**The Commercial Real Estate Revolution** Rex Miller, Dean Strombom, Mark Iammarino, Bill Black, 2009-07-08 As it currently operates the commercial real estate construction industry is a disaster full of built in waste Seventy percent of all projects end over budget and late The buildingSMART Alliance estimates that up to fifty percent of the process is consumed in waste Almost every project includes massive hidden taxes in the form of delays cost overruns poor quality and work that has to be redone Building new structures is a fragmented adversarial process that commonly results in dissatisfied customers and frequently ends in disappointment bitterness and even litigation The industry must change for its own good and that of its customers But while the industry has tried to reform itself it can t do it alone Real change can only come from business owners and executives who refuse to continue paying for a dysfunctional system and demand a new way of doing business The Commercial Real Estate Revolution is a bold manifesto for change from the Mindshift consortium a group of top commercial real estate industry leaders who are fed up with a system that simply doesn t work The book explains how business leaders can implement nine principles for any project that will dramatically cut costs end delays create better buildings and force the industry into real reform The Commercial Real

Estate Revolution offers a radically new way of doing business a beginning to end trust based methodology that transforms the building process from top to bottom Based on unifying principles and a common framework that meets the needs of all stakeholders this new system can reform and remake commercial construction into an industry we re proud to be a part of If you re one of the millions of hardcore cynics who work in commercial construction you probably think this sounds like pie in the sky But this is no magic bullet it s a call for real reform If you re an industry professional who s sick of letting down clients or an owner who s sick of cost overruns and endless delays The Commercial Real Estate Revolution offers a blueprint for fixing a broken industry      Urban and Regional Data Management Alenka Krek,Massimo Rumor,Sisi Zlatanova,Elfriede M. Fendel,2009-06-02 Natural and human activities change the environment we are living in and consequently impact the quality of life Analysing these dynamics leads to a better understanding of urban change and facilitates urban development Research related to the management of urban data has a long tradition Through the years a variety of challenging research quest
