Perception Knowledge Question Importance Hutchings:

Hutchins' University William H. McNeill, 2010-02-15 The inauguration of Robert Maynard Hutchins as the fifth President of the University of Chicago in 1929 coincided with a drastically changed social and economic climate throughout the world And Hutchins himself opened an era of tumultuous reform and debate within the University In the midst of the changes Hutchins started and the intense feelings they stirred William H McNeill arrived at the University to pursue his education In Hutchins University he tells what it was like to come of age as a undergraduate in those heady times Hutchins scathing opposition to the departmentalization of learning and his resounding call for reforms in general education sparked controversy and fueled debate on campus and off It became a struggle for the heart and soul of higher education and McNeill as a student and then as an instructor was a participant His account of the university s history is laced with personal reminiscences encounters with influential fellow scholars such as Richard McKeon R S Crane and David Daiches and details drawn from Hutchins papers and other archives McNeill sketches the interplay of personalities with changing circumstances of the Depression war and postwar eras But his central concern is with the institutional life of the University showing how student behavior staff and faculty activity and even the Hyde Park neighborhood all revolved around the charismatic figure of Robert Maynard Hutchins shaped by him and in reaction against him Successive transformations of the College and the tribulations of the ideal of general or liberal education are central to much of the story but the memoir also explores how the University was affected by such events as Red scares the remarkably successful Round Table radio broadcasts the abolition of big time football and the inauguration of the nuclear age under the west stands of Stagg Field in 1942 In short Hutchins University sketches an extraordinarily vibrant period for the University of Chicago and for American higher education It will revive old controversies among veterans from those times and may provoke others to reflect anew about the proper role of higher education in American society **Robert M. Hutchins** Mary Ann Dzuback, 1991-11 As president of the University of Chicago from 1929 to 1951 Robert Maynard Hutchins came to be one of the most prominent and controversial figures in American higher education To this day his vision of what the university should be has given shape to twentieth century debates over the content and function of education in the United States In her critical biography the first to focus on Hutchins University of Chicago decades Mary Ann Dzuback gives a full and fascinating account of this complex man his development his achievements and failures and finally his legacy *Hutchins and His Critics, 1936-1953* Brian Alair Cole, 1976 SoTL Research Methodologies Michelle Yeo, Janice Miller-Young, Karen Manarin, 2023-11-08 Combining real examples with a roadmap of how to construct studies analyze results and share work this book serves as a primary research methodology text for the field of Scholarship of Teaching and Learning SoTL The volume seeks to explore key aspects of SoTL that are often missing in past frameworks research based ontologies epistemologies and ethical axiologies Chapters map out the expansive continuum of SoTL by detailing its history and key work while incorporating Indigenous perspectives

on pedagogy and research methodologies The text also features methods of qualitative and quantitative data generation essential for SoTL such as conducting interviews and focus groups procuring data through questionnaires and artifact observation and sharing results for dissemination in traditional and public scholarship A comprehensive guide for conducting SoTL research this book illustrates a broad array of contexts and a spectrum of research methodologies to expand enrich and support both novice and experienced SoTL practitioners and researchers in answering the contexts and questions at the heart of teaching and learning
