Second Language Identities David Block:

Second Language Identities David Block, 2014-09-25 An examination of how identity is an issue in different second language learning contexts

Second Language Identities David Block, 2014-09-11 *Second Language Identities* examines how identity is an issue in different second language learning contexts It begins with a detailed presentation of what has become a popular approach to identity in the social sciences including applied linguistics today one that is inspired in poststructuralist thought and is associated with the work of authors such as Anthony Giddens Zygmunt Bauman Chris Weedon Judith Butler and Stuart Hall It then examines how in early SLA research focussing on affective variables identity was an issue lurking in the wings but not coming to centre stage Moving to the present the book then examines in detail and critiques recent research focussing on identity in three distinct second language learning contexts These contexts are 1 adult migration 2 foreign language classrooms and 3 study abroad programmes The book concludes with suggestions for future research focussing on identity in second language learning

Social Identities and Multiple Selves in Foreign Language Education Damian J. Rivers, Stephanie Ann Houghton, 2013-09-19 Describes the prototypical foreign language learner as a complex dynamic multiple and systemic construct

Variability and Stability in Foreign and Second Language Learning Contexts Liliana Piasecka, Ewa Piechurska-Kuciel, 2013-02-22 This book contains a wide spectrum of topics organized within a relatively fixed framework of Applied Linguistics theory and practice revolving around the concepts of stability and variability that capture the dynamic nature of the phenomena characterizing language learning and teaching The primary strength of individual chapters lies in the fact that the vast majority report original empirical studies carried out in diverse second foreign language learning contexts investigating interesting issues across various nationalities ages educational and professional groups of language learners and teachers The issues under scrutiny entail the classic recurrent topics related to language learning and teaching such as communicative competence input orality and literacy learner characteristics and strategies and teacher development to mention just a few In addition recent arrivals to borrow a marketing metaphor are also present as the authors consider learning and teaching implications resulting from the status of English as a language of international communication and discuss related concepts of intercultural competence along with language learners identity and creativity The multilingual and multicultural contributors to the present volume are researchers foreign and second language learners and teachers themselves who offer the reader a range of methodological designs that have been successfully used in Applied Linguistics research The framework of stability and variability suggests that changes leading to progress and development derive from stable foundations that account for the sense of continuity and belonging in applied linguists communities of practice

Korean Honorifics and Politeness in Second Language Learning Lucien Brown, 2011-04-14 This book investigates the ways that advanced speakers of Korean as a second language perceive use and learn the complexities of the Korean honorifics system Despite their advanced proficiency in Korean the

study shows that the honorifics use of these speakers diverges in crucial ways from native speaker norms It is argued that rather than reflecting the language competence of these speakers as such this usage is linked to questions of the identity of language learners and foreigners in Korean society In addition it shows the influence of conflicting ideologies regarding the meaning of politeness This argument is backed up by rich data collected through mixed methods discourse completion tests role plays natural interactions introspective interviews allowing for a detailed picture of how the honorifics use of second language speakers emerges in context The book concludes by discussing the implications of the study for politeness research interlanguage pragmatics and language pedagogy

Interculturality in International Education

Jane Jackson, 2018-05-15 This comprehensive volume provides a state of the art overview of the key issues and developments in study abroad research and practice with a specific focus on the intercultural and language learning dimensions of the study abroad experience Rather than looking at individual studies the book seeks to capture the full complexity of the language learning and intercultural dynamics of study abroad by exploring a wide range of topics of particular interest to study abroad researchers and practitioners including the role of individual differences identity reconstruction and interculturality the challenges of assessing learning outcomes and recent pedagogical interventions designed to enhance and extend language learning and engagement in these contexts The volume also takes a step back to look at future directions for study abroad research and offers innovative interventions in study abroad programming that emphasise its intercultural elements This book is an authoritative resource for study abroad scholars and researchers in such fields as intercultural communication applied linguistics sociolinguistics and language education

Reflections on Language Teacher Identity Research

Gary Barkhuizen, 2016-11-10 Reflections on Language Teacher Identity Research is the first book to present understandings of language teacher identity LTI from a broad range of research fields Drawing on their personal research experience 41 contributors locate LTI within their area of expertise by considering their conceptual understanding of LTI and the methodological approaches used to investigate it The chapters are narrative in nature and take the form of guided reflections within a common chapter structure with authors embedding their discussions within biographical accounts of their professional lives and research work Authors weave discussions of LTI into their own research biographies employing a personal reflective style This book also looks to future directions in LTI research with suggestions for research topics and methodological approaches This is an ideal resource for students and researchers interested in language teacher identity as well as language teaching and research more generally

Learning and Using Conversational Humor in a Second Language

Rachel Shively, 2018-06-11 This book examines the use of conversational humor in a second language in the context of study abroad Using a longitudinal design naturalistic interactions and a language socialization framework the study investigates the ways in which study abroad students develop in their production of humor in second language Spanish and discusses how those developments are the result of language learning processes grounded in social interaction

Blending Spaces Arnd Witte, 2014-10-09 This book comprehensively analyzes the development of interculturally blended third spaces by the second language learner beginning with the linguistic and sociocultural imprints of the first language and culture on the mind and culminating in the proposal of a phase model of the development of intercultural competence The foundational analysis of L1 mediated constructs is followed by an analysis of forms interaction concepts of identity and constructs of culture interculture thus shifting the object of analysis from the subjective to the intersubjective levels of construction and interaction The focus of the book is on the gradual development of interculturally blended third spaces in the mind of the learner as genuinely new bases for construction This book takes an interdisciplinary approach drawing on research in cultural psychology linguistic anthropology critical theory language acquisition and second language learning and shows how culture and interculture need to be emphasized as an integral part of second language learning

Decolonizing American Spanish Jeffrey Herlihy-Mera, 2022-10-04 Despite a pronounced shift away from Eurocentrism in Spanish and Hispanic studies departments in US universities many implicit and explicit vestiges of coloniality remain firmly in place While certain national and linguistic expressions are privileged others are silenced with predictable racial and gendered results Decolonizing American Spanish challenges not only the hegemony of Spain and its colonial pedagogies but also the characterization of Spanish as a foreign language in the United States By foregrounding Latin American cultures and local varieties of Spanish and reconceptualizing the foreign as domestic Jeffrey Herlihy Meraworks to create new conceptual maps revise inherited ones and institutionalize marginalized and silenced voices and their stories Considering the University of Puerto Rico as a point of context this book brings attention to how translingual solidarity and education a commitment to social transformation and the engagement of student voices in their own languages can reinvent colonized education
