Queer Brown Voices Personal Narratives Of Latinoa Lgbt Activism:

Queer Brown Voices Uriel Quesada, Letitia Gomez, Salvador Vidal-Ortiz, 2015-09-01 In the last three decades of the twentieth century LGBT Latinas/os faced several forms of discrimination. The greater Latino community did not often accept sexual minorities and the mainstream LGBT movement expected everyone regardless of their ethnic and racial background to adhere to a specific set of priorities so as to accommodate a unified agenda. To disrupt the cycle of sexism, racism and homophobia that they experienced, LGBT Latinas/os organized themselves on local, state and national levels forming communities in which they could fight for equal rights while simultaneously staying true to both their ethnic and sexual identities. Yet histories of LGBT activism in the 1970s, 1980s and 1990s often reduce the role that Latinas/os played, resulting in misinformation or ignore their work entirely, erasing them from history. Queer Brown Voices is the first book published to counter this trend, documenting the efforts of some of these LGBT Latina/o activists. Comprising essays and oral history interviews that present the experiences of fourteen activists across the United States and in Puerto Rico, the book offers a new perspective on the history of LGBT mobilization and activism. The activists discuss subjects that shed light not only on the organizations they helped to create and operate but also on their broad ranging experiences of being racialized and discriminated against, fighting for access to health care during the HIV/AIDS epidemic and struggling for awareness.

Brown and Gay in LA Anthony Christian Ocampo, 2023-09-05 Co Winner of the 2023 Latino a Section Best Book Award given by the American Sociological Association, Honorable Mention 2024 Best Book Award given by the Asia and Asian America section of the American Sociological Association. The stories of second generation immigrant gay men coming of age in Los Angeles. Growing up in the shadow of Hollywood, the gay sons of immigrants featured in Brown and Gay in LA could not have felt further removed from a world where queerness was accepted and celebrated. Instead, the men profiled here maneuver through family and friendship circles where masculinity dominates, gay sexuality is unspoken and heterosexuality is strictly enforced. For these men, the path to sexual freedom often involves chasing the dreams while resisting the expectations of their immigrant parents and finding community in each other. Ocampo also details his own story of reconciling his queer Filipino American identity and those of men like him. He shows what it was like for these young men to grow up gay in an immigrant family, to be the one gay person in their school and ethnic community and to be a person of color in predominantly White gay spaces. Brown and Gay in LA is an homage to second generation gay men and their radical redefinition of what it means to be gay, to be a man, to be a person of color and ultimately what it means to be an American.

Her Neighbor's Wife Lauren Jae Gutterman, 2019-10-04 At first glance Barbara Kalish fit the stereotype of a 1950s wife and mother Married at eighteen Barbara lived with her husband and two daughters in a California suburb where she was president of the Parent Teacher Association At a PTA training conference in San Francisco Barbara met Pearl another PTA president who also had two children and happened to live only a few blocks away from her To Barbara Pearl was the most gorgeous woman in the world and the two began an affair that lasted over a decade Through interviews diaries memoirs and letters *Her Neighbor's Wife* traces the stories of hundreds of women like Barbara Kalish who struggled to balance marriage and same sex desire in the postwar United States In doing so Lauren Jae Gutterman draws our attention away from the postwar landscape of urban gay bars and into the homes of married women who tended to engage in affairs with wives and mothers they met in the context of their daily lives through work at church or in their neighborhoods In the late 1960s and 1970s the lesbian feminist movement and the no fault divorce revolution transformed the lives of wives who desired women Women could now choose to divorce their husbands in order to lead openly lesbian or bisexual lives increasingly however

these women were confronted by hostile state discrimination typically in legal battles over child custody Well into the 1980s many women remained ambivalent about divorce and resistant to labeling themselves as lesbian therefore complicating a simple interpretation of their lives and relationship choices By revealing the extent to which marriage has historically permitted space for wives relationships with other women Her Neighbor s Wife calls into question the presumed straightness of traditional American marriage Reimagining Academic Activism Ruth Weatherall,2023-05-09 Based on deep ethnographic research this book explores new practices and ideas about activism in the fight against social inequality
