Queen Elizabeth I Selected Works Folger Shakespeare Library:

Queen Elizabeth I Elizabeth I (Queen of England), 2004 An impeccably researched collection of the public and private writings of the great British monarch Queen Elizabeth I was one of the most charismatic of English sovereigns and one of the most prolific While her more famous public speeches are familiar to some many of her private writings have never before been printed or made accessible Now for the first time a generous selection of her poetry speeches essays letters prayers and translations is being made available to a popular audience From a poem written in charcoal on a wall at Woodstock Palace by the twenty two year old imprisoned princess to the speech the thirty year old queen gave in response to parliamentary pressure that she marry to the fascinating letters sent to her emissaries as they conducted the kingdom s business this collection of the selected writings of Elizabeth I is a privileged glimpse into the mind of one of the most compelling rulers of the Western world Authenticity was a guiding principle in the selection of these readings This volume grew out of the many manuscript texts of Elizabeth s works Professor Steven W May discovered while preparing the Bibliography and First Line Index of English Verse a twelve year research project that took him to more than 100 manuscript archives in this country and the United Kingdom The anthology offers a broad selection of Queen Elizabeth s works and includes the most authentic and interesting English texts that survive in her handwriting Her written words reveal not only Elizabeth s political and psychological insight but her literary gifts as well The texts presented in modern spelling and set forth in their historical context are accompanied by extensive explanatory notes and introductory material An impressive collection of rare documents presented with abundant commentary and full explanatory notes as well as an informative introduction providing helpful background on Elizabeth s life and letters

Complete Writings Isotta Nogarola, 2007-11-01 Renowned in her day for her scholarship and eloquence Isotta Nogarola 1418-66 remained one of the most famous women of the Italian Renaissance for centuries after her death And because she was one of the first women to carve out a place for herself in the male dominated republic of letters Nogarola served as a crucial role model for generations of aspiring female artists and writers This volume presents English translations of all of Nogarola s extant works and highlights just how daring and original her convictions were In her letters and orations Nogarola elegantly synthesized Greco Roman thought with biblical teachings And striding across the stage in public she lectured the Veronese citizenry on everything from history and religion to politics and morality But the most influential of Nogarola s works was a performance piece Dialogue on Adam and Eve in which she discussed the relative sinfulness of Adam and Eve thereby opening up a centuries long debate in Europe on gender and the nature of woman and establishing herself as an important figure in Western intellectual history This book will be a must read for teachers and students of Women s Studies as well as of Renaissance literature and history

Elizabeth I's Foreign Correspondence C. Bajetta, G. Coatalen, J. Gibson, 2016-04-30 Though Elizabeth I never left England she wrote extensively to correspondents abroad and these letters were of central importance to the politics of the period This volume

presents the findings of a major international research project on this correspondence including newly edited translations of 15 of Elizabeth's letters in foreign languages

The Correspondence between Princess Elisabeth of Bohemia and René Descartes Princess Elisabeth of Bohemia, René Descartes, 2007-11-01 Between the years 1643 and 1649 Princess Elisabeth of Bohemia 1618-80 and René Descartes 1596-1650 exchanged fifty-eight letters: thirty-two from Descartes and twenty-six from Elisabeth. Their correspondence contains the only known extant philosophical writings by Elisabeth, revealing her mastery of metaphysics, analytic geometry, and moral philosophy, as well as her keen interest in natural philosophy. The letters are essential reading for anyone interested in Descartes's philosophy, in particular his account of the human being as a union of mind and body, as well as his ethics. They also provide a unique insight into the character of their authors and the way ideas develop through intellectual collaboration. Philosophers have long been familiar with Descartes's side of the correspondence. Now Elisabeth's letters, never before available in translation, in their entirety emerge in this volume, adding much-needed context and depth both to Descartes's ideas and the legacy of the princess.

Lisa Shapiro's annotated edition, which also includes Elisabeth's correspondence with the Quakers William Penn and Robert Barclay, will be heralded by students of philosophy, feminist theorists, and historians of the early modern period.

Selected Writings Marguerite de Navarre, 2008-11-15 Marguerite de Navarre 1492-1549 was the sister and wife to kings and a pivotal influence in sixteenth-century France. An astute politician and diligent humanist, she was a champion of gender equality and the evangelical reform movement, which recognized that the clergy was more concerned with maintaining the church's power than ministering to the faithful. As the years passed and the glitter of life at court waned, however, Marguerite came to realize her true vocation: writing. *Selected Writings* brings together a representative sampling of Marguerite's varied writings, most of it never before translated into English, enabling Anglophone readers to enjoy the full breadth of her work for the first time. From verse letters and fables to mythological pastoral tales, from spiritual songs to a selection of novellas from the *Heptameron*, the wide range of works included here will reveal Marguerite de Navarre to be one of the most important writers, male or female, of sixteenth-century France.

