Modern Economic Regulation An Introduction To Theory And Practice:

Modern Economic Regulation Christopher Decker, 2023-06-08 Brings economic regulation to life by tracing theoretical insights through to real world applications in eight essential regulated sectors Modern Economic Regulation Christopher Decker, 2014-10-30 Drawing from the most recent work on economic regulation this book introduces readers to the main principles and examines how economic regulation is applied in four key public utility industries electricity gas water and telecommunications Written for students and practitioners with little prior knowledge of economic regulation this is an accessible non technical entry point to the subject area exploring the fundamental questions Why do we regulate What are alternatives to regulation Which institutions are involved in regulation What have been the impacts of regulation Readers will gain a clear understanding of the basic principles that apply to all regulated sectors as well as the regulatory choices that reflect the specific economic and physical characteristics of different industries Case studies demonstrate connections between regulatory theory and practice and extensive references provide readers with resources for more in depth study

The New Horizon of China's Economic Law Theory Shouwen Zhang, 2020-10-26 This book presents the development and reformation of economic law in China and explores the three relationships between the government and market between reform and rule of law and between the constitution and economic law On this basis it subsequently focuses on development theory distribution theory risk theory and crisis theory Further it addresses effective development fair distribution and prevention and resolution of related risks and crises which are important functions of economic law In order to achieve the above functions and objectives the book argues we must vigorously promote the integration of rule of law in economic law and constantly refine the theory of economic rule of law employed in China The book demonstrates that no matter how the three major relationships are adjusted or the relevant systems are reformed i e regarding the implementation of the concept of coordinated development or the optimization of economic structures the solution of distribution problems or the improvement of distribution systems the prevention of risks or the response to crises any such changes depend on economic rule of law The above mentioned theoretical discussion presents a new horizon of contemporary Chinese economic law theory which will be of great value to the future development of economic law theory Renewable Energy Law in Sub-Saharan Africa Nana Asare Obeng-Darko, 2024-06-03 This book contributes to the broader discussion on the development of renewable energy sources for a clean and sustainable energy to drive sustainable growth energy security and sustainable development Focusing on sub Sahara African perspectives with Ghana as the central case study this book focuses on how regulatory regimes can be designed to achieve renewable energy targets for electricity production Exploring the regulatory rationales behind the government's intervention in the Ghanaian renewable energy sector it examines whether the regulatory measures adopted by the Ghanaian government are sufficient to attract adequate investment to meet renewable energy integration targets Assessing the regulatory frameworks of the renewable energy sectors of The Gambia and Nigeria the

book compares these countries to the regulatory approaches to renewable energy development in Ghana Arguing that there are significant regulatory issues impeding renewable energy development in Ghana with wider consequences across sub Saharan Africa the book suggests solutions which can establish a robust and an effective regulatory framework to achieve renewable energy developmental targets A comprehensive read this volume will appeal to scholars and researchers of sustainable development law and legal studies environmental laws development economics applied industrial economics energy security African economy public policy and regulatory policy It will also be of interest to professionals and practitioners in policy circles and research think tanks
