Muslim American Women on Campus Shabana Mir, 2014 Muslim American Women on Campus Undergraduate Social Life and Identity **Suburban Islam** Justine Howe, 2018-01-02 For many American Muslims the 9/11 attacks and subsequent War on Terror marked a rise in intense scrutiny of their religious lives and political loyalties In Suburban Islam Justine Howe explores the rise of third spaces social surroundings that are neither home nor work created by educated middle class American Muslims in the wake of increased marginalization Third spaces provide them the context to challenge their exclusion from the American mainstream and to enact visions for American Islam different from those they encounter in their local mosques One such third space is the Mohammed Alexander Russell Webb Foundation a family oriented Muslim institution in Chicago's suburbs Howe uses Webb as a window into how Muslim American identity is formed through the interplay of communal interpretive practices institutional rituals and everyday life The diverse Muslim families of the Webb Foundation have transformed hallmark secular suburbanite activities like football games apple picking and camping trips into acts of piety rituals they describe as the enactment of proper American Muslim identity Howe analyzes the relationship between these consumerist practices and the Webb Foundation's adult educational programs through which participants critique what they call cultural Islam They envision creating an indigenous American Islam characterized by gender equality reason and pluralism Through changing configurations of ethnicity gender and socioeconomic class Webb participants imagine a seamless identity that marries their Muslim faith to an idealized vision of suburban middle class America Suburban Islam captures the fragile optimism of educated cosmopolitan American Muslims during the Obama presidency as they imagined a post racial pluralistic and culturally resonant American Islam Even as this vision aims to be more inclusive it also reflects enduring inequalities of race class and gender **Women in American History** Peg A. Lamphier, Rosanne

Welch, 2017-01-23 This four volume set documents the complexity and richness of women's contributions to American history and culture empowering all students by demonstrating a more populist approach to the past Based on the content of most textbooks it would be easy to reach the erroneous conclusion that women have not contributed much to America's history and development Nothing could be further from the truth Offering comprehensive coverage of women of a diverse range of cultures classes ethnicities religions and sexual identifications this four volume set identifies the many ways in which women have helped to shape and strengthen the United States This encyclopedia is organized into four chronological volumes with each volume further divided into three sections Each section features an overview essay and thematic essay as well as detailed entries on topics ranging from Lady Gaga to Ladybird Johnson Lucy Stone and Lucille Ball and from the International Ladies of Rhythm to the International Ladies Garment Workers Union The set also includes a vast variety of primary documents such as personal letters public papers newspaper articles recipes and more These primary documents enhance users learning opportunities and enable readers to better connect with the subject matter The 9/11 Generation

Sunaina Marr Maira, 2016-09-01 Explores how young people from communities targeted in the War on Terror engage with the political even while they are under constant scrutiny and surveillance Since the attacks of 9 11 the banner of national security has led to intense monitoring of the politics of Muslim and Arab Americans Young people from these communities have come of age in a time when the question of political engagement is both urgent and fraught In *The 9 11 Generation* Sunaina Marr Maira uses extensive ethnography to understand the meaning of political subjecthood and mobilization for Arab South Asian and Afghan American youth Maira explores how young people from communities targeted in the War on Terror engage with the political forging coalitions based on new racial and ethnic categories even while they are under constant scrutiny and surveillance and organizing around notions of civil rights and human rights *The 9 11 Generation* explores the possibilities and pitfalls of rights based organizing at a moment when the vocabulary of rights and democracy has been used to justify imperial interventions such as the U S wars in Iraq and Afghanistan Maira further reconsiders political solidarity in cross racial and interfaith alliances at a time when U S nationalism is understood as not just multicultural but also post racial Throughout she weaves stories of post 9 11 youth activism through key debates about neoliberal democracy the radicalization of Muslim youth gender and humanitarianism [Varieties of American Sufism](#)

Elliott Bazzano, Marcia Hermansen, 2020-08-01 From Rumi poetry and Sufi dancing or whirling to expressions of Africanicity and the forging of transnational bonds to remote locations in Senegal Sri Lanka and Turkey *Varieties of American Sufism* immerses the reader in diverse expressions of contemporary Sufi religiosity in the United States It spans more than a century of political cultural and embodied relationships with Islam and Muslims American encounters with mystical Islam were initiated by a romantic quest for Oriental wisdom flourished in the embrace of Eastern teachings during the countercultural era of New Age religion were concretized due to late twentieth century possibilities of travel and immigration to and from Muslim societies and are now diffused through an explosion of cyber religion in an age of globalization This collection of in depth participant observation based studies challenges expectations of uniformity and continuity while provoking stimulating reflection on a range of issues relevant to contemporary Islamic Studies American religions multireligious belonging and new religious movements [The Ashgate Research Companion to Anthropology](#)

Andrew J. Strathern, 2016-03-03 This companion provides an indispensable overview of contemporary and classical issues in social and cultural anthropology Although anthropology has expanded greatly over time in terms of the diversity of topics in which its practitioners engage many of the broad themes and topics at the heart of anthropological thought remain perennially vital such as understanding order and change diversity and continuity and conflict and co operation in the reproduction of social life Bringing together leading scholars in the field the contributors to this volume provide us with thoughtful and fruitful ways of thinking about a number of contemporary and long standing arenas of work where both established and more recent researchers are engaged The companion begins by exploring classic topics such as Religion Rituals Language and Culture Violence and Gender This is

followed by a focus on current developments within the discipline including Human Rights Globalization and Diasporas and Cosmopolitanism It provides an interesting and challenging look at the state of current thinking in anthropology serving as a rich resource for scholars and students alike **Judaism, Christianity, and Islam** Amanullah De Soudy,Michelle A.

