Dynamics in Logistics

Proceedings of the 7th International
Conference LDIC 2020, Bremen,
Germany

Online Dynamics Logistics Proceedings International Conference

Justine Melanie Broihan

Online Dynamics Logistics Proceedings International Conference:

Zeroing Dynamics, Gradient Dynamics, and Newton Iterations Yunong Zhang, Lin Xiao, Zhengli Xiao, Mingzhi Mao, 2018-10-09 Neural networks and neural dynamics are powerful approaches for the online solution of mathematical problems arising in many areas of science engineering and business Compared with conventional gradient neural networks that only deal with static problems of constant coefficient matrices and vectors the authors new method called zeroing dynamics solves time varying problems Zeroing Dynamics Gradient Dynamics and Newton Iterations is the first book that shows how to accurately and efficiently solve time varying problems in real time or online using continuous or discrete time zeroing dynamics The book brings together research in the developing fields of neural networks neural dynamics computer mathematics numerical algorithms time varying computation and optimization simulation and modeling analog and digital hardware and fractals The authors provide a comprehensive treatment of the theory of both static and dynamic neural networks Readers will discover how novel theoretical results have been successfully applied to many practical problems The authors develop analyze model simulate and compare zeroing dynamics models for the online solution of numerous time varying problems such as root finding nonlinear equation solving matrix inversion matrix square root finding quadratic optimization and inequality solving

Advances in Computational Intelligence in Transport, Logistics, and Supply Chain Management Andreas Fink, Franz Rothlauf, 2008 The book at hand presents a careful selection of relevant applications of CI methods for transport logistics and supply chain management problems The chapters illustrate the current state of the art in the application of CI methods in these fields and should help and inspire researchers and practitioners to apply and develop efficient methods A few contributions in this book are extended versions of papers presented at EvoTransLog2007 The First European Workshop on Evolutionary Computation in Transportation and Logistics which was held in Valencia Spain in 2007 The majority of contributions are from additional specially selected researchers who have done relevant work in different areas of transport logistics and supply chain management The goal is to broadly cover representative applications in these fields as well as different types of solution approaches On the application side the contributions focus on design of traffic and transportation networks vehicle routing and other important aspects of supply chain management such as inventory management lot sizing and lot scheduling On the method side the contributions deal with evolutionary algorithms local search approaches and scatter search combined with other CI techniques such as neural networks or fuzzy approaches The book is structured according to the application domains Thus it has three parts dealing with traffic and transportation networks vehicle routing and supply chain management

Dynamics in Logistics Michael Freitag, Herbert Kotzab, Nicole Megow, 2021-12-02 This open access book highlights the interdisciplinary aspects of logistics research Featuring empirical methodological and practice oriented articles it addresses the modelling planning optimization and control of processes Chiefly focusing on supply chains logistics networks production systems and systems and facilities

for material flows the respective contributions combine research on classical supply chain management digitalized business processes production engineering electrical engineering computer science and mathematical optimization To celebrate 25 years of interdisciplinary and collaborative research conducted at the Bremen Research Cluster for Dynamics in Logistics LogDynamics in this book hand picked experts currently or formerly affiliated with the Cluster provide retrospectives present cutting edge research and outline future research directions

Humanitarian and Relief Logistics Vasileios

Zeimpekis, Soumia Ichoua, Ioannis Minis, 2014-07-08 This edited volume highlights recent research advances in humanitarian relief logistics The contributed chapters span the spectrum of key issues and activities from preparedness to mitigation operations response planning and execution The volume also presents state of the art methods and systems through current case studies Significant issues in planning and execution of humanitarian relief logistics discussed in this volume include the following Approaches that tackle realistic relief distribution networks In addition to large scale computing issues heuristics may handle the complexity and particularities of humanitarian supply chains Methods that integrate real time information while effectively coping with time pressure and uncertainty both of which are inherent to a disaster scene Judicious recourse strategies that allow a quick and effective restoration of pre planned solutions whenever an unpredictable event occurs Coordination of multiple parties that are often involved in managing a disaster including NGOs local state and federal agencies This volume provides robust evidence that research in humanitarian logistics may lead to substantial improvements in effectiveness and efficiency of disaster relief operations This is quite encouraging since the unique characteristics of disaster scenes provide significant opportunities for researchers to investigate novel approaches contributing to logistics research while offering a significant service to society

