ABOUT HOW OUR PUBLIC EDUCATION SYSTEM SCORNS SO MANY OF OUR
CHILDREN." —ANDREW HACKER, *NEW YORK TIMES BOOK REVIEW*

Quicklet On Jonathan Kozols Savage Inequalities Children In Americas Schools

Deborah Gordon

Quicklet On Jonathan Kozols Savage Inequalities Children In Americas Schools:

Quicklet on Jonathan Kozol's Savage Inequalities: Children in America's Schools Deborah Gordon, 2012-03-14

ABOUT THE BOOK Raw sewage and jail may not be the first words that come to mind in terms of what might be found in a treatise on public school funding Yet these terms along with privilege poverty racism injustice wealth and equity inequity sum up the major themes of *Savage Inequalities Children in America's Schools* one of nearly a dozen books about the state of American public school education by Jonathan Kozol The book was researched and written in the late 1980s and published in 1991 as the seventh in Kozol's ongoing critique of the myriad failures of education of American children particularly children born into poverty *Savage Inequalities* focuses on funding disparities between urban schools in the North South East and Midwest regions of the USA and the lifetime impact these disparities have on the students the teachers and the communities These factors almost ensure to use Kozol's phrasing that the generals children will have the option and implied likelihood of becoming generals and the soldiers children will only become soldiers and only if they survive their public school experience Kozol a former teacher and writer spent nearly three years traveling around the United States visiting public schools and talking with then current and former students teachers principals district administrators and students families He observed classes and describes often in painful detail the facilities and the communities in the school He enumerates again and again throughout the book about the canyon sized gaps in per pupil spending between schools and districts that serve the children of the wealthy who are most often white and those that serve the children of the poor who are most often black and Latino Although a school serving Appalachian children is also included among the under served

MEET THE AUTHOR Deborah is a lifelong writer non violence activist artist voracious reader public school teacher and world traveler and practical optimist She lives by Thoreau's epigrammatic suggestion Go confidently in the direction of your dreams Live the life you have imagined After growing up in a suburb of New York City she moved to the San Francisco Bay Area where she has lived since 1977 By day Deborah teaches high school in Oakland and when not at school she makes it a point to enjoy the moveable feast with apologies to Hemingway offered up here every day She attended San Francisco State and Cal State East Bay Hayward which resulted in degrees in art and education as well as a couple of teaching credentials

EXCERPT FROM THE BOOK *Savage Inequalities Children in America's Schools* is a book about numbers more than about children However children's voices as well as the voices of other school staff are heard throughout But the numbers are the foundation of the story numbers of dollars spent in wealthy districts the smaller number spent in poor districts numbers of students in classes tax rates high school dropout rates test scores teacher salaries attrition rate of teachers percentages of graduates and non graduates the size of the senior class vs the freshman class length of tenure of school principals and superintendents rates of teen age pregnancies But most often repeated figure is the amount of funding per pupil here as opposed to there and the resultant regrettable conditions that follow As Kozol travels from East St Louis to Chicago from Philadelphia to New York

City from Camden New Jersey to Detroit from San Antonio to Washington D C the portrait of schools serving predominantly exclusively African American and Latino children is a bleak and heart breaking He portrays school buildings whose walls are literally crumbling scores of classrooms without teachers classes without classrooms and resources so inadequate that there are not even enough texts for each student to have during class [Savage Inequalities](#) Jonathan Kozol,1991 National Book Award winning author Jonathan Kozol presents his shocking account of the American educational system in this stunning New York Times bestseller which has sold more than 250 000 hardcover copies *Savage Inequalities* Jonathan Kozol,1998-12-31 In 1988 Kozol visited schools in over 30 neighborhoods including East St Louis Harlem the Bronx Chicago Jersey City and San Antonio In this account he concludes that real integration has seriously declined and education for minorities and the poor has moved backwards by at least several decades Libr J Jonathan Kozol has written an impassioned book laced with anger and indignation about how our public education system scorns so many of our children *Savage Inequalities* is also an important book and warrants widespread attention NY Times Book Rev **An End to Inequality** Jonathan Kozol,2024-03-12 An unapologetic cri de coeur New York Times from the esteemed educator and bestselling author The legendary reformer s last stand against school inequality Education Next In 1967 Jonathan Kozol s Death at an Early Age shook the education world exposing the abuse and neglect of Black children in Boston s public schools in a National Book Award winning volume Now after more than fifty years spent visiting struggling unequal schools the author that Entertainment Weekly calls a classic American muckraker with an eloquent prose style has given us a book that Bob Peterson of Rethinking Schools deems Kozol at his best Available for the first time in an accessible paperback format this powerful and provocative cutting edge analysis Iv n Espinoza Madrigal executive director Lawyers for Civil Rights highlights the ongoing racial isolation in America s public schools compounded by rigid punitive teaching methods From the award winning educator who WBUR radio says has spent his life devoted to exposing the harms of segregation and telling the stories of those most impacted by inequality *An End to Inequality* is called jolting by Ralph Nader and Charlayne Hunter Gault says Kozol s voice remains fresh as ever **The Shame of the Nation** Jonathan Kozol,2005-09-13 The nation needs to be confronted with the crime that we re committing and the promises we are betraying This is a book about betrayal of the young who have no power to defend themselves It is not intended to make readers comfortable Over the past several years Jonathan Kozol has visited nearly 60 public schools Virtually everywhere he finds that conditions have grown worse for inner city children in the 15 years since federal courts began dismantling the landmark ruling in *Brown v Board of Education* First a state of nearly absolute apartheid now prevails in thousands of our schools The segregation of black children has reverted to a level that the nation has not seen since 1968 Few of the students in these schools know white children any longer Second a protomilitary form of discipline has now emerged modeled on stick and carrot methods of behavioral control traditionally used in prisons but targeted exclusively at black and Hispanic children And third as high stakes testing takes on

pathological and punitive dimensions liberal education in our inner city schools has been increasingly replaced by culturally barren and robotic methods of instruction that would be rejected out of hand by schools that serve the mainstream of society Filled with the passionate voices of children and their teachers and some of the most revered and trusted leaders in the black community The Shame of the Nation is a triumph of firsthand reporting that pays tribute to those undefeated educators who persist against the odds but directly challenges the chilling practices now being forced upon our urban systems by the Bush administration In their place Kozol offers a humane dramatic challenge to our nation to fulfill at last the promise made some 50 years ago to all our youngest citizens From The Shame of the Nation I went to Washington to challenge the soft bigotry of low expectations the president said in his campaign for reelection in September 2004 It s working It s making a difference It is one of those deadly lies which by sheer repetition is at length accepted by large numbers of Americans as perhaps a rough approximation of the truth But it is not the truth and it is not an innocent misstatement of the facts It is a devious appeasement of the heartache of the parents of the poor and if it is not forcefully resisted and denounced it is going to lead our nation even further in a perilous direction Also available as a Random House AudioBook and an eBook **Special Issue: Jonathan Kozol's Savage Inequalities** Sue Books,2006 END TO INEQUALITY JONATHAN. KOZOL,2025

Yeah, reviewing a ebook **Quicklet On Jonathan Kozols Savage Inequalities Children In Americas Schools** could mount up your near associates listings. This is just one of the solutions for you to be successful. As understood, endowment does not recommend that you have fabulous points.

Comprehending as without difficulty as pact even more than further will find the money for each success. adjacent to, the broadcast as skillfully as sharpness of this Quicklet On Jonathan Kozols Savage Inequalities Children In Americas Schools can be taken as with ease as picked to act.
