Percorsi di sociologia relazionale Paolo Terenzi, 2012 *Social Science, Philosophy and Theology in Dialogue* Pierpaolo Donati, Antonio Malo, Giulio Maspero, 2019-04-09 This volume explores the potential of employing a relational paradigm for the purposes of interdisciplinary exchange Bringing together scholars from the social sciences philosophy and theology it seeks to bridge the gap between subject areas by focusing on real phenomena Although these phenomena are studied by different disciplines the editors demonstrate that it is also possible to study them from a common relational perspective that connects the different languages theories and perspectives which characterize each discipline by going beyond their differences to the core of reality itself As an experimental collection that highlights the potential that exists for cross disciplinary work this volume will appeal to scholars across a range of field concerned with critical realist approaches to research collaborative work across subjects and the manner in which disciplines can offer one another new insights