Selected Writings of an Eighteenth-Century Venetian Woman of Letters Elisabetta Caminer Turra, 2007-11-01 Elisabetta Caminer Turra 1751-96 was one of the most prominent women in eighteenth-century Italy and a central figure in the international Republic of Letters. A journalist and publisher, Caminer participated in important debates on capital punishment, freedom of the press, and the abuse of clerical power. She also helped spread Enlightenment ideas into Italy by promoting and publishing Voltaire's latest works and translating new European plays; plays she herself directed to great applause on Venetian stages. Bringing together Caminer's letters, poems, and journalistic writings, nearly all published for the first time here, *Selected Writings* offers readers an intellectual biography of this remarkable figure, as well as a glimpse into her intimate correspondence with the most prominent thinkers of her day. But more important, *Selected Writings* provides insight into the passion that animated Caminer's fervent reflections on the complex and shifting condition of women.

in her society the same passion that pushed her to succeed in the male dominated literary professions A Handbook of Editing Early Modern Texts Claire Loffman, Harriet Phillips, 2017-07-20 A Handbook of Editing Early Modern Texts provides a series of answers written by more than forty editors of diverse texts addressing the how to s of completing an excellent scholarly edition The Handbook is primarily a practical guide rather than a theoretical forum it airs common problems and offers a number of solutions to help a range of interested readers from the lone editor of an unedited document through to the established academic planning a team enterprise multi volume re editing of a canonical author Explicitly this Handbook does not aim to produce a linear treatise telling its readers how they should edit Instead it provides them with a thematically ordered collection of insights drawn from the practical experiences of a symposium of editors Many implicit areas of consensus on good practice in editing are recorded here but there are also areas of legitimate disagreement to be charted The Handbook draws together a diverse range of first person narratives detailing the approaches taken by different editors with their accompanying rationales and evaluations of the benefits and problems of their chosen methods The collection s aim is to help readers to read modern editions more sensitively and to make better informed decisions in their own editorial projects **Jewish Poet and Intellectual in Seventeenth-Century Venice** Sarra Copia Sulam, 2009-11-15 The first Jewish woman to leave her mark as a writer and intellectual Sarra Copia Sulam 1600-41 was doubly tainted in the eyes of early modern society by her religion and her gender This remarkable woman who until now has been relatively neglected by modern scholarship was a unique figure in Italian cultural life opening her home in the Venetian ghetto to Jews and Christians alike as a literary salon For this bilingual edition Don Harr n has collected all of Sulam s previously scattered writings letters sonnets a Manifesto into a single volume Harr n has also assembled all extant correspondence and poetry that was addressed to Sulam as well as all known contemporary references to her making them available to Anglophone readers for the first time Featuring rich biographical and historical notes that place Sulam in her cultural context this volume will provide readers with insight into the thought and creativity of a woman who dared to express herself in the male dominated overwhelmingly Catholic Venice of her time Approaches to Teaching Shakespeare's English History Plays Laurie Ellinghausen, 2017-06-01 Offers pedagogical techniques for teaching Shakespeare s English history plays in the college classroom including considerations of historiography digital archives political rhetoric gender ecocriticism masculinity maps authority and legitimacy performance and composition Includes information on editions reference works biographies and online resources Gives syllabus suggestions for undergraduate and graduate courses **Enrico; or, Byzantium Conquered** Lucrezia Marinella, 2009-09-15 Lucrezia Marinella 1571-1653 is by all accounts a phenomenon in early modernity a woman who wrote and published in many genres whose fame shone brightly within and outside her native Venice and whose voice is simultaneously original and reflective of her time and culture In Enrico or Byzantium Conquered one of the most ambitious and rewarding of her numerous narrative works Marinella demonstrates her skill as an epic poet

Now available for the first time in English translation Enrico retells the story of the conquest of Byzantium in the Fourth Crusade 1202 04 Marinella intersperses historical events in her account of the invasion with numerous invented episodes drawing on the rich imaginative legacy of the chivalric romance Fast moving colorful and narrated with the zest that characterizes Marinella s other works this poem is a great example of a woman engaging critically with a quintessentially masculine form and subject matter writing in a genre in which the work of women poets was typically shunned
