Peoples Capitalism The Economics Of The Robot Revolution:

Peoples' Capitalism James Sacra Albus,1976 People's Capitalism James S. Albus,1986-07-01 **Path to a Better World** James S. Albus,2011-11-28 Is it really possible to live in a world without deprivation or economic strife but instead with peace prosperity and better opportunities Path to a Better World proposes a practical plan that provides the means to make this dream a reality and all before the end of the twenty first century James Albus an engineer neuroscientist and international expert in robotics and intelligent systems begins by sharing his vision of an ideal world and contrasts that with the current reality After discussing the strengths and weaknesses of the current free market capitalist system Albus suggests an improved version of capitalization that has the potential to broaden the ownership of capital and stimulate significant economic growth Included is a review of our nations technical progress to date and a proposal that encourages future technological advances that possess the capabilities to propel the country into an unprecedented era of success Path to a Better World is a well researched informative guidebook that allows Americans to imagine a life under a new form of capitalism that has the potential to offer the people of this great nation domestic tranquility economic justice and the pursuit of happiness for not only ourselves but also our posterity **Creativity and the Global Knowledge Economy** Michael A. Peters,Simon Marginson,Peter Murphy,2009 This is a major work by three international scholars at the cutting edge of new research that investigates the emerging set of complex relationships between creativity design research higher education and knowledge capitalism It highlights the role of the creative and expressive arts of performance of aesthetics in general and the significant role of design as an underlying infrastructure for the creative economy This book tracks the most recent mutation of these serial shifts from postindustrial economy to the information economy to the digital economy to the knowledge economy to the creative economy to summarize the underlying and essential trends in knowledge capitalism and to investigate post market notions of open source public space The book hypothesizes that creative economy might constitute an enlargement of its predecessors that not only democratizes creativity and relativizes intellectual property law but also emphasizes the social conditions of creative work It documents how these profound shifts have brought to the forefront forms of knowledge production based on the commons and driven by ideas not profitability per se and have given rise to the notion of not just knowledge management but the design of creative institutions embodying new patterns of work **Monthly Labor Review** ,1982 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews **Habitats Tomorrow** Edward Cornish,1984-01-01 **Democratizing Finance** Marion Laboure,Nicolas Deffrennes,2022-04-05 Financial technology has made huge advances allowing more people worldwide to gain access to and benefit from banking insurance and credit But the democratization of finance is just starting Marion Laboure and Nicolas Deffrennes survey barriers to financial accessibility and foresee how financial innovation could impact the broader society *Converging Technologies for Improving Human Performance* Mihail C. Roco,William Sims
