Perfect Nonprofit Boards:

Great Boards Plain & Simple : a Guidebook for Non-profit Managers & Board Members Paula J. MacLean, 2003

Global Best Practices for CSO, NGO, and Other Nonprofit Boards BoardSource, 2018-04-10 An ideal resource for boards everywhere There are at least 10 million Civil Society Organizations CSO s in the world each of them with a board composed of individuals doing their best to govern well and wisely There is no single model of governance to emulate but are there universal principles and practices that can help boards everywhere perform at the highest level This book takes us for a trip around the world to look at what is working for boards Its discoveries will help not only boards but also nonprofit staff leaders seeking to assist their boards to optimal performance and capacity builders looking to strengthen their civil society sector Even if your organizational concerns extend no further than city boundaries this book is for you One of the greatest governance challenges today is a lack of diversity on the board This can seriously hamper an organization s ability to realize mission and to understand and serve its community Reading this book will provide a greater understanding of how the cultural context affects governance and will sensitize the reader to different ways of thinking about governance Global Best Practices For CSO NGO and Other Nonprofit Boards presents case studies from different parts of the world that illustrate effective practice identifies and discusses interesting and significant differences and explores global governance trends with implications for us all Tests for universal truths about roles responsibilities and practices using criteria established by BoardSource the premier voice on nonprofit governance Provides information that builds exceptional nonprofit boards Discusses cultural differences in governance that will help all boards to better function in increasingly diverse environments Offers inspiration to NGO boards in any part of civil society Reflects on the future of governance worldwide If you re a capacity builder a board member or an executive leader looking for guidance on governance this is the book you ll want to have on hand

Great Boards for Small Groups Andy Robinson, 2006 Yours is a good board but you want it to be better You want clearly defined objectives Meetings with more focus Broader participation in fundraising And more follow through between meetings You want these and a dozen other tangibles and intangibles that will propel your board from good to great Say hello to your guide Andy Robinson who has a real knack for offering forehead slapping solutions Of course Why haven t we been doing this Take what he says about written agreements among board members Any meaningful job description must be reciprocal it defines what is expected of you but also what you can expect in return Example I accept fiduciary responsibility for the organization and will oversee its financial health and integrity By the same token I expect timely accurate and complete financial statements to be distributed at least quarterly one week in advance of the relevant board meeting In other words the board knows what to expect the staff knows what to do Each is accountable Simple right So why does the 10 item sample agreement Robinson provides seem so revolutionary Perhaps because so few people have tried an agreement like this Then there s what the author calls the Fundraising Menu Here board members are asked to generate a

list of all the ways direct and indirect they could assist in fundraising The list is prioritized and then used to help each trustee prepare a personalized fundraising agreement that meets his or her specific needs interests and limitations Again simple but it s the closest thing you ll find to guaranteeing a board s commitment to raising money Toward the end of his book in a number of How to Fix It chapters Robinson homes in on specific problems such as poorly attended meetings spotty follow through on commitments inactive board members narrow consensus conflicts of interest weak agendas and much more And Robinson doesn t offer up easy nostrums Quite the opposite Over the past 20 years as a board member a volunteer and a consultant he s put into practice what he preaches and stands unshakably behind his fog burning advice Great Boards for Small Groups contains 31 brief chapters In fact the whole book can be read in an hour Funny thing though its impact on those who heed its advice will last for years *The Nonprofit Manager's Resource Directory* Ronald A.
