Third Language Acquisition and Universal Grammar Yan-kit Ingrid Leung, 2009-01-01 This volume presents studies which approach the relatively new field of third language L3 acquisition from the generative linguistic perspective. It aims to bring together researchers who are interested in L3 acquisition and who are at the same time working within the generative framework, i.e. Chomsky's Universal Grammar (UG) approach to language acquisition. A total of nine contributions are included reporting research on L3 involving different combinations of source target languages and investigating various UG related properties. Third Language Acquisition in Adulthood Jennifer Cabrelli Amaro, Suzanne Flynn, Jason Rothman, 2012

Provides an overview of present trends in the study of adult additive multilingualism from formal psycholinguistic and sociolinguistic perspectives adding new insights into adult multilingual epistemology. This book includes critical reviews of L3 L1 morphosyntax, phonology and the lexicon. Third Language Learners Maria Pilar Safont Jordà, 2005-04-06

The book focuses on one aspect of foreign language acquisition that has not received much attention: that of the effect of bilingualism in the oral production of the English language learners. Two research areas have tackled this issue separately. On the one hand, third language acquisition researchers have analysed bilingualism effects in the acquisition of a third language. On the other hand, studies in interlanguage pragmatics have taken into account variables affecting the use of request acts by second language learners of English. The two research areas are connected in this volume as it deals with bilingualism effects in the pragmatic production and awareness of third language learners of English. The first part of the book includes a theoretical description of research conducted in the areas of third language acquisition and interlanguage pragmatics and the second part presents a detailed description of the empirical study carried out in a multilingual speech community. **Positive**
