River Girls Song Texas Spirit:

Singin' a Lonesome Song Gary Brown, 2001-01-25 Texas convicts and inmates have made the Texas prison system the most colorful in the world over the past 150 years T *Women in Texas Music* Kathleen Hudson, 2013-04-04 Across the state and across a wide variety of musical genres women are making their mark on Texas music Some have become international superstars while others are just starting to make their voices heard But every woman who goes out and plays her music proves that baring one's heart and soul takes courage and Texas women artists have a lot of courage as Lloyd Maines observes in the opening interview of this book To pay tribute to these dedicated musicians and to capture their unique perspectives on what it means to be a woman in the music business Kathleen Hudson has spent many years interviewing Texas women musicians for the Texas Heritage Music Foundation In *Women in Texas Music* Hudson lets us listen in on conversations with thirty nine musical artists including Emily Robison Terri Hendrix Lee Ann Womack Rosie Flores Betty Buckley Marcia Ball Lavelle White and Bobbie Nelson Hudson encourages and allows the women to tell their own stories as she delves into their life journeys creative processes and the importance of writing and performing music be it blues rock country folk jazz or pop The interviews are warm and open like good friends sharing the lessons that a life of playing music has taught them What emerges from this collection is a solid sense of the strength and integrity that women bring to and gain from Texas music Everyone who cares about music and culture in Texas will want to join the conversation **Lawmen of the Old West** Del Cain, 2001-01-16 Some of the law officers who served the West during the last half of the nineteenth century drifted from one side of the law to the other and sold their talents to whichever side offered the most advantage Others used their positions as cover for their criminal activities The lawmen in this book were serious offenders against the laws they had at one time sworn to uphold Their skills were honed in range wars and family feuds and polished along the cattle trails in the saloons and banks and on the trains of the West Some of them did good work enforcing the law when that was their job Others had equally successful careers on the other side of the law More than one kicked out their lives at the end of ropes strung up by citizens who were outraged by their abuse of the trust that went along with the badge they wore These are their stories **Woman of Power** ,1991 **American Folk Songs** Norman Cohen, 2008-09-30 This state by state collection of folksongs describes the history society culture and events characteristic of all fifty states Unlike all other state folksong collections this one does not focus on songs collected in the particular states but rather on songs concerning the life and times of the people of that state The topics range from the major historical events such as the Boston Tea Party the attack on Fort Sumter and the California Gold Rush to regionally important events such as disasters and murders labor problems occupational songs ethnic conflicts Some of the songs will be widely recognized such as Casey Jones Marching Through Georgia or Sweet Betsy from Pike Others less familiar have not been reprinted since their original publication but deserve to be studied because of what they tell about the people of these United States their loves labors and losses and their

responses to events The collection is organized by regions starting with New England and ending with the states bordering the Pacific Ocean and by states within each region For each state there are from four to fifteen songs presented with an average of 10 songs per state For each song a full text is reprinted followed by discussion of the song in its historical context References to available recordings and other versions are given Folksongs such as those discussed here are an important tool for historians and cultural historians because they sample experiences of the past at a different level from that of contemporary newspaper accounts and academic histories These songs in a sense are history writ small Includes Away Down East The Old Granite State Connecticut The Virginian Maid s Lament Carry Me Back to Old Virginny I m Going Back to North Carolina Shut up in Cold Creek Mine Ain t God Good to Iowa Dakota Land Dear Prairie Home Cheyenne Boys I m off for California and others *WomanSpirit* ,1982 The 1931-1940: American Film Institute Catalog of Motion Pictures Produced in the United States American Film Institute,1993 The entire field of film historians awaits the AFI volumes with eagerness Eileen Bowser Museum of Modern Art Film Department Comments on previous volumes The source of last resort for finding socially valuable films that received such scant attention that they seem lost until discovered in the AFI Catalog Thomas Cripps Endlessly absorbing as an excursion into cultural history and national memory Arthur Schlesinger Jr

Black Power Afterlives Diane Fujino,Matef Harmachis,2020-08-04 The first book to comprehensively examine how the Black Panther Party has directly shaped the practices and ideas that have animated grassroots activism in the decades since its decline *Black Power Afterlives* represents a major scholarly achievement as well as an important resource for today s activists Through its focus on the enduring impact of the Black Panther Party this volume expands the historiography of Black Power studies beyond the 1960s 70s and serves as a bridge between studies of the BPP during its organizational existence and studies of present day Black activism allowing today s readers and organizers to situate themselves in a long lineage of liberation movements **Power and Place in the North American West** Richard White,John M. Findlay,2012-09-01 Western historians continue to seek new ways of understanding the particular mixture of physical territory human actions outside influences and unique expectations that has made the North American West what it is today This collection of twelve essays tackles the subject of power and place from several angles Indians and non Indians race and gender environment and economy to gain insight into major forces at work during two centuries of western history The essays related to one another by their concern with how power is exercised in over and by western places cover a wide range of times and topics from 18th century Spanish New Mexico to 19th century British Columbia to 20th century Sun Valley and Los Angeles They encompass analyses of the concept and rhetoric of race theoretical speculations on gender and powerlessness and insights on the causes of current environmental crises Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954 ,2004
