Peoples Train Thomas Keneally:

The People's Train Thomas Keneally, 2012-09-27 Artem Samsurov a protégé of Lenin makes an extraordinary escape from Tsarist Russia to reach sanctuary in Australia but soon discovers that repression and injustice exist there too. Though distracted by an infatuation with a beautiful female lawyer he throws himself back into the socialist cause only to be imprisoned then accused of murdering an informer. But he never loses his belief that the revolution will come and in 1917 he returns to Russia alongside an Australian journalist to fight for it. Based on a true story Keneally's enthralling novel takes us to the heart of the Russian Revolution through the dramatic exploits of one inspiring man. Once again he illuminates a seismic period of history from an intimate unusual perspective as he captures the ideals and passions behind a movement that changed the world.

The People's Train Thomas Keneally, 2017-11-14 Artem Samsurov an ardent follower of Lenin and a hero of the rebellion flees his Siberian labor camp for the sanctuary of Brisbane Australia in 1911. Failing to find the worker's paradise and brotherhood he imagined, Artem quickly joins the agitation for a general strike among the growing trade union movement. He finds a fellow spirit in a dangerously attractive female lawyer and becomes entangled in the death of another Tsarist exile. But Artem can't overcome the corruption repression and injustice of the conservative Brisbane. When he returns to Russia in 1917 for the Red October will his beliefs stand. Based on the true story of Artem Sergeiv a Russian immigrant in Australia who would play a vital role in the Russian Revolution. The People's Train explores the hearts of the men and women who fueled compromised and passionately fought for their ideals.

Thomas Keneally's Career and the Literary Machine Paul Sharrad, 2019-08-30 Booker Prize winner and Living National Treasure Thomas Keneally still divides critical opinion: he is both a morally challenging stylist and a commercial hack, a wise commentator on society and a garrulous leprechaun. Such judgements are located in the cultural politics of Australia but also linked to ideas about what a literary career should look like. Thomas Keneally's Career and the Literary Machine charts Keneally's production and reception across his three major markets, noting clashes between national interests and international reach, continuity of themes and variety of topics, settings and genres, the writer's interests and the publishers' push to create a brand, celebrity fame and literary reputation, and the tussle around fiction, history, allegory and the middlebrow. Keneally is seen as playing a long game across several events rather than honing one specialist skill, a strategy that has sustained for more than 50 years his ambition to earn a living from writing.

Tolstoi: Art and Influence, 2023-01-23 Editors Robert Reid and Joe Andrew present eleven contributions by international scholars which highlight Tolstoi's influence on his contemporaries and posterity through his fiction and thought. A figure of Tolstoi's intellectual stature has naturally inspired an impressive range of responses. These encompass stage versions of his novels *War and Peace* and *Resurrection*, communes founded in his name and translations which have sought to capture the essence of his works for successive generations. Tolstoi is also compared in this volume with his contemporaries in chapters on Dostoevskii, Veselitskaia, Rozanov and Elizabeth Gaskell. The reader of this work will

Across the Seas Klaus Neumann, 2015-05-31 Today Australia's response to asylum seeking boat people is a hot button issue that feeds the political news cycle But the daily reports and political promises lack the historical context that would allow for informed debate Have we ever taken our fair share of refugees Have our past responses been motivated by humanitarian concerns or economic self interest Is the influx of boat people over the last fifteen years really unprecedented In this eloquent and informative book historian Klaus Neumann examines both government policy and public attitudes towards refugees and asylum seekers since Federation He places the Australian story in the context of global refugee movements and international responses to them Neumann examines many case studies including the resettlement of displaced persons from European refugee camps in the late 1940s and early 1950s and the panic generated by the arrival of Vietnamese asylum seekers during the 1977 federal election campaign By exploring the ways in which politicians have approached asylum seeker issues in the past Neumann aims to inspire more creative thinking about current refugee and asylum seeker policy Klaus Neumann has written a humane engrossing book imbued with the awareness that in telling the history of Australia one tells the story of immigration Immigrants always resisted always blasted by invective and ever essential to our society and polity show us ourselves through the heroic journeys of ancestors the recurrent frenzies of resistance right up to our present parlous state as the most supposedly tolerant intolerant society on earth But if you think you've read all this before you should know Neumann has brought to this book a novelty of approach a freshness of perception that means all the others have been mere preparation Tom Keneally A riveting book vast in scope and timely Arnold Zable *Across the Seas* is a call to remember to rethink and
