Natural Allies Womens Associations In American History Women In American History:

Natural Allies Anne Firor Scott, 1992 America's female benevolent societies took root in the 1790s. Initially founded on notions of Christian duty and hope of heavenly reward, these groups produced volunteers dedicated to providing aid to unfortunates in general and women and children in particular. Anne Firor Scott explores the history of these aid societies and how they allowed women to influence America's social agenda and make inroads into politics long before they could vote. Scott reveals how women from all corners of society took part, examines their changing role in the midst of tumultuous times, and during the rise of the welfare state assesses the overlooked accomplishment of black women's organizations from the early days of the republic and looks at the kinds of enduring community institutions women's organizations founded and maintained.

A Companion to American Women's History Nancy A. Hewitt, 2008-04-15 This collection of twenty-four original essays by leading scholars in American women's history highlights the most recent important scholarship on the key debates and future directions of this popular and contemporary field. Covers the breadth of American Women's history including the colonial family, marriage, health, sexuality, education, immigration, work, consumer culture, and feminism. Surveys and evaluates the best scholarship on every important era and topic. Includes expanded bibliography of titles to guide further research.

The Routledge Historical Atlas of Women in America Sandra Opdycke, 2014-07-10 Looking at general trends and specific items such as life in a tenement, women working overseas in World War I, the production of cosmetics in the 1920s, and new female immigration, this atlas portrays the history of American women from a vivid geographical and demographic perspective. In a variety of colorful maps and charts, this important new work documents milestones in the evolution of the social and political rights of women. Coverage includes the rise of reform movements such as temperance, women's suffrage, and abolition during the 19th century, and contraception, abortion rights, and the Equal Rights Amendment in the 20th. Also includes 50 color maps.

The Origins of Women's Activism Anne M. Boylan, 2003-10-15 Tracing the deep roots of women's activism in America, Anne Boylan explores the flourishing of women's volunteer associations in the decades following the Revolution. She examines the entire spectrum of early nineteenth-century women's groups: Protestant, Catholic, and Jewish; African American and white; middle and working class. To illuminate the ways in which race, religion, and class could bring women together in pursuit of common goals or drive them apart, Boylan interweaves analyses of more than seventy organizations in New York and Boston with the stories of the women who founded and led them. In so doing, she provides a new understanding of how these groups actually worked and how women's associations, especially those with evangelical Protestant leanings, helped define the gender system of the new republic. She also demonstrates as never before how women in leadership positions combined volunteer work with their family responsibilities, how they raised and invested the money their organizations needed, and how they gained and used political influence in an era when women's citizenship rights were tightly circumscribed.

Laughlin, Jacqueline Castledine, 2012-12-06 Breaking the Wave is the first anthology of original essays by both younger and established scholars that takes a long view of feminist activism by systematically examining the dynamics of movement persistence during moments of reaction and backlash Ranging from the civic feminism of white middle class organizers and the womanism of Harlem consumers in the immediate postwar period to the utopian feminism of Massachusetts lesbian softball league founders and environmentally minded feminists in the 1970s and 1980s Breaking the Wave documents a continuity of activism in both national and local organizing that creates a new discussion and a new paradigm for twentieth century women's history Contributors Jacqueline L. Castledine Susan K. Freeman Julie A. Gallagher Marcia Gallo Sally J. Kenney Rebecca M. Kluchin Kathleen A. Laughlin Lanethea Mathews Catherine E. Rymph Julia Sandy Bailey Jennifer A. Stevens Janet Weaver and Leandra Zarnow *Writing Women's History* Elizabeth Anne Payne, 2011-09-13 Contributions by Laura F. Edwards Crystal Feimster Glenda E. Gilmore Jacquelyn Dowd Hall Darlene Clark Hine Mary Kelley Markeeva Morgan Anne Firor Scott Laurel Thatcher Ulrich and Deborah Gray White Anne Firor Scott's *The Southern Lady From Pedestal to Politics 1830-1930* stirred a keen interest among historians in both the approach and message of her book Using women's diaries letters and other personal documents Scott brought to life southern women as wives and mothers as members of their communities and churches and as sometimes sassy but rarely passive agents She brilliantly demonstrated that the familiar dichotomies of the personal versus the public the private versus the civic which had

dominated traditional scholarship about men could not be made to fit women's lives. In doing so she helped to open up vast terrains of women's experiences for historical scholarship. This volume based on papers presented at the University of Mississippi's annual Chancellor Porter L. Fortune Symposium in Southern History brings together essays by scholars at the forefront of contemporary scholarship on American women's history. Each regards *The Southern Lady* as having shaped her historical perspective and inspired her choice of topics in important ways. These essays together demonstrate that the power of imagination and scholarly courage manifested in Scott's and other early American women historians' work has blossomed into a gracious plentitude.