Autonomic Road Transport Support Systems Thomas Leo

McCluskey, Apostolos Kotsialos, Jörg P. Müller, Franziska Klügl, Omer Rana, René Schumann, 2016-05-03 The work on Autonomic Road Transport Support ARTS presented here aims at meeting the challenge of engineering autonomic behavior in Intelligent Transportation Systems ITS by fusing research from the disciplines of traffic engineering and autonomic computing Ideas and techniques from leading edge artificial intelligence research have been adapted for ITS over the last 30 years Examples include adaptive control embedded in real time traffic control systems heuristic algorithms e g in SAT NAV systems image processing and computer vision e g in automated surveillance interpretation Autonomic computing which is inspired from the biological example of the body s autonomic nervous system is a more recent development It allows for a more efficient management of heterogeneous distributed computing systems In the area of computing autonomic systems are endowed with a number of properties that are generally referred to as self X properties including self configuration self healing self optimization self protection and more generally self management Some isolated examples of autonomic properties such as self adaptation have found their way into ITS technology and have already proved beneficial This edited volume provides a comprehensive introduction to Autonomic Road Transport Support ARTS and describes the development

of ARTS systems It starts out with the visions opportunities and challenges then presents the foundations of ARTS and the platforms and methods used and it closes with experiences from real world applications and prototypes of emerging applications This makes it suitable for researchers and practitioners in the fields of autonomic computing traffic and transport management and engineering AI and software engineering Graduate students will benefit from state of the art description the study of novel methods and the case studies provided

ECAI 2023 Kobi Gal,Ann Nowé,Grzegorz J. Nalepa,Roy Fairstein,Roxana Radulescu,2023-10-15 Artificial intelligence or AI now affects the day to day life of almost everyone on the planet and continues to be a perennial hot topic in the news This book presents the proceedings of ECAI 2023 the 26th European Conference on Artificial Intelligence and of PAIS 2023 the 12th Conference on Prestigious Applications of Intelligent Systems held from 30 September to 4 October 2023 and on 3 October 2023 respectively in Krak w Poland Since 1974 ECAI has been the premier venue for presenting AI research in Europe and this annual conference has become the place for researchers and practitioners of AI to discuss the latest trends and challenges in all subfields of AI and to demonstrate innovative applications and uses of advanced AI technology ECAI 2023 received 1896 submissions a record number of which 1691 were retained for review ultimately resulting in an acceptance rate of 23% The 390 papers included here cover topics including machine learning natural language processing multi agent systems and vision and knowledge representation and reasoning PAIS 2023 received 17 submissions of which 10 were accepted after a rigorous review process Those 10 papers cover topics ranging from fostering better working environments behavior modeling and citizen science to large language models and neuro symbolic applications and are also included here Presenting a comprehensive overview of current research and developments in AI the book will be of interest to all those working in the field

The Routledge Handbook of Maritime Management Photis M. Panayides,2019-04-30 This handbook provides a wide ranging coherent and systematic analysis of maritime management policy and strategy development It undertakes a comprehensive examination of the fields of management and policy making in shipping by bringing together chapters on key topics of seminal scientific and practical importance Within 21 original chapters authoritative experts describe and analyze concepts at the cutting edge of knowledge in shipping Themes include maritime management and policy ship finance port and maritime economics and maritime logistics A study examines the determinants of ship management fees Aspects of corporate governance in the shipping industry are reviewed and there is a critical review of the ship investment literature Other topics featured include the organization and management of tanker and dry bulk shipping companies environmental management in shipping with reference to energy efficient ship operation a study of the BIMCO Shipping KPI standard utilizing the Bunker Adjustment Factor as a strategic decision making instrument and slow steaming in the maritime industry All chapters are written to provide implications for further advancement in professional practice and research The Routledge Handbook of Maritime Management will be of great interest to relevant students researchers academics and professionals alike It provides

abundant opportunities to guide further research in the areas covered but will also initiate and inspire effective maritime management

