Queering Reproduction Laura Mamo, 2007 Examines the medical social and legal dimensions of the use of assisted reproductive technologies by lesbian women *Queering Reproduction* Laura Mamo, 2007-09-03 Examines the medical social and legal dimensions of the use of assisted reproductive technologies by lesbian women **Queering Reproductive Justice** Candace Bond-Theriault, 2024-08-06 The futures of reproductive justice and LGBTQIA liberation are intimately connected Both movements were born out of the desire to love and build families of our choosing when and how we decide Both movements are rooted in broader social justice liberationist traditions that center the needs of Black and brown communities the LGBTQIA community gender nonconforming folks femmes poor folks parents and all those who have been forced to the margins of society Taking as its starting point the idea that we all have the human right to bodily autonomy to sexual health and pleasure and to exercise these rights with dignity Queering Reproductive Justice sets out to re envision the seemingly disparate strands of the reproductive justice and LGBTQIA movements and offer an invitation to reimagine these movements as one integrated vision of freedom for the future Candace Bond Theriault asserts that for reproductive justice to be truly successful we must acknowledge that members of the LGBTQIA community often face distinct specific and interlocking oppressions when it comes to these rights Family formation contraception needs and appropriate support from healthcare services are still poorly understood aspects of the LGBTQIA experience which often challenge mainstream notions of the nuclear family and the primacy of blood relatives Blending advocacy with a legal rights based framework Queering Reproductive Justice offers a unified path for attaining reproductive justice for LGBTQIA people Drawing on U S law and legislative history healthcare policy human rights and interviews with academics and activists Bond Theriault presents incisive new recommendations for queer reproductive justice theory organizing and advocacy This book offers readers an invitation to join the conversation and ultimately to join the movement to that is unapologetically queering reproductive justice **Queering Families** Tamara Lea Spira, 2025-04-08 Envisioning queer futures where we lovingly wager everything for the world s children the planet and all living beings against all odds and in increasingly precarious times Queering Families traces the shifting dominant meanings of queer family from the late twentieth century to today With this book Tamara Lea Spira highlights the growing embrace of normative family structures by LGBTQ movements calling into question how many queers once deemed unfit to parent have become contradictory agents within the US empire s racial and colonial agendas Simultaneously Queering Families celebrates the rich history of queer reproductive justice from the radical movements of the 1970s through the present led by Black decolonial and queer of color feminist activists Ultimately Spira argues that queering reproductive justice impels us to build communities of care to cherish and uphold the lives of those who defying normativity s violent stranglehold are deemed to be unworthy of life She issues the call to lovingly wager a future for the world s children the planet and all living beings against all odds and in increasingly perilous times Mothering

Queerly, Queering Motherhood Shelley M. Park, 2013-03-11 Bridging the gap between feminist studies of motherhood and queer theory *Mothering Queerly* *Queering Motherhood* articulates a provocative philosophy of queer kinship that need not be rooted in lesbian or gay sexual identities Working from an interdisciplinary framework that incorporates feminist philosophy and queer psychoanalytic poststructuralist and postcolonial theories Shelley M Park offers a powerful critique of an ideology she terms monomaterialism Despite widespread cultural insistence that every child should have one and only one real mother many contemporary family constellations do not fit this mandate Park highlights the negative consequences of this ideology and demonstrates how families created through open adoption same sex parenting divorce and plural marriage can be sites of resistance Drawing from personal experiences as both an adoptive and a biological mother and juxtaposing these autobiographical reflections with critical readings of cultural texts representing multi mother families Park advocates a new understanding of postmodern families as potentially queer coalitional assemblages held together by a mixture of affection and critical reflection premised on difference