Gonzalez,William S. Green,2020-10-15 Judaism Christianity and Islam An Introduction to Monotheism shows how a shared monotheistic legacy frames and helps explain the commonalities and disagreements among Judaism Christianity and Islam and their significant denominations in the world today Taking a thematic approach and covering both historical and contemporary dimensions the authors discuss how contemporary geographic and cultural contexts shape the expression of monotheism in the three religions It covers differences between religious expressions in Israeli Judaism Latin American Christianity and British Islam Topics discussed include scripture creation covenant and identity ritual ethics peoplehood and community redemption salvation life after death gender sexuality and marriage This introductory text which contains over 30 images a map a timeline chapter afterthoughts and critical questions is written by three authors with extensive teaching experience each a specialist in one of the three monotheistic traditions *Islamophobia in Higher Education* Shafiqah Ahmadi,Darnell Cole,2023-07-03 While Islamophobia was present in our society before 9 11 it has become more pervasive in recent years This is evidenced by the current social and political climate hate speech and hate crimes directed at Muslims and the Supreme Court's upholding of Presidential Proclamation 645 that effectively bans Muslim immigration from coming to the U S What does this mean for Muslim students in college and indeed for institutions of higher education as they navigate law and policy on the one hand and adhere to their mission of achieving inclusive and equitable educational environments on the other Two thirds of Muslims in the U S are vexed with current policy and there has been an alarming increase in reports of bigotry and discrimination against them since the 2016 presidential elections The fear of Islam in general and Muslims specifically not only compels non Muslims to differentially treat Muslims but also trade some of their own civil rights and civil liberties under the guise of national security To address these issues institutions require a nuanced understanding of laws and policies that institutionalize Islamophobia and a greater understanding of the diverse college students that identify as Muslim This book fills what has been a dearth of research that explores the experiences and navigation of Muslim students in colleges and universities and addresses the even less studied domain of the experiences of Muslim students who hold multiple marginalized identities such as race ethnicity and LGBTQ status as well as the intersection of those identities that may create multiple burdens of oppression and discrimination This book begins by critically engaging with how current laws and policies institutionalize Islamophobia and affect the intersectionality and diversity within the Muslim community It includes multidisciplinary voices such as an international human rights attorney a civil rights attorney a criminal law attorney student affairs practitioners and research faculty whose work on this marginalized student population is traditionally not recognized within academic settings and brings the voices of female

Muslim scholars to the fore Each chapter includes a critical analysis of the literature a legal analysis when appropriate a set of recommendations for policy and practice and discussion questions

The Routledge Handbook of Islam and Gender Justine Howe, 2020-11-09 Given the intense political scrutiny of Islam and Muslims which often centres on gendered concerns The Routledge Handbook of Islam and Gender is an outstanding reference source to key topics problems and debates in this exciting subject Comprising over 30 chapters by a team of international contributors the Handbook is divided into seven parts Foundational texts in historical and contemporary contexts Sex sexuality and gender difference Gendered piety and authority Political and religious displacements Negotiating law ethics and normativity Vulnerability care and violence in Muslim families Representation commodification and popular culture These sections examine key debates and problems including feminist and queer approaches to the Qur'an hadith Islamic law and ethics Sufism devotional practice pilgrimage charity female religious authority global politics of feminism material and consumer culture masculinity fertility and the family sexuality sexual rights domestic violence marriage practices and gendered representations of Muslims in film and media The Routledge Handbook of Islam and Gender is essential reading for students and researchers in religious studies Islamic studies and gender studies The Handbook will also be very useful for those in related fields such as cultural studies area studies sociology anthropology and history

Youth Cultures in America Simon J. Bronner, Cindy Dell Clark, 2016-03-21 What are the components of youth cultures today This encyclopedia examines the facets of youth cultures and brings them to the forefront Although issues of youth culture are frequently cited in classrooms and public forums most encyclopedias of childhood and youth are devoted to history human development and society A limitation on the reference bookshelf is the restriction of youth to pre adolescence although issues of youth continue into young adulthood This encyclopedia addresses an academic audience of professors and students in childhood studies American studies and culture studies The authors span disciplines of psychology sociology anthropology history and folklore The Encyclopedia of Youth Cultures in America addresses a need for historical social and cultural information on a wide array of youth groups Such a reference work serves as a corrective to the narrow public view that young people are part of an amalgamated youth group or occupy malicious gangs and satanic cults Widespread reports of bullying school violence dominance of athletics over academics and changing demographics in the United States has drawn renewed attention to the changing cultural landscape of youth in and out of school to explain social and psychological problems
