the flourishing museum landscape in the region by offering a variety of conceptual tools and frameworks through which museum development can be analysed and understood Informed by the key theoretical tenets of critical museology and heritage studies this volume seeks to deconstruct the idea of museology and the museum phenomenon in East South and Southeast Asia to identify common themes and trends unique to Asia Drawing on case studies from ten different countries in Asia including China and India it proffers a set of analytical tools to think through how we can understand and conceptualise the study of museums and museology in Asia Contributions to this edited volume are drawn from both Asian and Western academic contexts thus offering both inside and outside perspectives on the museum phenomenon in Asia The Museum in Asia is the first academic book to explore the museum phenomenon in Asia from theoretical perspectives informed by critical museology and heritage studies making it an essential text for the teaching of courses relating to museum studies cultural heritage studies or Asian studies Academics students and professionals who are interested in learning more about the theory behind the museum phenomenon in Asia will find this book to be a useful resource

**Out of China** Robert Bickers, 2017-03-30 SHORTLISTED FOR THE 2018 WOLFSON HISTORY PRIZE The extraordinary and essential story of how China became the powerful country it is today Even at the high noon of Europe's empires China managed to be one of the handful of countries not to succumb Invaded humiliated and looted China nonetheless kept its sovereignty Robert Bickers major new book is the first to describe fully what has proved to be one of the modern era's most

important stories the long often agonising process by which the Chinese had by the end of the 20th century regained control of their own country Out of China uses a brilliant array of unusual strange and vivid sources to recreate a now fantastically remote world the corrupt lurid modernity of pre War Shanghai the often tiny patches of extra territorial land controlled by European powers one of which unnoticed had mostly toppled into a river the entrep ts of Hong Kong and Macao and the myriad means through armed threats technology and legal chicanery by which China was kept subservient Today Chinese nationalism stays firmly rooted in memories of its degraded past the quest for self sufficiency a determination both to assert China s standing in the world and its outstanding territorial claims and never to be vulnerable to renewed attack History matters deeply to Beijing s current rulers and Out of China explains why
