contemplate or pray give thanks for the good things in your life You don't become healthy by becoming an expert on disease which for the most part is how medical doctors are trained You must become an expert on health We were made in God's image We are designed to fulfill our inner nature As God's children we were made to be everything our inner voice tells us that we can be This is the Truth of the physical universe over which God has given us dominion Forget opinions That's why now is the time for you to break free of them I've been where you are Confusion frustration harassment from your loved ones the death of a loved one a yearning inside passion eating at you fear everything I've been there But now is the time for you to free yourself of all the shackles that bind you The most important thing I see in you is the beautiful music your heart is making It's singing out in wonderful harmony It's so obvious You've got to listen to it You are as ready as you'll ever be to live your life as it was meant to be lived Go for it

WHY 40 DAYS In Biblical and spiritual terms the number 40 stands for a period of gestation of waiting of growth of cleansing and of the development of spirit During this period a soul desirous of enlightenment will find him or herself wandering in a spiritual wilderness and undergoing tests and trials on all planes of being For example During the Great Flood it rained for 40 days and 40 nights The Israelites wandered the desert for 40 years in search of the Promised Land Moses spent 40 days on Mount Sinai in commune with God After he was baptized Jesus spent 40 days meditating in the desert The Catholic Lent is for 40 days After the resurrection Jesus appeared to the apostles for 40 days Buddha sat for 40 days under a tree before achieving enlightenment The Archangel Gabriel first appeared to Mohammad when he was 40 years old A child lies some 40 weeks in the womb Strangely enough the author was 40 years old when he finished this book in 1998

to grow emerging brands and revitalize existing brands **Achieving Blackness** Algernon Austin,2006-04-10 Achieving Blackness offers an important examination of the complexities of race and ethnicity in the context of black nationalist movements in the United States By examining the rise of the Nation of Islam the Black Power Movement of the 1960s and 1970s and the Afrocentric era of the 1980s through 1990s Austin shows how theories of race have shaped ideas about the meaning of Blackness within different time periods of the twentieth century Achieving Blackness provides both a fascinating history of Blackness and a theoretically challenging understanding of race and ethnicity Austin traces how Blackness was defined by cultural ideas social practices and shared identities as well as shaped in response to the social and historical conditions at different moments in American history Analyzing black public opinion on black nationalism and its relationship with class Austin challenges the commonly held assumption that black nationalism is a lower class phenomenon In a refreshing and final move he makes a compelling argument for rethinking contemporary theories of race away from the current fascination with physical difference which he contends sweeps race back to its misconceived biological underpinnings Achieving Blackness is a wonderful contribution to the sociology of race and African American Studies
