Presenting Shakespeare 1100 Posters From Around The World:

Presenting Shakespeare Mirko Ilic, Steven Heller, 2015-10-20 A skull held aloft a lovesick donkey a bloodied dagger these familiar icons are instantly recognizable shorthand for the plays of William Shakespeare In the four hundred years since his death the Bard of Avon s exalted place in the pantheon of theater and poetry indeed all of Western culture is unequaled As Ben Jonson proclaimed Shakespeare is not of an age but for all time And just as centuries of theatrical artists have reimagined his works through the lens of their own time and culture so too have illustrators and designers been inspired to create posters that reinvent Shakespeare s well known themes for each new generation of theatergoers Presenting Shakespeare collects 1 100 posters for Shakespeare s plays designed by an international roster of artists representing 55 countries from Japan to Colombia India Russia Australia and beyond A fascinating trove of theatrical artifacts Presenting Shakespeare is a necessary volume for theater and design lovers alike

Shakespeare and Comics Jim Casey, Brandon Christopher, 2024-08-22 From their inception low culture comics have intersected with the high culture of Shakespeare This is the first book length collection dedicated entirely to the exploration of this collision Its chapters illuminate the ways in which different texts time periods politics authors media approaches and forms interact Ranging from Classic Comics to Marvel from tebeo to manga from independent to mainstream comics texts explored include Y The Last Man Neil Gaiman and Charles Vess s A Midsummer Night s Dream The Sandman 19 The League of Extraordinary Gentlemen I Am Alfonso Jones Marvel 1602 Doom 2099 and manga adaptations of The Tempest and Macbeth among many others As comic books and their big screen progeny dominate mainstream popular culture the association of Shakespeare with comics offers creators and critics tools with which to interrogate the place of Shakespeare within the English and global literary and cultural traditions Shakespeare and Comics argues that at a moment when the reassessment and reimagining of literary canons has become more urgent than ever thinking about Shakespeare through the lens of comics invites us to imagine a literary and cultural landscape in which so called great works exist alongside and in equal conversation with marginalized writers topics and forms