Zeroing Neural Networks Lin Xiao,Lei Jia,2022-12-01 Zeroing Neural Networks Describes the theoretical and practical aspects of finite time ZNN methods for solving an array of computational problems Zeroing Neural Networks ZNN have become essential tools for solving discretized sensor driven time varying matrix problems in engineering control theory and on chip applications for robots Building on the original ZNN model finite time zeroing neural networks FTZNN enable efficient accurate and predictive real time computations Setting up discretized FTZNN algorithms for different time varying matrix problems requires distinct steps Zeroing Neural Networks provides in depth information on the finite time convergence of ZNN models in solving computational problems Divided into eight parts this comprehensive resource covers modeling methods theoretical analysis computer simulations nonlinear activation functions and more Each part focuses on a specific type of time varying computational problem such as the application of FTZNN to the Lyapunov equation linear matrix equation and matrix inversion Throughout the book tables explain the performance of different models while numerous illustrative examples clarify the advantages of each FTZNN method In addition the book Describes how to design analyze and apply FTZNN models for solving computational problems Presents multiple FTZNN models for solving time varying computational problems Details the noise tolerance of FTZNN models to maximize the adaptability of FTZNN models to complex environments Includes an introduction problem description design scheme theoretical analysis illustrative verification application and summary in every chapter Zeroing Neural Networks Finite time Convergence Design Analysis and Applications is an essential resource for scientists researchers academic lecturers and postgraduates in the field as well as a valuable reference for engineers and other practitioners working in neurocomputing and intelligent control

The Palgrave Handbook of Breakthrough Technologies in Contemporary Organisations Mahmoud Moussa,Adela McMurray,2025-03-08 This handbook traverses the broad spectrum of ICT management engaging readers to consider not only the beneficial transformations triggered by these technologies but also the organisational challenges they present From the disruption brought about by machine learning to the vast opportunities unleashed by the evolution of big data analytics to the revolution of financial technology FinTech this handbook offers a thorough and comprehensive journey through the landscape of ICT The focus is not solely on the breakthrough technologies themselves but the intricate patterns of their evolution adoption management and the subsequent ripples they create in the organisational fabric The handbook challenges current views provokes new insights and inspires a futuristic view of managing ICT in the ever evolving business landscape

Models and Algorithms for Designing Dynamic Inductive Charging Infrastructures on Airport Aprons Justine Melanie Broihan,2023-05-08 As global CO2 emissions continue to rise the need to limit global warming has become an increasingly critical scientific and political challenge The conversion of airport apron vehicles from combustion engines to electric drives is a promising technology in the aviation sector to reduce emissions However electric vehicles require longer

recharge times which can be overcome by implementing Dynamic Inductive Charging (DIC) technology. DIC enables charging while driving and provides vehicles with almost unlimited driving range. This book explores different approaches to optimizing the allocation of the required DIC infrastructure components by developing mathematical optimization models and algorithms.

Decoding **Online Dynamics Logistics Proceedings International Conference**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Online Dynamics Logistics Proceedings International Conference**," a mesmerizing literary creation penned with a celebrated wordsmith, readers attempt an enlightening odyssey, unraveling the intricate significance of language and its enduring affect our lives. In this appraisal, we shall explore the book is central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.

Online Dynamics Logistics Proceedings International Conference Introduction

Online Dynamics Logistics Proceedings International Conference Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Online Dynamics Logistics Proceedings International Conference Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Online Dynamics Logistics Proceedings International Conference : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Online Dynamics Logistics Proceedings International Conference : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Online Dynamics Logistics Proceedings International Conference Offers a diverse range of free eBooks across various genres. Online Dynamics Logistics Proceedings International Conference Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Online Dynamics Logistics Proceedings International Conference Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Online Dynamics Logistics Proceedings International Conference, especially related to Online Dynamics Logistics Proceedings International Conference, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Online Dynamics Logistics Proceedings International Conference, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Online Dynamics Logistics Proceedings International Conference books or magazines might include. Look for these in online stores or libraries. Remember that while Online Dynamics Logistics Proceedings International Conference, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow

sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Online Dynamics Logistics Proceedings International Conference eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Online Dynamics Logistics Proceedings International Conference full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Online Dynamics Logistics Proceedings International Conference eBooks, including some popular titles.

FAQs About Online Dynamics Logistics Proceedings International Conference Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Online Dynamics Logistics Proceedings International Conference is one of the best book in our library for free trial. We provide copy of Online Dynamics Logistics Proceedings International Conference in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Online Dynamics Logistics Proceedings International Conference. Where to download Online Dynamics Logistics Proceedings International Conference online for free? Are you looking for Online Dynamics Logistics Proceedings International Conference PDF? This is definitely going to save you time and cash in something you should think about.
